## NOTES:

1. No lot shall be occupied until the structure is connected to the City of Austin water and wastewater utility system.
2. All water and wastewater improvements must be in accordance with City of Austin water and wastewater design criteria and specifications. All plans must be presented to the City of Austin Water and Wastewater Utility Department for review and approval. All construction must be inspected by the City of Austin.
3. Building Setback Lines shall be in conformance with the City of Austin Zoning ordinance requirements.
4. The owner of this subdivision, and his or her successors and assigns, assumes responsibility for plans for construction of subdivision improvements which comply with applicable codes and requirements of the City of Austin. The owner understands and acknowledges that plat vacation or replatting may be required, at the owner's sole expense, if plans to construct this subdivision do not comply with such codes and requirements.
5. Prior to construction, except detached single family on any lot in this subdivision, a Site Development Permit must be obtained from the City of Austin.
6. All streets, drainage, sidewalks, erosion controls, and water and wastewater lines are required to be constructed and installed to City of Austin Standards.
7. Austin Energy has the right to cut and trim trees and shrubbery and remove obstructions to the extent necessary to keep the easements clear of obstructions. Austin Energy will perform all tree work in compliance with the City of Austin Land Development Code.
8. The owner/developer of this subdivision/lot may provide Austin Energy with any easement and/or access required for the installation and ongoing maintenance of overhead and underground electric facilities within or along the perimeter of this subdivision/lot. These easements/access are required to provide electric service to the buildings and will not be located as to cause the site to be out of compliance with the City of Austin Land Development Code.
9. The owner shall be responsible for installation of temporary erosion control, revegetation and tree protection. In addition, the owner shall be responsible for any initial pruning and tree removal that is within ten feet of the center line of the proposed overhead electrical facilities designed to provide electric service to this project. The owner shall include Austin Energy's work within the limits of construction for this project.
10. By approving this plat, the City of Austin assumes no obligation to construct any infrastructure in connection with this subdivision. Any subdivision infrastructure required for the development of the lots in this subdivision is the responsibility of the developer and/or the owners of the lots. Failure to construct any required infrastructure to City standards may be just cause for the City of deny applications for certain development permits including building permits, site plan approvals and/or certificates of occupancy.
11. Public sidewalks, built to City of Austin standards, are required along the following streets and as shown by a dotted line on the face of the plat: 18th Street E and Maple Avenue. These sidewalks shall be in place prior to the lot being occupied. Failure to construct the required sidewalks may result in the withholding of Certificates of Occupancy, building permits, or utility connections by the governing body or utility company.
12. The landowner is responsible for providing the subdivision infrastructure, including the water and wastewater utility improvements.
13. Erosion/Sedimentation controls are required for all construction on each lot, including single family and duplex construction, pursuant to the City of Austin Land Development Code and the Environmental Criteria Manual (ECM).
14. Lot 1A, Lot 1B and Lot 1C of this subdivision shall have separate sewer taps, separate water meters, and their respective private water and sewer service lines shall be positioned or located in a manner that will not cross lot lines.
15. The owner of the property is responsible for maintaining clearances required by the National Electric Safety Code, Occupational Safety and Health Administration (OSHA) regulations, City of Austin rules and Texas state laws pertaining to clearances when working in close proximity to overhead power lines and equipment. Austin Energy will not render electric service unless required clearances are maintained. All costs incurred because of failure to comply with the required clearances will be charged to the owner.
16. All restrictions and notes from the previous subdivision, Glenwood Addition, according to the map or plat of record in Volume 2 Page 154 of the Travis County Plat Records, shall apply to this resubdivision plat.
17. A minimum of two off-street parking spaces is required for each dwelling unit.
18. Access to Lots 1A, 1B, and 1C shall only be taken from the joint use access easement as shown on the plat.
19. These lots shall be developed in accordance with LDC 25-2, Article 3 Cottage Special Use, as amended.
