BOARD'S DECISION: The public hearing was closed on Board Member Michael Von Ohlen motion to Deny Items A and B, Board Member Michael Benaglio second on a 8-0 vote; **DENIED BOTH ITEMS A and B.**

RECONSIDERATION REQUEST: Oct 12, 2015 - Board Member William Burkhardt motion to Reconsider request, Board Member Melissa Hawthorne second on a 8-0 vote; **RECONSIDERED REQUEST;** The public hearing was closed on Board Member William Burkhardt motion to Postpone to November 9, 2015, Board Member Melissa Hawthorne second on a 8-0 vote; **POSTPONED TO NOVEMBER 9, 2015.**

FINDING:

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:
(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

RE: C15-2015-0112 / BOA requests - Tramway at 4209 Hidden Canyon Cove

Dear Commissioners,

I am filing a request for reconsideration on behalf of my client and property owner, Dr. Carl Lauryssen. The original request submitted to your board was to allow: (1) mechanized pedestrian access within a shoreline setback area, and (2) to permit development which cannot be reasonably located elsewhere on a slope with a gradient of more than 35%. The commission voted at its September 14th hearing to deny the two (2) requests.

Upon review of the case and discovery of significant information that sheds new light on the requests, I am requesting the Board reconsider the requests at its October 12th meeting and postpone the case to the November 9th meeting while the applicant seeks potential administrative remedy via the Chapter 245 / 1704 vested rights process.

A quick summary of the new facts are as follows:

1. The tramway was granted a non-exclusive easement for the benefit of lot 16 concurrent with the building permit issued for lot 16's primary use. And, the purpose of the boat dock use easement was initiated by the 1988 building permit issuance for the primary residence.
2. There are a number of clarifications to make for the Board in terms of safety, proper access, aesthetics, and a potential modification of the BOA application to address an obstruction in the easement caused by the existing tramway.

41/5

3. The Preserve HOA has approved the proposed design at the subject site. They agree that the tram is more appropriate than significant cut and fill that would be required for stair or road access. Per The Preserve HOA regulations sec. 9.04, they have the right to determine the protection of the dramatic and sylvan views of the subdivision. This HOA approval is in keeping with Lake Austin aesthetics echoed by the Board.
4. Staff advised the Board at the September 14th hearing that no site plan had been filed with the City. That is not correct. Site Plan 2015-03878 was filed August 26th, 2015 with the Land Use Review department, who approved the completeness check on September 11, 2015.
5. Upon review of the case documentation it was not made clear to the Board that this project may be, in fact, a remodel to an existing tram facility. We are seeking further evidence and will be able to supply that at the October 12 hearing. As such we need more time to determine exactly how to modify the current BOA requests.
6. The City of Austin extended a water service line with the approval of the 1988 house permit for lot 16. This furthers our belief that a Vested Rights case may be appropriate and would like to pursue this while the BOA case is postponed 1 month.

It is my belief that when presented with the correct materials, the Board may be inclined to approved the original requests, however, the applicant would like the opportunity to seek a Vested Rights approval. If that is approved, then the variance application would be withdrawn. If the Vested Rights is not approved then the applicant will move forward with new evidence at the November hearing where the Board may or may not decide to hear the case at that time.

Sincerely,

David C. Cancialosi

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

N/A

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

N/A

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

N/A

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

Subject: Re: PHOA ACC Meeting Minutes

A subset of the PHOA Architectural Control Committee (ACC) met at 1:00pm, August 30, 2015 to review the proposed tramway addition to the Lauryssen residence. This group included John Stockton, chair of the ACC, Henry Green, Rich Sperling and Melodie Summersett. We decided not include Sharon Parker since she is a conflicted committee member on this matter.

Given the ACC's interest in making sure that Structures, as defined in the PHOA CC&Rs meet minimum standards and add to the value of the neighborhood, we felt like an approval of this proposal was within our duties as a committee.

After a discussion about the proposed tramway, the committee decided to approve the proposed construction as long as it met the general requirements called out in Section 4 of the "Boat Dock Use and Access Easement" agreement, dated September 13, 1989. This Agreement has been recorded in the Real Property Records of Travis County, Texas, as document number: 89085541.

Respectfully submitted,
John Stockton

Architectural Control Committee Chair

Leane, Diana,

Regarding the above mentioned case there will be a agent change from Bruce to me. I will be filing a reconsideration prior to close of business this Thursday and asking the board for a postponement while we work on a few very important issues that have only recently come to light which were not available during the preparation of the original case file.

Please let me know if there's anything in particular you need from me or if there is a date certain that I need to supply you my formal letter of reconsideration by. Otherwise I'll be working on the letter and will get it to you on or before Thursday close of business.

Please confirm receipt. Thanks!

Kind Regards,
DC

LEGAL DESCRIPTION: Subdivision - The Preserve

I/We Bruce S Aupperle, P.E. on behalf of myself/ourselves as authorized agent for

Carl Lauryssen affirm that on 6/1, 2015,

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below and state what portion of the Land Development
Code you are seeking a variance from)

☒ ERECT ☐ ATTACH ☐ COMPLETE ☐ REMODEL ☐ MAINTAIN

Variance from Sections 25-2-551(B)(3)(a) and 25-2-551(E)(2) to allow construction of a tram in the shoreline
setback that will be used to provide pedestrian access to an existing boat dock over steep and rugged terrain.

in a LA district.
(zoning district)

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence
supporting the findings described below. Therefore, you must complete each of the applicable
Findings Statements as part of your application. Failure to do so may result in your application
being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

HL
35

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

The shoreline setback area is only applicable to property zoned "LA" and does not apply to other zoning districts along Lake Austin. Without the variance the applicant would not be able to access all areas of the property.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

The property has extreme slope challenges (greater than 35% between the home and the dock and shoreline) without the construction of a tram there is no other means of access to the proposed boat dock.

- (b) The hardship is not general to the area in which the property is located because:

The majority of the properties along this area of Lake Austin do not have the same topography issues as this lot. The terrain of the adjacent lots are more gradual in nature and are accessible using other means of pedestrian access.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The variance will not alter the character of the area because the tram will be screened with existing and proposed vegetation, and all setbacks will be adhered to. For property zoned LA, other improvements are allowed in the shoreline setback which would have a greater impact environmentally and visually on surrounding properties, such as a driveway and road. However, these types of improvements are not feasible due to existing site conditions. Therefore a tram is the only means of access for this applicant.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

111
36

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

This Easement is granted for the purpose of providing naval access to Lake Austin from the adjacent Servient Estate and mooring rights for a boat to be harbored in the easternmost boat dock slip located and maintained on the Servient Estate as an easement appurtenant to the recreational activities incident to the use and enjoyment of the Dominant Estate, subject, however, to the following restriction:

1. Lighting - any lighting installed by Grantee shall be of low intensity. The lighting shall be shaded with metal or other opaque covering to direct all illumination downward. No mercury vapor, high pressure or low pressure sodium, or other type of high intensity lights shall be used. No lights shall be installed on poles or standards more than four (4) feet in height. All lighting shall be installed according to all City of Austin construction codes. Grantee shall keep all lighting in good condition and repair.
2. Electric/Water Connections - All electric and/or water connections shall be installed at or below ground level, and any electric connections shall be installed according to all City of Austin construction codes. All connections shall be solely for the use of the owners of the Dominant Estate, and the connections shall not be used for any commercial or business purpose. Grantee shall keep all electric and/or water connections in good condition and repair. Grantor retains the right to install electric and/or water connections adjacent to those installed by Grantee.
3. Walkways - Any walkway installed by Grantee shall be no more than forty-eight (48") inches in width. The walkway must be constructed of

cement, iron, steel, stone, wood or similar material. No asphalt or other oil based material shall be used. No trees shall be removed for a walkway or tramway without Grantor's prior written consent, which shall not be unreasonably withheld. Any walkways shall not be enclosed or bordered by fencing. No canopy or roof over the walkway is allowed. No motorized vehicles of any kind shall be used on the walkway or within the Subject Easement. Prior to any construction, Grantee shall provide to Grantor and the Architectural Control Committee of The Preserve subdivision (the ACC) copies of all drawings or blueprints for the proposed walkway, and shall obtain the written consent of Grantor and the ACC to the design, which shall not be unreasonably withheld.

4. Tramway - Any design for a tramway shall be submitted to Grantor and the ACC for approval and Grantee shall obtain the prior written consent of Grantor and to the ACC to the design, which shall not be unreasonably withheld. Any tramway shall be electrically powered. The specifications for tramway shall be engineered so as to minimize noise using equipment such as rubber wheels. The tramway must be designed in accordance with all City of Austin construction codes. Any tramway must be designed to travel on rails or a track; no overhead suspended or overhead powered design shall be allowed.
5. Boat Dock - Grantee agrees to keep the easternmost boat dock in good condition and repair. Grantee shall not allow any personal property, other than one boat, to remain at the boat dock, unless stored in the adjacent storage building. Grantor and Grantee agree to divide the cost of general maintenance to the boat dock structure.

6. Indemnity - Grantee agrees to indemnify and hold harmless Grantor, his heirs, executors, assigns, from all claims, demands, or causes of action including attorney fees incurred in defending any such actions, whether for property damage, personal injury or both, to any property or person using or occupying the subject easement at Grantee's request or with Grantee's permission including damage or injury due in any part to the negligence of Grantor, resulting from use of or occurring on the Subject Easement, including the boat slip. Provided, further, that Grantee agrees to repair any damage to Grantor's property caused by Grantees use of the Subject Easement or construction thereon.

Grantee shall have the right to enter upon the land covered by the Subject Easement at any time the Grantee deems proper for the purpose of exercising Grantee's rights and privileges hereunder. Grantee shall at all times conduct its uses on and with respect to the Subject Easement in such a manner as not to create a nuisance or to cause any detrimental effects to the Servient Estate.

The parties hereto expressly disclaim the creation of any rights in or for the benefit of the public in the granting of this Easement.

TO HAVE AND TO HOLD the Subject Easement, together with all and singular the rights and appurtenances thereunto in any wise belonging unto Grantee, his (its) heirs, administrators and executors (successors and assigns), forever; and Grantor does hereby bind itself its successors and assigns, to WARRANT AND FOREVER DEFEND all and singular the Subject Easement unto Grantee, his heirs, administrators and executors, successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof.

The Declaration of Covenants, Conditions and Restrictions for The Preserve Subdivision, hereinafter referred to as the "Declaration", was adopted and signed by Allan Nutt, Christopher Yurkanan and Boyd & Associates, general partners of Rockcliff Joint Venture, a Texas joint venture, hereinafter referred to as the "Declarant", on May 6, 1985, and recorded in volume 9189, pages 442 - 463 of the Real Property Records of Travis County, Texas.

The Declarant hereby amends that Declaration of May 6, 1986, by the addition of the following, which are specific exceptions to Section 9.03, titled "Conservation Easement":

A driveway may be built within the Conservation Easement, starting at Rockcliff Road and extending across Lots B9, B10, B11, B12, B13, B14 and B15 in order to provide access for boat dock construction, use and maintenance.

Clearing and construction of a stairway or elevator from the top of the bluff down to the boat dock area will be allowed in the Conservation Easement on Lots B9, B10, B11, B12, B13, B14 and B15. Before construction, plans must be submitted and approved by the ACC.

IN WITNESS WHEREOF, the undersigned, being the Declarant herein, has set its hand and seal this 18th day of July, 1986.

This conveyance is made and accepted subject to the following to the extent the same are valid and subsisting and pertain to the Property, to-wit:

Five (5') foot by one hundred seventy three (173') foot electric easement to the City of Austin, recorded in Volume 1917, Page 313, Deed Records, Travis County, Texas.

TO HAVE AND TO HOLD the Property, together with all and singular the rights and appurtenances thereto in anywise belonging, subject to the foregoing terms, provisions and the vendor's lien herein retained and herein described, unto Grantees in the respective interests stated above, their heirs, legal representatives, successors and assigns, forever; and Grantors do hereby bind themselves, their heirs, legal representatives, successors and assigns, to warrant and forever defend all and singular the Property, subject, however, as aforesaid, unto Grantees, their heirs, legal representatives, successors and assigns, against every person whomsoever lawfully claiming, or to claim the same, or any part thereof.

Grantees acknowledge and agree, however, that part of the consideration for the Property is the execution and delivery by Grantees of their one certain promissory note (herein called the "Note") of even date herewith, being in the principal sum of Three Hundred Twenty Thousand and No/100 Dollars (\$320,000.00), payable to the order of Grantors, reference being made to the Note for all relevant purposes. To secure the payment of the Note, Grantors do hereby expressly retain a Vendor's Lien and Superior Title upon and against the Property, until the Note is fully paid according to the face, tenor, effect and reading of the Note, whereupon this Deed shall become absolute. The Note is further and additionally secured by a Deed of Trust of even date herewith executed by Grantees covering the Property, to which reference is here made for all relevant purposes.

WHEREAS, ROCKCLIFF JOINT VENTURE ("Declarant"), as owner of that certain real property hereinafter referred to as the "Property," known as the THE PRESERVE SUBDIVISION, a plat of record in Plat Book 85, Page 152-C, Plat Records of Travis County, Texas, on May 6, 1985, adopted a Declaration of Covenants, Conditions and Restrictions (the "Declaration") for the benefit of the Property and recorded same in Volume 9189, Pages 442-462, Real Property Records of Travis County, Texas; and

WHEREAS, on July 18, 1986, Declarant amended said Declaration of Covenants, Conditions and Restrictions for The Preserve Subdivision by adding certain specific exceptions to Section 9.03, Conservation Easement, which Amendment was recorded in Volume 9833, Page 309, Real Property Records of Travis County, Texas; and

WHEREAS, on June 22, 1988, Declarant further amended said Declaration of Covenants, Conditions and Restrictions on the Property to provide for access to and maintenance of boat docks, water, electric and drainage facilities for said boat docks; channel dredging; and shoreline maintenance and channel circulation for the benefit of Bluff Lot Owners, which Amendment was recorded at Volume 10721, Page 1362-1367, Real Property Records of Travis County, Texas; and

WHEREAS, Declarant desires to further amend the Declaration of Covenants, Conditions, and Restrictions on the Property to increase the minimum floor area of Single Family Residential Structures, subject to discretionary variances by the Architectural Control Committee; to establish a timetable and escrow fund for completion of certain improvements on lots; to delete authority to change existing lot lines; to exclude construction of Single Family Residential Structures not intended for immediate sale; to revise restrictions on exterior construction materials; to revise the composition and selection of the Architectural Control Committee; and to revise the procedures for subsequent amendments to this Declaration.

NOW, THEREFORE, Declarant, joined in by owners of not less than sixty-six percent (66%) of the lots in The Preserve Subdivision, in accordance with Section 8.09 of the Declaration, HEREBY AMENDS said Declaration of May 6, 1985, as amended on July 18, 1986 and June 22, 1988, by this Third Amendment to Declaration of Covenants, Conditions and Restrictions for The Preserve Subdivision, to hereinafter read as follows:

3.02. Development Plan. Each Owner shall be required to submit a detailed Development Plan, pursuant to the Rules of the ACC, and such plan must be approved in writing prior to the commencement of construction of any Improvement. The Development Plan shall include, but is not limited to:

- (a) a topographic survey
- (b) a site plan with grades at 2' intervals showing location of the home, fences, driveways, septic systems and all other Improvements to the Lot as well as all trees 4" or larger in diameter within 30' of all planned improvements, unless steep topography renders it impractical.
- (c) a set of house plans by a registered architect who has been approved by the ACC in writing that include a demonstration that the house described by the plans is designed for the specific Lot in addition to: floor plans, foundation plans, building section, all elevations, and all specifications including detailed descriptions and color samples of all exterior materials and finishes.

REAL PROPERTY RECORDS
TRAVIS COUNTY, TEXAS

(d) a stakeout on the Lot of the homesite, driveway, septic area and all Improvements to the Lot.

(e) a landscape plan, showing type and location of all external lighting, and the location, size and type of all vegetation to be preserved or added to the landscape, and all other proposed landscape Improvements, including, but not limited to, pools, spas, walls, berms, and outbuildings.

3.03. Time for Construction and Escrow for Landscaping Improvements.

(a) Construction of Structure or Improvement shall be continuous and proceed in an orderly fashion without interruption and any Structure or Improvement on a Lot shall be completed in a reasonable time, not to exceed eighteen (18) months from the commencement of construction,

(b) Construction of landscape Improvements shall be completed within eighteen (18) months from the commencement of construction of a Structure, or within six (6) months from the completion of construction of a Structure, whichever comes first.

(c) Commencement of construction shall mean the first onsite work for construction, including, but not by way of limitation, clearing of trees, excavation or site-preparation for the purpose of foundation.

(d) Materials and equipment necessary for construction, and all debris resulting from clearing or construction shall be confined to the Lot, and shall not be left on any other Lots, Common Areas, or roadway.

(e) Upon commencement of construction, Owner shall deposit or cause to be deposited with Owner's title insurance company or lender a sum of money (herein called "the Deposit") determined by the ACC to be sufficient to complete or ensure completion of landscape Improvements between the street or streets bordering the Lot and the Structure, (herein called "Streetside Landscape Improvements") as contained in Owner's landscape plan approved by the ACC. The Deposit shall be held in trust by the title insurance company or lender, for the benefit of the Association and the Owner, and shall be withdrawn in whole or in part solely for payments for labor and materials to complete Streetside Landscape Improvements. Upon substantial completion of the Streetside Landscape Improvements, and payment therefor, the remainder, if any, of the Deposit shall be refunded to the Owner upon the written approval of the Chairperson of the ACC.

4.01.

(b) Minimum Floor Areas. All Single Family Residential Structures constructed on a Bluff Lot, on or after December 1, 1990, shall have a floor area of not less than 4,000 square feet, exclusive of open and closed porches, patios, garages, carports, balconies or decks. All Single Family Residential Structures constructed on a Lot, other than a Bluff Lot, on or after December 1, 1990, shall have a floor area of not less than 3,500 square feet, exclusive of open and closed porches, patios, garages, carports, balconies or decks. The ACC may grant a variance for homes that are smaller than the minimum floor areas stated herein, if the Owner can demonstrate an extraordinarily high standard of quality design and construction, or in the event of compelling unique or special circumstances unique to that Lot or Bluff Lot.

4.01.

(1) Exterior Materials. The exterior walls of any Single Family Residential Structure shall consist of at least eighty percent (80%) masonry construction. No plywood, masonite or

H1
45

aluminum siding may be used as an exterior sheathing material, except as soffits.

5.17. Model Homes. No Single Family Residential Structure shall be constructed in the Preserve Subdivision other than for occupancy by an Owner or tenant, or for immediate sale by a builder. No Single Family Residential Structure shall be constructed or used as a "model home" by an Owner or builder.

6.01. Establishment and Composition. There is hereby established an Architectural Control Committee (ACC) which shall consist of six (6) members, including a Chairperson. All members of the ACC shall be Owners. Members of the ACC shall serve without salary or pay, and none of the members shall be required to be an architect or to meet any other particular qualifications for membership.

6.02. Voting. A vote or written consent of a majority of the regular members of the ACC at a meeting or otherwise shall constitute the act of the ACC. In the event the ACC is deadlocked or tied on a vote of the Committee, the matter shall be presented as soon as possible to a vote of the Board of Directors.

6.03. Election and Terms of Office. Members of the ACC and the Chairperson of the ACC shall be elected by majority vote of the Board of Directors, at the first regular meeting of the Board of Directors following the annual meeting of Members of the Association. The term of office for each member of the ACC, and the Chairperson, shall be for one (1) year, or until their successors have been elected and qualified. At such time as the composition of the ACC is added or altered, a writing referring to and identifying this Declaration by Recording data shall be recorded in the real property records of Travis County, Texas, setting forth the name and address of each member of the ACC as it is constituted.

6.04. Removal and Appointment. Any member, including the Chairperson of the ACC, may be removed by a majority vote of the Board of Directors, with or without cause. Vacancies on the ACC, however caused, shall be filled by majority vote of the Board of Directors of any regular or special meeting, or by unanimous written consent.

6.05. Resignations. Any member of the ACC may resign at any time from the ACC by giving written notice to the Board of Directors.

6.06. Deleted

6.07. Deleted

6.08. Address. The address of the ACC shall be 4226 Hidden Canyon Cove, Austin, Texas 78746, or any such other place as may from time to time be designated by the ACC by written instrument recorded in the real property records of Travis County, Texas; and the last instrument so recorded shall be deemed the ACC's proper address.

8.09. Modification or Repeal During Initial Term. Any of the provisions of this Declaration may be amended or repealed during the initial twenty (20) year term by a recorded written instrument, executed and acknowledged by the Owners of not less than 66% of the Lots. Provided, however, that for the purposes of this Article 8.09., in the event that two or more Lots are owned by the same individual or entity, those Lots shall be deemed to constitute one Lot, and the total number of Lots in the Subdivision shall be deemed to equal the number of separately owned Lots in the Subdivision.

8.10. Modification or Repeal During Extension Terms. Any of the provisions of this Declaration may be amended or repealed during any extension term (ten years) by recorded written instrument executed and acknowledged by the Owners of not less than 51% of

REAL PROPERTY RECORDS

the Lots. Provided, however, that for the purposes of this Article 8.10, in the event that two or more Lots are owned by the same individual or entity, those Lots shall be deemed to constitute one Lot, and the total number of Lots in the Subdivision shall be deemed to equal the number of separately owned Lots in the Subdivision.

8.22. Resubdivision. No Lot within the Subdivision shall be further subdivided or separated into smaller Lots or parcels by any Owner without the written consent of the Association. No portion of any Lot, or any easement, or any other interest, other than a security interest or a rental or lease, therein, shall be conveyed or transferred by any Owner. Each Owner hereby makes, constitutes and appoints the Association, with full power of substitution, as his or its lawful attorney-in-fact, with power to execute, acknowledge, file and record with any governmental authority any appropriate documents for the purpose of effecting the resubdivision of any Lot or portion thereof, in accordance with the terms of this Declaration. The foregoing power (i) is coupled with an interest, (ii) is irrevocable, (iii) shall survive the dissolution of or resignation of the Declarant, (iv) may be exercised for each Owner individually or by listing all of the Owners and executing any instrument with a single signature as attorney-in-fact for all of them, and (v) shall be binding upon all assignees and successors of each Owner.

IN WITNESS HEREOF, the undersigned, being the Declarant herein and the Owner of at least sixty-six percent (66%) of the Lots, have set their hands and seal to be effective this 18th day of December, 1990.

WHEREAS, ROCKCLIFF JOINT VENTURE ("Declarant"), as owner of that certain real property hereinafter referred to as the "Property," known as the THE PRESERVE SUBDIVISION, a plat of record in Plat Book 85, Page 152-C, Plat Records of Travis County, Texas, on May 6, 1985, adopted a Declaration of Covenants, Conditions and Restrictions (the "Declaration") for the benefit of the Property and recorded same in Volume 9189, Pages 442-462, Real Property Records of Travis County, Texas; and

WHEREAS, on July 18, 1986, Declarant amended said Declaration of Covenants, Conditions and Restrictions for The Preserve Subdivision by adding certain specific exceptions to Section 9.03, Conservation Easement, which Amendment was recorded in Volume 9833, Page 309, Real Property Records of Travis County, Texas; and

WHEREAS, Declarant desires to further amend the Declaration of Covenants, Conditions and Restrictions on the Property to provide for access to and maintenance of boat docks; water, electric and drainage facilities for said boat docks; channel dredging; and shoreline maintenance and channel circulation for the benefit of Bluff Lot Owners, as further defined herein;

NOW, THEREFORE, Declarant, joined in by owners of not less than sixty-six percent (66%) of the lots in The Preserve Subdivision, in accordance with Section 8.09 of the Declaration, HEREBY AMENDS said Declaration of May 6, 1985, as amended on July 18, 1986, by this Second Amendment to Declaration of Covenants, Conditions and Restrictions for The Preserve Subdivision, to hereinafter read as follows:

ARTICLE I
DEFINITIONS

Section 1.04 "Conservation Easement" shall be the areas designated on the plat as "Drainage and Conservation Easement" and shall include any creeks, streams, sedimentation basins or bar ditches therein designated or constructed. Any reference in

REAL PROPERTY RECORDS
TRAVIS COUNTY, TEXAS

10721 1362

41
69

this Declaration to "Drainage Easement" shall have the same meaning as "Conservation Easement," as defined herein, and shall refer to those areas designated on the plat of The Preserve Subdivision as "Drainage and Conservation Easement."

Section 1.05 "Declarant" shall mean Rockcliff Joint Venture, a Texas joint venture.

Section 1.08 "Greenbelt Easement" shall be the areas shown on the plat across Lots B-9, B-10, B-11, B-12, B-13, B-14 and B-15 and described on the plat of The Preserve Subdivision as "Drainage, Conservation and Greenbelt Easement."

Section 1.10

a) "Lot" shall mean each parcel of land shown as a lot on the recorded final Plat Map of the Property and designated on said map by a separate number, or any subsequent subdivision thereof.

b) "Bluff Lot" shall mean each parcel of land shown as a lot on the recorded final Plat Map of the Property and designated on said map as Lot B-9, B-10, B-11, B-12, B-13, B-14, B-15 and B-16.

Section 1.11

a) "Owner(s)" shall mean and refer to the record Owner, whether one or more persons, associations or entities, of legal, equitable or beneficial title of or to any Lot. Owner shall include purchaser of a Lot under an executory contract of sale of real property. The foregoing does not include persons or entities who hold interest in any Lot merely for the security for the performance of an obligation. Any reference herein to Owners shall include Owners as defined herein and as defined or included in any Supplemental Declaration.

b) "Bluff Lot Owner(s)" shall mean and refer to the record Owner, whether one or more persons, associations or entities, of Lots B-9, B-10, B-11, B-12, B-13, B-14, B-15 and B-16. A Bluff Lot Owner shall have all the rights, duties, privileges and obligations of an Owner, as defined in Subsection (a) above, in addition to those rights, duties, privileges and obligations of a Bluff Lot Owner as described in Articles VIII and IX of this Declaration, as amended.

41
70

ARTICLE VII.
THE PRESERVE HOMEOWNER ASSOCIATION

Section 7.08 Assessments. The Association shall have the right to make assessments in accordance with this Declaration and subject to the provisions of Section 7.09 (limitation) hereof.

a) The use of assessments levied by the Association shall be limited to those expenses reasonably necessary for the performance of the duties and functions of the Association and the Association shall have no right to assess for, nor to create, any recreational activities, Improvements or Structures, including, but not limited to, swimming pools, tennis courts, golf courses, country clubs and other similar recreational facilities. This limitation shall not preclude the maintenance of the Conservation Easement or Greenbelt Easement.

b) The primary duties of the Association, for which the Association is authorized to make assessments, shall be as follows: (i) Care and maintenance of erosion control measures; (ii) removal of restrictions or obstructions to flow in drainage easements; (iii) lighting, landscaping and maintenance of entry-way; (iv) maintenance of the Conservation Easement and Greenbelt Easement; and (v) enforcement of the use-restrictions within the Conservation Easement and Greenbelt Easement.

c) The Association shall be authorized to make assessments on the Bluff Lot Owners for the maintenance of the Greenbelt, in accordance with Section 9.03 below.

Section 7.09 Limitation on Annual Assessment. Until changed by the Association in accordance with the Bylaws in this Section, the maximum annual assessment on each Lot shall be \$750 per Lot; provided, however, the Association may approve a separate and higher maximum annual assessment on each Bluff Lot, as defined in Section 1.10(b), from that assessment levied on each lot not defined as a Bluff Lot.

a) On January 2nd of each year or at such other time as the Board of Directors may set the annual assessment for the calendar year at whatever level it deems appropriate within the Seven Hundred Fifty and No/100 Dollars (\$750.00) limitation set forth above.

b) Until such time as the Board of Directors sets the annual assessment for each Lot, the annual assessment shall be Four Hundred and No/100 Dollars (\$400.00) per Lot.

44
71

c) Once the annual assessment has reached the \$750 maximum level, the Board of Directors may increase the annual assessment by a maximum of twenty percent (20%) of the then current assessment in any given year. Further, such percentage increases are not cumulative and may be prospective only.

(d) Any increase in assessment not provided for in this section on any Lot within the subdivision must be made by the Association as a whole in the same manner as an amendment to the Articles of Incorporation of the Association. Any increase in assessment not provided for in this section on a Bluff Lot must be made by the Association's Bluff Lot Owners in the same manner as an amendment to the Articles of Incorporation of the Association.

ARTICLE IX.
EASEMENTS

Section 9.03 Greenbelt Easement.

a) The Greenbelt Easement shall be left in its natural state to the greatest extent possible. Except for the construction and maintenance of any accessways (including any stairways or elevators from the top of the bluff down to the boat dock area across any Bluff Lot) and for construction of the boat docks themselves and as provided in subsection (b) below, there shall be no improvements, structures or clearing of any kind, temporary or permanent, in any Greenbelt Easement unless and until approved in writing by a two-thirds (2/3rd) majority of the Bluff Lot Owner members of the Association. "Clearing" includes, but is not limited to, cutting, trimming, pruning and mowing of trees, shrubs, undergrowth, and native annuals and perennials. The Association's Bluff Lot Owners, in considering whether to allow or permit any improvement or structure which might adversely affect to any extent the environmental integrity of the Greenbelt Easement, shall not permit such improvement, structure or clearing unless it would clearly serve the beneficial interest of all the Bluff Lot Owners.

b) Notwithstanding the foregoing provisions of Section 9.03(a), the ACC may approve limited cutting and trimming of trees within the Greenbelt Easement for the purpose of opening up limited lake views. Such approval may only be granted by the ACC upon written application by a Bluff Lot Owner requesting permission to cut or trim trees individually marked and numbered on the ground. The ACC shall make an on-the-ground inspection of the marked trees for which application to cut or trim is being made and thereafter approve only so much tree trimming and

cutting within the Greenbelt Easement as is required in their judgment to open limited dramatic views of Lake Austin as would be in keeping with the natural sylvan beauty of The Preserve Subdivision.

c) Each Bluff Lot Owner covenants to provide easements for access to the boat docks located within the Greenbelt Easement and for the installation, use and maintenance of any and all electric, water and drainage facilities and lagoon embankment facilities necessary for the use, enjoyment, operation and maintenance of said boat docks and the control of water quality and water depth in the lagoon providing naval access to said boat docks.

d) The Association shall keep a separate record of its costs and expenses in maintaining the Greenbelt Easement; vehicle access within the Greenbelt Easement; water, electric and drainage facilities within the Greenbelt Easement; and lagoon pumping, dredging and embankment shoring expenses for the benefit of the Bluff Lot Owners within said Greenbelt Easement. The Association shall have the right to levy assessments for the expenses reasonably necessary to maintain the Greenbelt Easement exclusively on the Bluff Lot Owners. No assessments for the separately expensed Greenbelt Easement maintenance shall ever be levied on any owner not defined herein as a "Bluff Lot Owner."

IN WITNESS WHEREOF, the undersigned, being the Declarant herein, have set their hands and seal this 22nd day of June, 1988.

Book 85, Page 152-C, Plat Records of Travis County, Texas, hereinafter referred to as the "Dominant Estate."

This Easement is granted for the purpose of providing naval access to Lake Austin from the adjacent Servient Estate and mooring rights for a boat to be harbored in the easternmost boat dock slip located and maintained on the Servient Estate as an easement appurtenant to the recreational activities incident to the use and enjoyment of the Dominant Estate, subject, however, to the following restriction:

1. Lighting - any lighting installed by Grantee shall be of low intensity. The lighting shall be shaded with metal or other opaque covering to direct all illumination downward. No mercury vapor, high pressure or low pressure sodium, or other type of high intensity lights shall be used. No lights shall be installed on poles or standards more than four (4) feet in height. All lighting shall be installed according to all City of Austin construction codes. Grantee shall keep all lighting in good condition and repair.
2. Electric/Water Connections - All electric and/or water connections shall be installed at or below ground level, and any electric connections shall be installed according to all City of Austin construction codes. All connections shall be solely for the use of the owners of the Dominant Estate, and the connections shall not be used for any commercial or business purpose. Grantee shall keep all electric and/or water connections in good condition and repair. Grantor retains the right to install electric and/or water connections adjacent to those installed by Grantee.
3. Walkways - Any walkway installed by Grantee shall be no more than forty-eight (48") inches in width. The walkway must be constructed of

cement, iron, steel, stone, wood or similar material. No asphalt or other oil based material shall be used. No trees shall be removed for a walkway or tramway without Grantor's prior written consent, which shall not be unreasonably withheld. Any walkways shall not be enclosed or bordered by fencing. No canopy or roof over the walkway is allowed. No motorized vehicles of any kind shall be used on the walkway or within the Subject Easement. Prior to any construction, Grantee shall provide to Grantor and the Architectural Control Committee of The Preserve subdivision (the ACC) copies of all drawings or blueprints for the proposed walkway, and shall obtain the written consent of Grantor and the ACC to the design, which shall not be unreasonably withheld.

4. Tramway - Any design for a tramway shall be submitted to Grantor and the ACC for approval and Grantee shall obtain the prior written consent of Grantor and to the ACC to the design, which shall not be unreasonably withheld. Any tramway shall be electrically powered. The specifications for tramway shall be engineered so as to minimize noise using equipment such as rubber wheels. The tramway must be designed in accordance with all City of Austin construction codes. Any tramway must be designed to travel on rails or a track; no overhead suspended or overhead powered design shall be allowed.
5. Boat Dock - Grantee agrees to keep the easternmost boat dock in good condition and repair. Grantee shall not allow any personal property, other than one boat, to remain at the boat dock, unless stored in the adjacent storage building. Grantor and Grantee agree to divide the cost of general maintenance to the boat dock structure.

41
80

6. Indemnity - Grantee agrees to indemnify and hold harmless Grantor, his heirs, executors, assigns, from all claims, demands, or causes of action including attorney fees incurred in defending any such actions, whether for property damage, personal injury or both, to any property or person using or occupying the subject easement at Grantee's request or with Grantee's permission including damage or injury due in any part to the negligence of Grantor, resulting from use of or occurring on the Subject Easement, including the boat slip. Provided, further, that Grantee agrees to repair any damage to Grantor's property caused by Grantees use of the Subject Easement or construction thereon.

Grantee shall have the right to enter upon the land covered by the Subject Easement at any time the Grantee deems proper for the purpose of exercising Grantee's rights and privileges hereunder. Grantee shall at all times conduct its uses on and with respect to the Subject Easement in such a manner as not to create a nuisance or to cause any detrimental effects to the Servient Estate.

The parties hereto expressly disclaim the creation of any rights in or for the benefit of the public in the granting of this Easement.

TO HAVE AND TO HOLD the Subject Easement, together with all and singular the rights and appurtenances thereunto in any wise belonging unto Grantee, his (its) heirs, administrators and executors (successors and assigns), forever; and Grantor does hereby bind itself its successors and assigns, to WARRANT AND FOREVER DEFEND all and singular the Subject Easement unto Grantee, his heirs, administrators and executors, successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof.

Re: City of Austin Environmental Resource Investigation
4209 Hidden Canyon Cove
Austin, Travis County, Texas
Terracon Project No. 96157040

Dear Mr. Aupperle:

Terracon Consultants, Inc. (Terracon) is pleased to provide the City of Austin (COA) Environmental Resource Inventory (ERI), prepared for the above-referenced site. In addition to satisfying the COA requirements, the scope addressed general evaluation for wetlands and threatened and endangered species.

The results of our consulting services are solely the professional opinion of Terracon based on the site conditions documented and observed at the time of the field assessment. It should be noted that some CEFs may be seasonal or ephemeral, indicating that their presence/absence and condition are dependent on various weather conditions (including rainfall) and other changes in the surrounding ecosystem. Terracon is not liable for ephemeral and/or seasonal CEFs that are exposed or created after Terracon's field assessment. Additionally, Terracon's opinion is based on the most current regulations; therefore, changes in regulations may require a re-evaluation of the findings of this report. This report should be submitted promptly to the COA. We appreciate the opportunity to provide this report. Should you have any questions or require additional information, please call us at (512) 442-1122.

Sincerely,
Terracon Consultants, Inc.

| Barton Spring Zone* | <input type="checkbox"/> YES | <input checked="" type="checkbox"/> No |
- *(as defined by the City of Austin – LDC 25-8-2 or City Code 30-5-2)

Note: If the property is over the Edwards Aquifer Recharge zone, the Hydrogeologic Report and karst surveys must be completed and signed by a Professional Geoscientist Licensed in the State of Texas.

6. DOES THIS PROJECT PROPOSE FLOODPLAIN MODIFICATION?.....☐ YES** ☒ NO
- If yes, then check all that apply:
- ☐ (1) The floodplain modifications proposed are necessary to protect the public health and safety;
- ☐ (2) The floodplain modifications proposed would provide a significant, demonstrable environmental benefit, as determined by a **functional assessment** of floodplain health as prescribed by the Environmental Criteria Manual (ECM), or
- ☐ (3) The floodplain modifications proposed are necessary for development allowed in the critical water **quality zone under LDC 25-8-261 or 25-8-262, City Code 30-5-261 or 30-5-262.**
- ☐ (4) The floodplain modifications proposed are outside of the Critical Water Quality Zone in an area determined to be in poor or fair condition by a **functional assessment** of floodplain health.

**** If yes, then a functional assessment must be completed and attached to the ERI (see ECM 1.7 and Appendix X for forms and guidance) unless conditions 1 or 3 above apply.**

7. IF THE SITE IS WITHIN AN URBAN OR SUBURBAN WATERSHED, DOES THIS PROJECT PROPOSE A UTILITY LINE PARALLEL TO AND WITHIN THE CRITICAL WATER QUALITY ZONE? ☐ YES*** ☒ NO

*****If yes, then riparian restoration is required by LDC 25-8-261(E) or City Code 30-5-261(E) and a functional assessment must be completed and attached to the ERI (see ECM1.5 and Appendix X for forms and guidance).**

8. There is a total of 2 (#s) Critical Environmental Feature(s)(CEFs) on or within 150 feet of the project site. If CEF(s) are present, attach a detailed **DESCRIPTION** of the CEF(s), color **PHOTOGRAPHS**, the **CEF WORKSHEET** and provide **DESCRIPTIONS** of the proposed CEF buffer(s) and/or wetland mitigation. Provide the number of each type of CEFs on or within 150 feet of the site (Please provide the number of CEFs):

1 (#s) Spring(s)/Seep(s) - (#s) Point Recharge Feature(s) - (#s) Bluff(s)
 - (#s) Canyon Rimrock(s) 1 (#s) Wetland(s)

41
89

Note: Standard buffers for CEFs are 150 feet, with a maximum of 300 feet for point recharge features. Except for wetlands, if the standard buffer is not provided, you must provide a written request for an administrative variance from LDC 25-8-281(C)(1) and provide written findings of fact to support your request. Request forms for administrative variances from requirements stated in LDC 25-8-281 are available from Watershed Protection Department.

9. The following site maps are attached at the end of this report (Check all that apply and provide):

All ERI reports must include:

- ☒ Site Specific Geologic Map with 2-ft Topography
- ☒ Historic Aerial Photo of the Site
- ☒ Site Soil Map
- ☒ Critical Environmental Features and Well Location Map on current Aerial Photo with 2-ft Topography

Only if present on site (Maps can be combined):

- ☐ Edwards Aquifer Recharge Zone with the 1500-ft Verification Zone
(Only if site is over or within 1500 feet the recharge zone)
- ☐ Edwards Aquifer Contributing Zone
- ☒ Water Quality Transition Zone (WQTZ)
- ☒ Critical Water Quality Zone (CWQZ)
- ☐ City of Austin Fully Developed Floodplains for all water courses with up to 64-acres of drainage

10. **HYDROGEOLOGIC REPORT** – Provide a description of site soils, topography, and site specific geology below (Attach additional sheets if needed):

Surface Soils on the project site is summarized in the table below and uses the SCS Hydrologic Soil Groups*. If there is more than one soil unit on the project site, show each soil unit on the site soils map.

Soil Series Unit Names, Infiltration Characteristics & Thickness		
Soil Series Unit Name & Subgroup**	Group*	Thickness (feet)
Tarrant Series - TeE	B	0 to 0.75
Tarrant Series - TeF	B	0 to 0.50
Lincoln Series - Lu	A	0 to 0.42

***Soil Hydrologic Groups Definitions (Abbreviated)**

- A. Soils having a high infiltration rate when thoroughly wetted.
- B. Soils having a moderate infiltration rate when thoroughly wetted.
- C. Soils having a slow infiltration rate when thoroughly wetted.
- D. Soils having a very slow infiltration rate when thoroughly wetted.

**Subgroup Classification – See Classification of Soil Series Table in County Soil Survey.

41
90

Description of Site Topography and Drainage *(Attach additional sheets if needed):*

Based on a review of the USGS Austin West, Texas topographic map, the site ranges in elevation from approximately 500 to 590 feet above sea level. An unnamed tributary to Lake Austin is depicted as traversing the southern and eastern portion of the site, flowing generally to the north towards its confluence with Lake Austin approximately 250 feet north, the tributary is mapped as intermittent by a dashed blue line.

According to the NWI Wetland Mapper (available online), no potential wetlands are noted on or within 150 feet of the site. Additionally, as mapped by the Federal Emergency Management Agency (FEMA), the site is predominantly mapped as Zone X, which corresponds to areas outside the 500-year floodplain; however, a small portion of the on-site tributary channel is mapped as Zone X (shaded), which corresponds to areas within the 500-year flood plain.

Continued in Appendix A

List surface geologic units below:

Geologic Units Exposed at Surface		
Group	Formation	Member
Fredericksburg Group	Glen Rose	-

Brief description of site geology *(Attach additional sheets if needed):*

According to the Geologic Atlas of Texas, the site is underlain by the Glen Rose Formation (Kgr), which consists of limestone, dolomite, and marl in alternating resistant and recessive beds, forming stair-step topography. The upper part [Kgr (u)] is separated from the lower part [Kgr (l)] by a Corbula bed (limestone with abundant Corbula harveyi fossils) that is up to five feet thick. Marine megafossils are common throughout, though less so in the relatively thinner bedded, more dolomitic upper part. The upper part is typically heavily weathered, frequently resulting in numerous springs and seeps.

No evidence of faulting was observed on the site and none is shown on the available published geologic maps of the area. Additionally, a review of aerial photographs did not reveal lineations, which typically indicate the presence of faulting. No caves, sinkholes, karst features, or significant solution cavities were observed on the site during Terracon's field assessment.

Wells – Identify all recorded and unrecorded wells on site (test holes, monitoring, water, oil, unplugged, capped and/or abandoned wells, etc.):

There are 0 (#) wells present on the project site and the locations are shown and labeled

- (#s) The wells are not in use and have been properly abandoned.

- (#s) The wells are not in use and will be properly abandoned.

- (#s) The wells are in use and comply with 16 TAC Chapter 76.

There are - (#s) wells that are off-site and within 150 feet of this site.

APPENDIX A
ADDITIONAL DISCUSSION

HJ
96

Description of Site Topography and Drainage *Continued...*

According to the NWI Wetland Mapper (available online), no potential wetlands are noted on or within 150 feet of the site. Additionally, as mapped by the Federal Emergency Management Agency (FEMA), the site is predominantly mapped as Zone X, which corresponds to areas outside the 500-year floodplain; however, a small portion of the on-site tributary channel is mapped as Zone X (shaded), which corresponds to areas within the 500-year flood plain.

During the site investigation, a creek was observed traversing the southern and eastern portions of the site, generally flowing northwest towards Lake Austin. A total of two CEFs were identified during the site investigation, and include one seep (identified as S1), and one wetland (identified as W1). At the time of the site visit, recent precipitation events had created wetter than normal conditions and the seep observed on-site was discharging groundwater. It is likely that flow rates are highly seasonably variable; however, an on-site irrigation system may contribute to constant flow. The CEFs are identified on Exhibit 2 in Appendix B.

Description of Site Plant Communities *Continued...*

According to the TPWD's *Vegetation Types of Texas* maps, the site is located in an area designated as "Live Oak – Ashe Juniper Woods" (27). This vegetation type occurs in areas of heavy urban development which have drastically altered the local plant community. Dominant species associated with the "LiveOak – Ashe Juniper Woods" include Texas oak, plateau live oak, Ashe juniper, shin oak (*Quercus havardii*), cedar elm (*Ulmus crassifolia*), evergreen sumac (*Rhus virens*), escarpment cherry (*Prunus serrotina*), saw greenbrier (*Smilax bona-nox*), Texas mountain laurel (*Sophora secundiflora*), poison ivy (*Toxicodendron radicans*), twistleaf yucca (*Yucca rupicola*), elbowbush (*Foresteria pubescens*), cedar sedge (*Carex planostachys*), little bluestem (*Schizachyrium scoparium*), Neally grama (*Bouteloua uniflora*), Texas grama (*Bouteloua rigidiseta*), meadow dropseed (*Sporobolus drummondii*), Texas wintergrass (*Nassella leucotricha*), pellitory (*Parietaria pensylvanica*), noseburn (*Tragia urticifolia*), spreading sida (*Sida abutifolia*), woodsorrel (*Oxalis acetosella*), and prostrate spurge (*Euphorbia prostrata*).

The western portion of the site consists mostly of St. Augustine grass (*Stenotaphrum secundatum*) and other ornamental species, with interspersed plateau live oak. Dominant species observed on the site consist of plateau live oak, shin oak (*Quercus havardii*), mountain laurel (*Sophora secundiflora*), Chinese privet (*Ligustrum halepense*), heavenly bamboo (*Nandina domestica*), saw greenbrier (*Smilax bona-nox*). A stream and wetland area transect the western portion of the site and dominant species in this area include Black walnut (*Juglans nigra*), American sycamore (*Platanus occidentalis*), stiff marsh bedstraw (*Gallium tinctorium*), inland sea oats (*Chasmanthium latifolium*), wild onion (*Allium canadense*). Overall canopy cover for the site is an estimated 80 percent; however, trees were being cleared from the site at the time of the site investigation.

AGREEMENT CREATING ROADWAY EASEMENT

STATE OF TEXAS
COUNTY OF TRAVIS

KNOW ALL MEN BY THESE PRESENTS:

That the undersigned, JOE B. MITCHELL, CAROLINE G. MAESSON, JOYCE SHELTON and husband EMMETT SHELTON, SR., and STERLING HOLLOWAY, do hereby create a private easement for roadway purposes thirty-five (35') feet in width, as hereinafter described, over and across a portion of three tracts of land described in a Partition Deed recorded in Volume 1304, Page 259, Travis County Deed Records, said three tracts of land therein being set aside to Joe B. Mitchell, Josephine M. Johnson, and Margaret M. Foster, respectively, out of the Wm. Brown Survey No. 2, in Travis County, Texas; and subject to the conditions and covenants hereinafter set forth, said roadway easement covering a strip of land seventeen and one-half (17-1/2') feet in width on each side of the center line thereof, or a total width of thirty-five (35') feet, the center line of which easement is described as follows:

BEGINNING at an iron stake set in center of present road, in the West line of that certain 59.58 acre tract of land conveyed to Joe B. Mitchell by Partition Deed recorded in Volume 1304, Page 259, of the Deed Records of Travis County, Texas;

THENCE with the center line of the said 35.0 feet roadway easement with the courses and distances as follows: S. 60°00' E. 40.0 ft., N. 56°08' E. 50.0 ft. to a point of curve to the right, the radius of which is 20.0 ft;

THENCE with said curve to the right an arc distance of 31.42 ft., the chord of which bears S. 78° 52' E. 28.28 ft., to point of tangency of said curve;

THENCE continuing with the center line of said easement with the courses and distances as follows: S. 33° 52' E. 712.35 ft., S. 31° 30' E. 223.67 ft., S. 8° 20' E. 100.0 ft., S. 1° 31' E. 61.5 ft. to a point in the East line of that certain 55.70-acre tract conveyed to Joe B. Mitchell by deed recorded in Volume 1596, Page 14, of the Deed Records of Travis County, Texas, from which the Northeast corner of said 55.70-acre tract bears N. 30° 04' E. 211.13 ft., said Northeast corner of the 55.70 acres is also the Northwest corner of that certain 52.07 acres conveyed to Margaret M. Foster by Partition Deed recorded in Volume 1304, Page 259, of the Deed Records of Travis County, Texas;

THENCE through the Margaret M. Foster 52.07 acres with the courses and distances as follows: S. 1° 31' E. 30.0 ft., S. 34° 13' E. 210.88 ft., S. 22° 25' E. 53.7 ft., S. 4° 13' E. 42.5 ft., S. 7° 10' W. 76.14 ft., S. 29° 03' W. 330.0 ft., S. 21° 22' W. 195.0 ft., S. 35° 23' W. 162.94 ft., S. 42° 42' W. 226.0 ft., S. 13° 10' W. 320.0 ft. to point of termination in the North line of Westlake Drive; which point of termination bears N. 49° 54' W. a distance of 137.34 feet from the intersection of the East line of the Wm. Brown Survey and the North line of Westlake Drive, and also N. 49° 54' W. 19.63 feet from the West corner of Tract No. 3 covered by a Deed from L. Lee Brasfield, Trustee to Sterling Holloway of date April 30, 1970, recorded in Volume 3839, Pages 2288-91, Travis County Deed Records

CONDITIONS AND COVENANTS

I.

58-8745

It is expressly agreed and understood that this instrument does not constitute a dedication to the public of a public roadway, but grants to the respective parties hereto, their heirs, assigns, and successors in title, and to all persons who have heretofore acquired by deeds of record in Travis County, Texas, tracts located within the three tracts covered by the Partition Deed above referred to adjoining or adjacent to the easement above described, and to their heirs, assigns, and successors in title, for free and uninterrupted use of said roadway easement for access to lands owned or legally occupied by the parties for whose benefit this easement is granted, as above provided.

II.

This easement shall further inure to the benefit of and may be used by any person, or persons, having lawful reason to desire access to lands adjacent to said easement, the parties hereto, however, and each of them, reserving the right to deny the use of said easement to any person, or persons, who may make unlawful use of said easement or shall unlawfully trespass upon any lands adjacent thereto or who by their actions may create a public or a private nuisance to the detriment of the owners of the lands served by said easement. This right in the parties hereto shall continue so long as said easement shall continue to be a private easement, and to any portions thereof which may not have been dedicated as a public road.

III.

It is expressly understood that by the execution of this instrument none of the parties hereto are or shall be deemed to be expressly or impliedly obligated for the expenditure of any sums of money in the improvement or maintenance of the roadway on said easement, but any party hereto shall have the right to improve, at his or her expense, any portion of said roadway, so long as such improvement is situated within the boundaries of the easement hereby granted, and does not create a change of drainage adversely affecting lands adjacent thereto owned by any other party.

IV.

It is understood that embraced within the boundaries of the easement hereby created is a strip of land 17-1/2 feet in width along the Southwest Boundary Line of a tract of land conveyed by L. Lee Brasfield, Trustee to F. L. McNamara by deed recorded in Volume 3545, Page 291, Travis County Deed Records, and the joinder of the said McNamara in the execution of this instrument had not been obtained for the reason that by the terms of the deed to him it was recognized and declared that his Southwest line constituted a center line of a 35-foot roadway, and the center line as herein described corresponds with his Southwest Boundary Line.

V.

recorded in Volume 3545, Page 291, Travis County Deed Records

By an instrument of date February 8, 1963, L. Lee Brasfield, Substitute Trustee of the Estate of Margaret Mitchell Foster, granted to Joe B. Mitchell, his heirs and assigns, right of ingress and egress and the right to construct a roadway over and across the property of the Estate of Margaret M. Foster, Deceased, being the 52.07-acre tract set aside to said Margaret M. Foster in the Partition Deed first above mentioned, without specifying the

location or description of the easement and roadway referred to therein, Joe B. Mitchell hereby expressly agrees on behalf of himself and his heirs and assigns that this instrument is executed and is accepted by him as full compliance with, and in lieu of, all other rights granted to him by said instrument from L. Lee Brasfield, Substitute Trustee, and hereby acknowledges that he holds and claims no rights as to any portion of said 52.07-acre tract for easement, access, or roadway purposes save and except his rights under the easement granted by this instrument.

EXECUTED, this 14th day of March, 1972.

Dear Committee:

We object to the current application based only on the "positioning" of the proposed tram. The current proposal causes us to unnecessarily move our existing tram. We are happy to support the approval of a permit for the Lauryssen's, with the condition that the new tram is built in a way that does not disrupt our existing tram. There is adequate room for an additional tram without creating costly construction and disruption to our existing property.

We have photos below showing existing tram; landing area; and both proposed & suggested location for new tram.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing;

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.austintexas.gov/development.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.
