thank you, Leane!

I may need more time on this one. I'm hoping to put a plan together with the two concerned neighbors and have something we all agree on.

for this reason i'd like to request a postponement until 12/14.

thank you!

Or if you need to postpone to 12/14 meeting you can request a postponement, then the 12/14 packet deadline is 11/30. I'm working on my notices for 11/9 currently so may not be able to call until tomm. If you're uncertain of what they wanted, the video of the meeting is up on our website, so you can listen again:

http://www.austintexas.gov/cityclerk/boards_commissions/meetings/15_1.htm

You can skip over straight to your case and then toggle the bar over to the end if you just want to be sure you're capturing the info they requested and not have to listen to all the testimony, etc. again.

I'll still call tomm – but wanted to provide this info to you in the interim –

(check appropriate items below and state what portion of the Land Development
Code you are seeking a variance from)

 ERECT ATTACH COMPLETE REMODEL X MAINTAIN

MAINTAIN A PRIVACY WALL WHICH CURRENTLY BORDERS THE RESIDENTIAL PROPERTY LISTED ABOVE
AND SPEEDWAY AVENUE. WE SEEK A VARIANCE OF CODE 25-2-899 BECAUSE PORTIONS OF THE WALL
EXCEED THE HEIGHT REQUIREMENTS IN THIS CODE SECTION.

in a SF-3-NCCD-NP district. (North University)
(zoning district)

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence
supporting the findings described below. Therefore, you must complete each of the applicable
Findings Statements as part of your application. Failure to do so may result in your application
being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

14
18

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

A HEIGHT LIMIT FOR THE PRIVACY FENCE OF 6 TO 8 WOULD NOT ALLOW THE PROPERTY TO MAINTAIN PRIVACY IN OUR HOME. THE HOME SITS ATOP A HILL AND THE YARD DROPS APPROXIMATELY 4 FEET FROM THE BEGINNING OF FENCE LINE TO THE END. A HEIGHT OF 6 FEET AT THE BACK OF THE HOME WOULD GIVE PASSERBYS ON A BUSY STREET AND SIDEWALK VIEWS INTO THE WINDOWS AND YARD OF THE HOME. ADDITIONALLY THE YARD SLOPES DOWN TO THE SIDEWALK FROM THE SIDE OF THE PROPERTY MEANING THAT THE HEIGHT OF THE FENCE FROM THE INTERIOR YARD IS SHORTER THAN THE HEIGHT MEASURED FROM THE EXTERIOR SIDE. IN ORDER FOR THE FENCE TO STAY LEVEL FROM FRONT TO BACK ALONG THE STEEP GRADIENT, THE FENCE HEIGHT MUST GO UP IN CONJUNCTION WITH THE PROPERTY SLOPE.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

THIS HARDSHIP IS UNIQUE TO THIS PROPERTY BECAUSE OF THE UNIQUE PHYSICAL CHARACTERISTICS OF THE LOT AND THE PROXIMITY TO BUSY STREETS:

1. THE PROPERTY SITS ATOP A HILL AND THE YARD DROPS APPROXIMATELY 4 FEET FROM THE BEGINNING OF FENCE LINE TO THE END. SINCE OUR PROPERTY GRADING CHANGES 4-5FT FROM THE FRONT YARD TO THE BACK, THE FIRST FLOOR BEDROOM WINDOWS ARE LEVEL WITH THE FRONT YARD AND ~4FT ABOVE GROUND IN THE BACKYARD. THIS ROOM FACES NOT ONLY SPEEDWAY BUT ALSO ONCOMING TRAFFIC FROM 32ND ST. THE WALL OFFERS PRIVACY FROM ONCOMING HEADLIGHTS AND TRAFFIC NOISE FROM SPEEDWAY AND 32ND EAST OF SPEEDWAY.
2. BEING ON THE CORNER OF SPEEDWAY AND 32ND, PUTS THE PROPERTY AT A UNIQUE DISADVANTAGE OF HAVING TO MAINTAIN PRIVACY NOT JUST FROM A SINGLE NEIGHBOR, BUT ALL TRAFFIC (PEDESTRIAN, AUTO, BIKE) RUNNING NORTH/SOUTH ON SPEEDWAY AND TRAFFIC MOVING WEST TOWARDS SPEEDWAY ON 32ND ST.

- (b) The hardship is not general to the area in which the property is located because:

1. THIS PROPERTY IS THE ONLY PROPERTY SITTING AT THIS HEIGHT AND SLOPING DOWN AT SUCH A STEEP ANGLE ALONG THE SPEEDWAY CURVE.
2. THIS PROPERTY IS A CORNER LOT WITH MEANINGFUL TRAFFIC ALONG THE PROPERTY LINE.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

THE CURRENT WALL IS ONE OF SEVERAL WALLS CURRENTLY BUILT FOR THE PROPERTIES IN THE NEIGHBORHOOD ALONG SPEEDWAY. IN FACT, THE CURRENT WALL SEEMS TO FLOW SEAMLESSLY SOUTH ON SPEEDWAY WITH ANOTHER WALL RUNNING ALONG THE PROPERTY SOUTH OF OUR PROPERTY. ONLY A SMALL PORTION OF THE WALL IS OVER THE HEIGHT REQUIREMENT AND DROPPING THE HEIGHT DOWN AT JUST THAT SECTION WILL ACTUALLY DIMINISH THE BEAUTY OF THE CURRENT STRUCTURE WHICH IN ITS CURRENT STATE IS LEVEL AND SMOOTH, DROPPING DOWN SLOWLY ALONG THE CURVE OF THE PROPERTY SLOPE. THE WALL SEAMLESSLY ABUTS THE LIMESTONE ENTRANCES INTO THE NEIGHBORHOOD. THE WALL SITS ATOP THE ORIGINAL FENCE LINE FROM WHEN THE PROPERTY WAS PURCHASED; AND WILL EVENTUALLY BE COVERED IN IVY SIMILAR TO OTHER WALLS IN THE NEIGHBORHOOD. AFTER CONSTRUCTING THE WALL, SEVERAL NEIGHBORS EXPRESSED THEIR APPRECIATION THAT THE OLD DILAPIDATED FENCE AND WALL WERE REMOVED AND THE NEW WALL WAS ERECTING, GIVING PRIVACY TO NOT ONLY OUR PROPERTY BUT ALSO TO THE NEIGHBORHOOD FROM THE CONSTANT FLOW OF TRAFFIC, BIKERS AND WALKERS ALONG SPEEDWAY.

Dear Neighbor:

We are applying for a General Variance with the City of Austin Board of Adjustment. This variance is needed to maintain the current height of the wall bordering our property and Speedway Avenue.

Enclosed is a copy of our presentation materials, which we submitted to the Board of Adjustment, for you to review. Our request was heard at their August 10, 2015 meeting and is scheduled for final review at their October 12, 2015 meeting.

Since your property is close to ours, we are asking for your support. If you do not have any objections to our request, we would appreciate your signing at the bottom of this letter and returning it to us.

We are also planning to discuss this issue to the North University Neighborhood Association on September 9 at 6pm at the First English Lutheran Church. We would be more than happy to answer any questions you may have at this meeting or any other time by contacting us at 512-284-4640 or david.biven@gmail.com.

22/4

Location

- Corner lot within close proximity to UT, capitol, downtown, etc
- This consistent traffic along Speedway, as well as, the intersection at corner of E 32nd and Speedway is unique to this property

2354

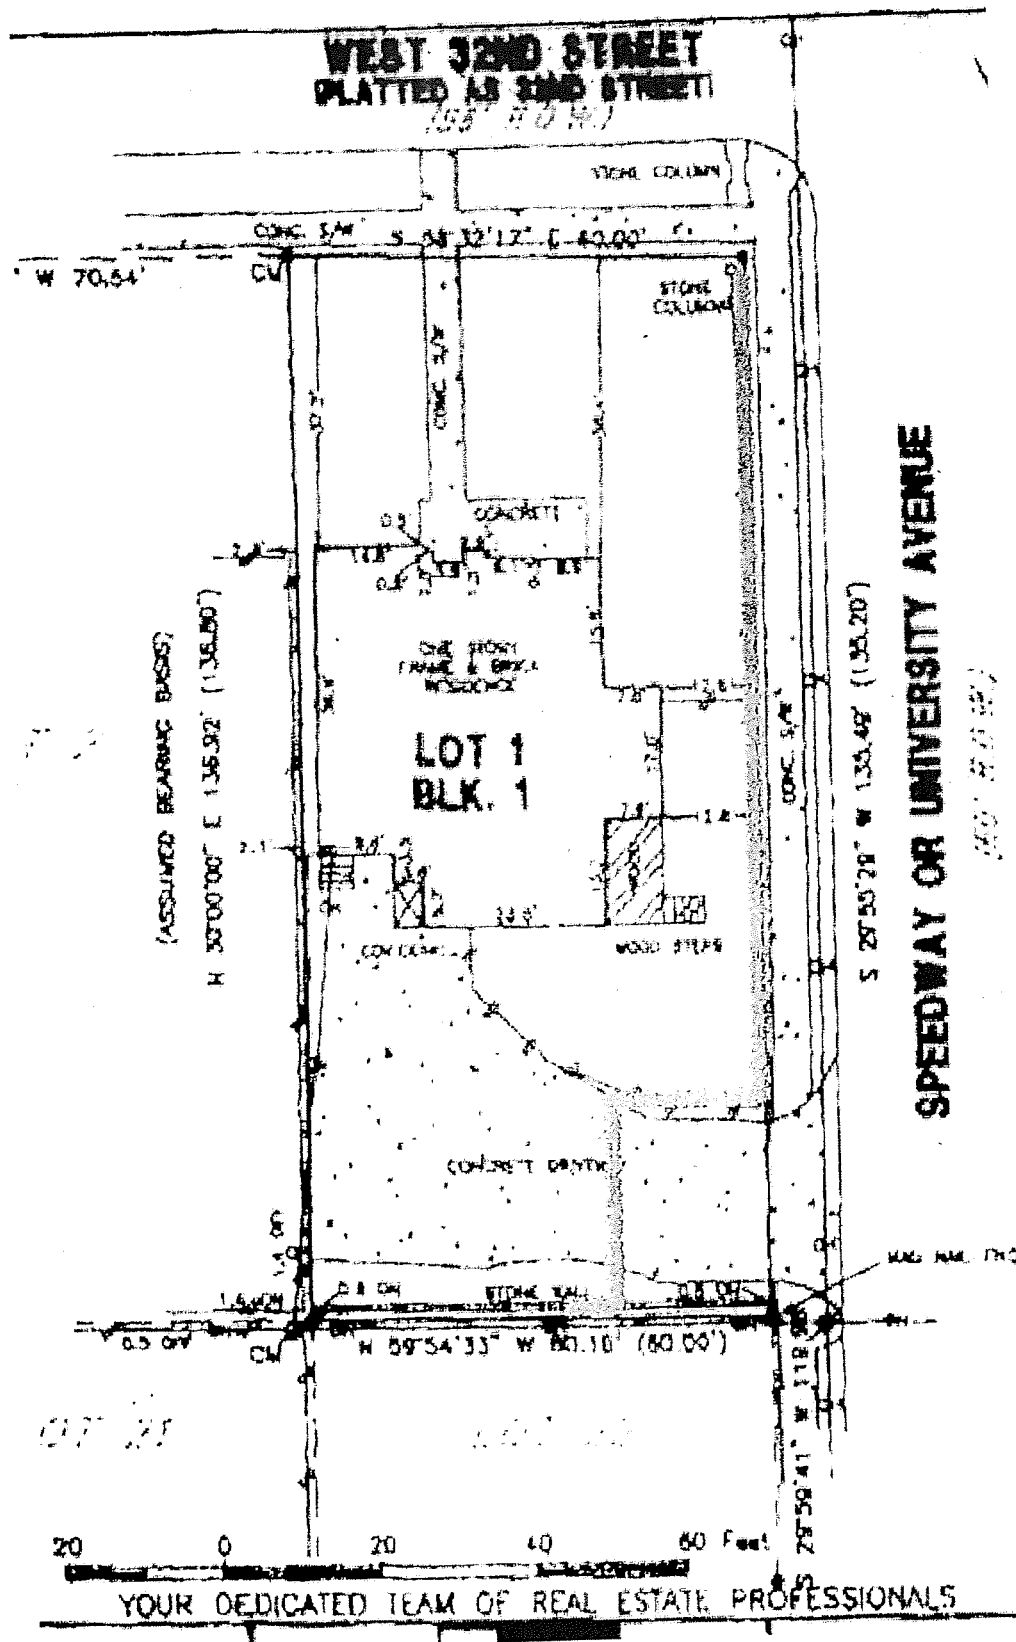

History

- We purchased this house on 9/21/2013
- The first renovation projects completed was a new privacy wall along Speedway
- This wall was built on the existing location of a wood fence with a limestone base
- This previous fence was not level and was also starting to fail in some areas
- The new wall upgraded the aesthetic appeal of the property and also provided much needed privacy along one of the main thoroughfare's in the neighborhood
- The wall was designed to match the look and feel of the neighborhood, specifically the wall on the adjacent property to the south
- Although we were unaware of the height limitation for this project, the wall was designed to effectively obstruct traffic views into the house while also staying level across the property to enhance the aesthetic appeal

Survey

4
25

Submitted Plans

Original from Speedway

image from google maps

- Corner lot is along Speedway, a main north south thoroughfare to the university
- Property grading drops 4ft from north side of fence to south side
- Original fence did not take into account the lot grading, was in need of repair, was not level, did not provide appropriate privacy, and was also much taller in the front yard than the new wall

2/14

Updated from Speedway

image from google maps

- New wall is built on existing fence line but is level across the entire yard, provides much needed privacy in the living rooms and bed rooms and also better fits the look of the neighborhood (matching the adjacent neighbor and allowing for better view of front yard and 32nd street)

5/28/15

4
29

Uneven Lot

- Lot slopes downward ~4ft from the north to south end of the wall
- Keep the wall level enhances the aesthetics and maintains privacy in the back of the house
- The house is built level to the front yard so back of house is ~4ft higher than backyard

Aesthetics

- New wall is built on new solid footing, is level across the entire yard; provides much needed privacy in the living rooms and bed rooms, and also better fits the look of the neighborhood (matching the adjacent neighbor and allowing for better view of front yard and 32nd street)
- image from google maps

3/7/5

Key Points

- Reasonable Use:
 - The 6ft fence height restriction generally offers enough height to provide privacy for residents; this corner lot, with 4ft of grading change, alongside a busy street, does not allow for privacy with a 6ft fence
- Hardship:
 - Corner lot with 4 feet of height difference along fence line from north to south side of property
 - Busy street / Intersection / STOP sign in line sight of bedroom window
- Area Character
 - Matches neighbors wall along Speedway
 - Enables privacy in house

LY
38

Summary

- Although we were unaware of the height limitation for this project, the wall was designed to effectively obstruct traffic views into the house while also staying level across the property to enhance the aesthetic appeal
- This project and the many other renovations done to the property have all been upgrades improving not only the property, but also Aldridge Place as a whole
- Since completion we have received overwhelmingly positive feedback and believe we have the support of the broader Aldridge Place community and North University Neighborhood Association
- We sincerely appreciate your time and consideration

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, **you are not required to attend**. However, if you do attend, you have the opportunity to speak **FOR** or **AGAINST** the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

Comments:

well

The fence is too high & doesn't fit in with the look of

the neighborhood

Also the wall is attached to the

historic stone column.

Comments: 1 OBJECT ON MULTIPLE LEVELS:

① THE WALL IS NOT A FENCE

② THE WALL IS AT LEAST FOUR FEET HIGHER THAN THE SIX FOOT CODE

③ THE VARRIANCE SHOULD NOT FOLLOW THE CONSTRUCTION, IT SHOULD PRECEED IT.

④ IT SENDS A HARSH MESSAGE TO NEIGHBORS AND PASSERS BY.
