Hi Leane,

Just to follow-up on Ray's email, we are negotiating with an important stakeholder to gain its support for the project. That stakeholder's board does not meet until mid-November. We prefer to proceed with that stakeholder's support, and that is the reason we are requesting postponement until December. Thank you, Matt Knifton (TRC owner)

CITY OF AUSTIN  
APPLICATION TO BOARD OF  
ADJUSTMENT GENERAL  
VARIANCE/PARKING VARIANCE

**WARNING: Filing of this appeal stops all affected construction activity.**

PLANE: APPLICATION MUST BE TYPED WITH ALL REQUESTED  
INFORMATION COMPLETED.

STREET ADDRESS: 1541 W. Cesar Chavez, Austin, Texas, 78703

LEGAL DESCRIPTION: Navigable waterway of the Colorado River in  
the George W. Spear Survey No. 7, Travis County.

I/we Matt Knifton on behalf of myself/ourselves as authorized agent for  
Austin Parks and Recreation Department affirm that on August 13, 2015, hereby  
apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below and state what portion of the Land Development  
Code you are seeking a variance from)

    ERECT     ATTACH     COMPLETE   X   REMODEL     MAINTAIN

Extend the existing Texas Rowing Center dock an additional 20 feet into Lady Bird Lake  
from its present location ranging from 27 feet to 69 feet from shore. The new location  
will range from 47 feet to 89 feet from shore. This new configuration will provide for the  
removal of boat storage from park land to the waters of Lady Bird Lake.

I seek a variance from 25-2-1176 (A) (1): A dock may extend up to 30 feet from the  
shoreline, except that the director may require a dock to extend a lesser or greater  
distance from the shoreline if deemed necessary to ensure navigation safety.

In a P-NP district. (Old West Austin)  
(zoning district)

**NOTE:** The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

**VARIANCE FINDINGS:** I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

**REASONABLE USE:**

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

In its wording, having no adverse impact on navigation safety is not sufficient cause to permit a dock to extend farther than 30 feet from shore. The proposed Dock Modification and Floating Boat Storage will extend 89 feet from shore at its greatest extent. But this new configuration will still be only 16 feet beyond a projection of land just 150 feet downstream of the dock that for practical purposes defines the true navigable channel. (Refer to Location Map.)

This project provides on-water boat storage for the Texas Rowing Center, a PARD concession that provides public access to recreation use of Lady Bird Lake. Relocating boat storage to the dock where the boats will be used will remove the present growing hazard arising from the increasing number of boats (up to 60 feet long) having to be carried across the heavily used Hike and Bike Trail. This project is a Life Safety priority for PARD.

**HARDSHIP:**

2. (a) The hardship for which the variance is requested is unique to the property in that:

No other boating concession on Lady Bird Lake has the challenge of moving large boats across a busy pedestrian and cycling path. The danger of collision resulting in serious injury grows yearly.

410  
#6

2. (b) The hardship is not general to the area in which the property is located because:

No other boating concession on Lady Bird Lake has the challenge of moving large boats across a busy pedestrian and cycling path.

#### AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Texas Rowing Center, a PARD concession founded in 1987 to promote boating recreation on Lady Bird Lake is an essential element of the vibrant on-water activities that characterize the Colorado River in the heart of the city. The Hike and Bike Trail is a popular feature of the riverfront parkland that is identified with the city and is emblematic of its active outdoor lifestyle. Untangling the potentially dangerous traffic snarl at the park's narrowest point will allow both the Rowing Center and the Trail to function better for the enjoyment and safety of all users.

#### Additional Considerations regarding Area Character:

1. Construction of much-needed boat storage in the lake will result in no removal of parkland trees.
2. Construction of much-needed boat storage in the lake will result in no cut-and-fill disturbance of parkland.
3. Utilizing the existing dock for staging and construction will result in no disruption to the use of the Hike and Bike Trail.

#### PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

Not Applicable

40  
7

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

Not Applicable

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

Not Applicable

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

Not Applicable

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

## MEMORANDUM

**TO:** Vincent Harding, Chair  
Board of Adjustment

**FROM:** Sara L. Hensley, CPRP, Director  
Austin Parks and Recreation Department *S. Hensley*

**DATE:** October 27, 2015

**SUBJECT:** Texas Rowing Center Dock Modifications and Floating Boat Storage;  
Contract #R000011

---

The Parks and Recreation Department ("PARD") administers a rowing and paddling concession located adjacent to the hike and bike trail on the north bank of Lady Bird Lake near Austin High School. The concessionaire is Texas Rowing Center ("TRC"), owned by Mr. Matthew Knifton.

Co-applicants TRC and PARD are seeking a variance from the Board of Adjustment to permit the modification of the TRC dock and the construction of a floating boathouse facility to move boat storage and office activities to the dock. By moving boat storage and office activities from the current location north of the trail to the dock, TRC will remove the present growing hazard arising from increasing traffic of boats (up to 60' long) crossing the heavily used hike and bike trail. This project is a priority Life Safety Issue for PARD.

The particulars of the project, including dimensional site plan and building elevations are incorporated into Amendment No. 5 of the Concession Agreement No. R000011, between the City of Austin and Texas Rowing Center, dated May 5, 2015 (attached). Paragraph 2.10.4 of the Concession Agreement requires that TRC complete the project or be subjected to additional concession fee amounts. Section 1.0 requires that the project will become the property of the City upon termination of the agreement. The Concession Agreement and the project itself have been approved by the Parks and Recreation Board at separate meetings on February 24, 2015 (approval of contract amendment), and on June 23, 2015 (approval of project).

By way of this letter, I state PARD's support for the project contingent upon successful compliance with all pertinent development and navigation requirements.

Should you have any questions, please contact my office at (512) 974-6717.

- 6.8 Rights to Contractual Material. Material submitted by the Contractor to the City shall become property of the City upon receipt. Any portions of such material claimed by the Contractor to be proprietary must be clearly marked as such. Determination of the public nature of the material is subject to the Open Records Act, Chapter 552, Texas Government Code.
- 6.9 Advertising. The Contractor shall not advertise or publish, without the City's prior consent, the fact that the City has entered into the Agreement, except to the extent required by law.
- 6.10 No Contingent Fees. The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Agreement upon any agreement or understanding for commission, percentage, brokerage, or contingent fee, excepting bona fide employees of bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the City shall have the right, in addition to any other remedy available, to cancel the Agreement without liability and to deduct from any amounts owed to the Contractor, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

- 6.11 Gratuities. The City may, by written notice to the Contractor, cancel the Agreement without liability if it is determined by the City that gratuities were offered or given by the Contractor or any agent or representative of the Contractor to any officer or employee of the City of Austin with a view toward securing the Agreement or securing favorable treatment with respect to the awarding or amending or the making of any determinations with respect to the performing of such contract. In the event the Agreement is canceled by the City pursuant to this provision, the City shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by the Contractor in providing such gratuities.
- 6.12 Prohibition Against Personal Interest in Contracts. No officer, employee, independent Contractor, or elected official of the City who is involved in the development, evaluation, or decision-making process of the performance of any solicitation shall have a financial interest, direct or indirect, in the Agreement resulting from that solicitation. Any willful violation of this section shall constitute impropriety in office, and any officer or employee guilty thereof shall be subject to disciplinary action up to and including dismissal. Any violation of this provision, with the knowledge, expressed or implied, of the Contractor shall render the Agreement voidable by the City.
- 6.13 Independent Contractor. The Agreement shall not be construed as creating an employer/employee relationship, a partnership, or a joint venture. The Contractor's services shall be those of an independent Contractor. The Contractor agrees and understands that the Agreement does not grant any rights or privileges established for employees of the City.
- 6.14 Assignment-Delegation. The Agreement shall be binding upon and inure to the benefit of the City and the Contractor and their respective successors and assigns, provided, however, that no right or interest in the Agreement shall be assigned and no obligation shall be delegated by the Contractor without the prior written consent of the City. Any attempted assignment or delegation by the Contractor shall be void unless made in conformity with this paragraph. The Agreement is not intended to confer rights or benefits on any person, firm or entity not a party hereto; it being the intention of the parties that there be no third party beneficiaries to the Agreement.
- 6.15 Waiver. No claim or right arising out of a breach of the Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless the waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party. No waiver by either the Contractor or the City of any one or more events of default by the other party shall operate as, or be construed to be, a permanent waiver of any rights or obligations under the Agreement, or an express or implied acceptance of any other existing or future default or defaults, whether of a similar or different character.
- 6.16 Modifications. The Agreement can be modified or amended only by a writing signed by both parties. No pre-printed or similar terms on any Contractor invoice, order or other document shall have any force or effect to change the terms, covenants, and conditions of the Agreement.

6.17 Interpretation. The Agreement is intended by the parties as a final, complete and exclusive statement of the terms of their agreement. No course of prior dealing between the parties or course of performance or usage of the trade shall be relevant to supplement or explain any term used in the Agreement. Although the Agreement may have been substantially drafted by one party, it is the intent of the parties that all provisions be construed in a manner to be fair to both parties, reading no provisions more strictly against one party or the other. Whenever a term defined by the Uniform Commercial Code, as enacted by the State of Texas, is used in the Agreement, the UCC definition shall control, unless otherwise defined in the Agreement.

6.18 Dispute Resolution.

6.18.1 If a dispute arises out of or relates to the Agreement, or the breach thereof, the parties agree to negotiate prior to prosecuting a suit for damages. However, this section does not prohibit the filing of a lawsuit to toll the running of a statute of limitations or to seek injunctive relief. Either party may make a written request for a meeting between representatives of each party within fourteen (14) calendar days after receipt of the request or such later period as agreed by the parties. Each party shall include, at a minimum, one (1) senior level individual with decision-making authority regarding the dispute. The purpose of this and any subsequent meeting is to attempt in good faith to negotiate a resolution of the dispute. If, within thirty (30) calendar days after such meeting, the parties have not succeeded in negotiating a resolution of the dispute, they will proceed directly to mediation as described below.

6.18.2 Negotiation may be waived by a written agreement signed by both parties, in which event the parties may proceed directly to mediation as described below. If the efforts to resolve the dispute through negotiation fail, or the parties waive the negotiation process, the parties may select, within thirty (30) calendar days, a mediator trained in mediation skills to assist with resolution of the dispute. Should they choose this option, the City and the Contractor agree to act in good faith in the selection of the mediator and to give consideration to qualified individuals nominated to act as mediator. Nothing in the Agreement prevents the parties from relying on the skills of a person who is trained in the subject matter of the dispute or a contract interpretation expert. If the parties fail to agree on a mediator within thirty (30) calendar days of initiation of the mediation process, the mediator shall be selected by the Travis County Dispute Resolution Center (DRC). The parties agree to participate in mediation in good faith for up to thirty (30) calendar days from the date of the first mediation session. The City and the Contractor will share the costs of mediation equally.

6.19 Jurisdiction and Venue. The Agreement is made under and shall be governed by the laws of the State of Texas, including, when applicable, the Uniform Commercial Code as adopted in Texas, V.T.C.A., Bus. & Comm. Code, Chapter 1, excluding any rule or principle that would refer to and apply the substantive law of another state or jurisdiction. All issues arising from this Agreement shall be resolved in the courts of Travis County, Texas and the parties agree to submit to the exclusive

personal jurisdiction of such courts. The foregoing, however, shall not be construed or interpreted to limit or restrict the right or ability of the City to seek and secure injunctive relief from any competent authority as contemplated herein.

- 6.20 Invalidity. The invalidity, illegality, or unenforceability of any provision of the Agreement shall in no way affect the validity or enforceability of any other portion or provision of the Agreement. Any void provision shall be deemed severed from the Agreement and the balance of the Agreement shall be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void. The parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this section shall not prevent this entire Agreement from being void should a provision which is the essence of the Agreement be determined to be void.

This Agreement is executed in duplicate originals to be effective as of May 19, 2000.
