Dec 7, 2015

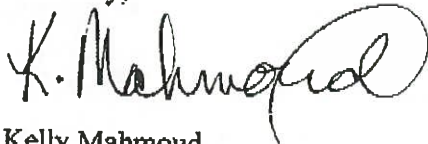

Dear Members of the Historic Landmark Commission,

I am writing to express my concern regarding the pending application for demolition of the home located at 2604 Woodmont Avenue. My reasons are outlined below:

- The home was built in 1938 and is one of the oldest on the street. The home adds a significant amount of historic character to Woodmont Avenue and the neighborhood.
- I have been in this home on numerous occasions and it is in good condition inside and out. I do not see any evidence that the structure is of a state that warrants demolition.
- Two enormous oak trees reside on the property and new construction would jeopardize their health.
- Former residents of the home are of historical importance to Austin and Texas.

Thank you for serving our city and for your thoughtful consideration of the historic implications that the home at 2604 Woodmont Avenue brings to Austin.

Sincerely,

Kelly Mahmoud

Dear Steve Sadowsky,

I respectfully object to demolishing the house at 2103 E 2nd Street at this time. My concern is that one wall of their garage and a portion of their driveway are on my property. Would demolishing either of these require a permit for my property as well? I would like to know what plans are in place to protect my property during the demolition and how disruptive the process will be if work crews need to be on my property. I'd also like to know what the plans are for my property where the garage wall and driveway currently exist? Will that land be leveled and graded or just left in a demolished condition. With these issues adequately addressed, I would remove my objection.

Sincerely,

Comments: *Most of the homes in my block are from the 20's + 30's. Tearing this home down to only build a new one is only going to raise property taxes + further the heart culture of East Austin. I strongly object to this demolition because of poor construction. No one complains as well.*
