Re: Case Number C14-2015-0122, Phase 5B River Place Center Rezoning, 10819 FM 2222, Zoning & Platting Commission Hearing Agenda Item C.4, December 15, 2015.

Dear Ms. Haase,

2222 Coalition of Neighborhood Associations (2222 CONA) requests a postponement to the January 5, 2016 meeting of the Zoning & Platting Commission for the referenced agenda item.

This postponement is requested so that we may have time to finalize the restrictive covenant we are negotiating with the property owner.

2222 CONA represents homeowner associations and neighborhood associations in the area surrounding RM 2222, Loop 360 and RM 620 in northwest Austin. The subject property is within our area of interest as registered with the City of Austin Community Registry.

Please contact me if there are any questions or comments regarding this request.
