

## MEMORANDUM

**TO:** Gabriel Rojas, Chair  
Zoning and Platting Commission

**FROM:** Kevin Shunk, P.E., CFM, Floodplain Administrator  
Watershed Protection Department

**DATE:** December 11, 2015

**SUBJECT: Postponement request for the briefing on the Future of the Creeks**

Thank you for the opportunity for the Watershed Protection Department to provide a briefing to the Commission on the future of Austin's creeks. We have been coordinating with Vice Chair Goodman and Commissioner Denkler to ensure that our briefing will effectively address the Commission's needs.

Due to the complexity and breadth of the topics in addition to the significant flood recovery efforts that are on-going, WPD is requesting that this item be postponed until the February 2, 2016, meeting.
