CASE # C16-2015-0015

CITY OF AUSTIN  
APPLICATION TO SIGN REVIEW BOARD  
SIGN VARIANCE

**WARNING:** Filing of this appeal stops all affected construction activity.

**PLEASE: TYPE AND COMPLETE ALL REQUESTED INFORMATION.**

**STREET ADDRESS:** Austin Emergency Center, 13435 Highway 183 N., Suite 311, Austin, Texas 78750

**LEGAL DESCRIPTION:** Subdivision – Anderson Arbor Shopping Center

Lot(s) \_\_\_\_\_ Block \_\_\_\_\_ Outlot \_\_\_\_\_ Division \_\_\_\_\_

I/We Dr. Luke Padwick on behalf of myself/ourselves as  
authorized agent for **Pahala Ventures, LLC (Austin Emergency Center)**

\_\_\_\_\_ affirm that on \_\_\_\_\_, 20\_\_, hereby apply for a hearing before  
the Sign Review Board for consideration to:

**ERECT – ATTACH – COMPLETE – REMODEL – MAINTAIN**

**A double faced pole/pylon sign at 35' OAH (consistent with the attached application) in the Anderson Arbor Shopping Center parking lot, visible from Highway 183, with the intention of making the Austin Emergency Center ER easier for patients to identify and locate.**

in a \_\_\_\_\_ zoning district and located within the \_\_\_\_\_  
Sign District.

Please contact Eben Kellogg with the Electric Utility at (512)322-6050 and send him a scan of your request to [eben.kellogg@austinenenergy.com](mailto:eben.kellogg@austinenenergy.com) before filing your application with this office to discuss your request. The Electric Utility will recommend the board deny your request if it will result in an encroachment into an electric easement or an NESC violation.

**NOTE:** The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. In order to grant your request for a variance, the Board must first make one or more of the findings described under 1, 2, and 3 below; the Board must then make the finding described in item 4 below. If the Board cannot make the required findings, it cannot approve a sign variance.

Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

C/3

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings:

1. The variance is necessary because strict enforcement of the Article prohibits any reasonable opportunity to provide adequate signs on the site, considering the unique features of a site such as its dimensions, landscaping, or topography, because: Austin Emergency Center is a Full Service Emergency Room, Open 24 hours per day, 7 days a week. As such, we provide 24/7 emergency care to individuals often in dire medical need. It is imperative that our facility is easily located by those with both an urgent or emergent need to find our ER. We follow EMTALA guidelines and evaluate and treat all emergent individuals, regardless of their ability to pay.

As a component of the 'medical safety net' of the community, Austin Emergency Center plays a potentially larger role as part of the community's disaster relief network. As such, it is important that the community be aware of who we are, and that our signage be easily visible, especially from the highway.

Unfortunately, the existing landscape and topology are such, that very large trees almost completely block the view of the ER signage on both the front and side of our building, which represent the most identifiable aspects of our facility. Currently, it is nearly impossible for a driver to see our location, even from a close distance from the highway. For an individual who may be having a stroke, heart attack or some other emergent medical condition, time is always of the essence. Consequently, the proposed sign, which would be located in front (West) of the tree line, would allow patients presenting from the highway, to know where we are located and to more easily find our ER.

As it stands currently (see attached letter/letters), we have had a significant number of patients who have called us, but have then had significant difficulty (and time delays), in actually finding our location. This is simply unacceptable, given our charge by the state, to care for and treat patients in emergency situations.

Aside from the medical implications as noted above, our sign is our brand, which helps maintain the viability of our business and our service to the community. Our South Lamar Austin Emergency Center facility has an identical sign as the sign proposed in this application. As such, it is important to us that we maintain 'brand cohesiveness' to assure maintenance of the viability of our ER at Anderson Mill and Highway 183 North.

It is also important to note that there no hospitals within the 5x10 mile rectangle, defined by: Highway 1431, Parmer Lane, Braker Lane, and the residential areas West of highway 183. Consequently, Austin Emergency Center is filling this void in hospital accessibility and providing a vital medical service, previously not readily accessible to the residents in this region.

OR,

2. The granting of this variance will not have a substantially adverse impact upon neighboring properties, because:

\_\_\_\_\_  
\_\_\_\_\_

5/5

OR,

3. The granting of this variance will not substantially conflict with the stated purposes of this sign ordinance, because: \_\_\_\_\_

AND,

4. Granting a variance would not provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated, because: In applying for this additional signage, Austin Emergency Center is in no way impeding or preventing other local businesses in the same shopping center or in the local vicinity, from seeking the same or similar improvements in their signage or visibility. In fact, per the attached petitions, please note that we have obtained signatures of approval for our sign from no less than nine (9) of our neighboring businesses, including signatures of support from the owners of the pertinent property (the landlord), themselves.

In fact, Austin Emergency Center has been extremely well-received and welcomed by the businesses which make up the local community, including those of Anderson Arbor Shopping Center, many of whom feel that the opening of our ER only brings greater awareness to the businesses which comprise the shopping center, and enhance their success and viability, because of our role in the community.

From: **Hawkins, Angela** <[REDACTED]>  
Date: Wed, Sep 16, 2015 at 5:03 PM  
Subject: Your Austin Emergency on Anderson Mill  
To: Jody Hardy <jh[REDACTED]>

Dear Ms. Hardy,

I recently had reason to visit your Anderson Mill location. While there everyone on the staff was wonderful- polite, cheerful, and helpful. However, actually finding the emergency center wasn't easy.

As I pulled in there was a large sign with an arrow pointing toward the far end of the strip center. So I drove past Gold's Gym and all the way to Kerby Lane Cafe, then turned and went along the 183 frontage road looking for your location. I finally came back around again and saw that it was, in fact, under the arrow pointing to the end of the strip center.

Luckily, I was not in a life or death situation but I am sure that some of your patients are. The time delay driving around the parking lot could be critical to these people. I would suggest you alter the sign to better reflect your true location.

Regards,

Angela Hawkins
