Austin Board of Adjustment

Dear Board Commissioners,

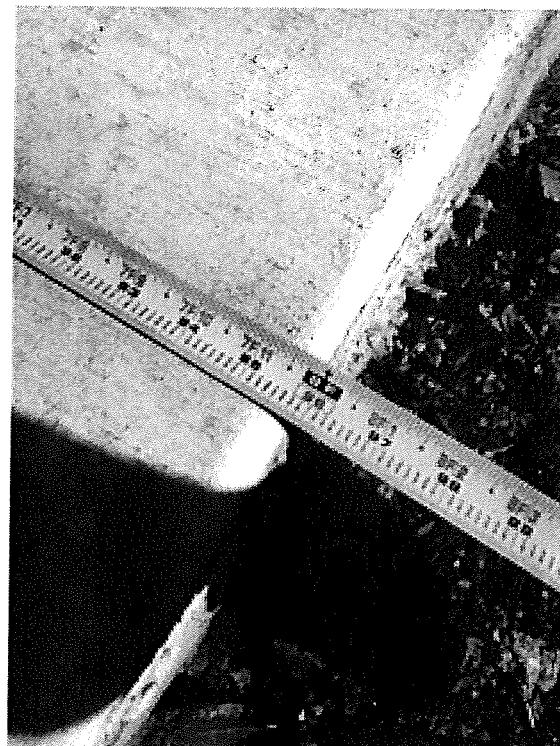

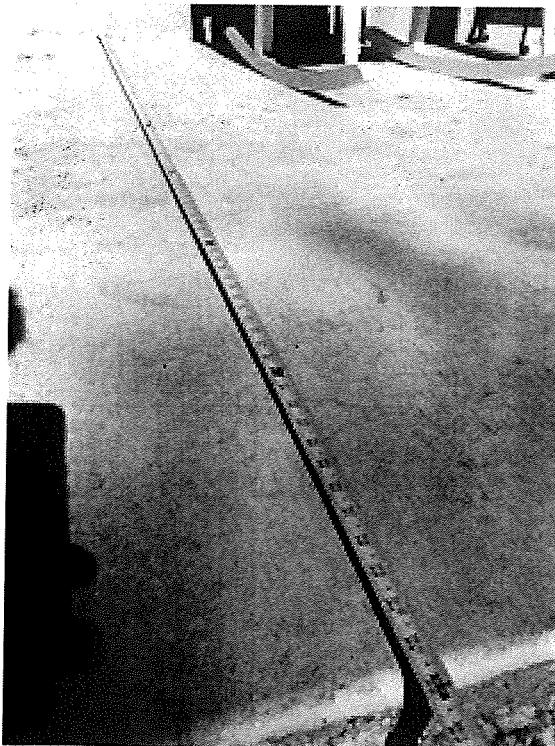

I respectfully request a reconsideration on the basis of evidence that has come to my attention since my presentation at the last board meeting on December 14th, 2015. It was made aware to me that there is a subsection G in code 25-2-513 that states that any property zoned MF or more restrictive (my property is SF-2) allows that property to have a porch open on 3 sides projecting 5ft. into the required yard.

My home sits 1ft. from the required yard. My porch extends 8ft. out from the house causing it to extend 7ft. into the required yard. My request is to reconsider the variance allowing for 2 extra feet extending into the required yard.

Thank you for your consideration,

Justin Cofield

CITY OF AUSTIN TCAD ✓
APPLICATION TO BOARD OF ADJUSTMENT
GENERAL VARIANCE/PARKING VARIANCE

WARNING: Filing of this appeal stops all affected construction activity.

PLEASE: APPLICATION MUST BE TYPED WITH ALL REQUESTED INFORMATION COMPLETED.

STREET ADDRESS: 5414/5412 Northdale Dr.

LEGAL DESCRIPTION: Subdivision - LOT A BLK D RESUB OF LTS 2-3 SPRINGDALE HILLS

Lot(s) A Block D Outlot _____ Division _____

I/We Justin Cofield on behalf of myself/ourselves as authorized agent for

affirm that on Aug. 20, 2015,

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below and state what portion of the Land Development Code you are seeking a variance from)

ERECT ATTACH COMPLETE REMODEL MAINTAIN

VARIANCE

Seeking a special exception from LDC25-2-513 to decrease required yard from 25' to 15' to accommodate a front porch that was built extending 8' from the house.

in a SF2-NP district. (Pecan Spring - Springdale)
(zoning district)

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

Revised
I
C15-2015-01486

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

This property was built in 1964 but annexed in 1967. Current zoning requirements leave my home only 1ft. away from required yard set back which deprives my home of the amenity of a porch to be added that would allow protection from weather as well as outdoor seating.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

Zoning requirements leave my home only 1ft. away from required yard setback. A porch addition that would fit the size and scope of this home would encroach into the required yard. The required yard setback does not allow for an addition to the front of this house that would be complimentary to its size.

- (b) The hardship is not general to the area in which the property is located because:

This home design is unlike almost all others in this neighborhood. It is 2 story with no porch included under original roof. Almost all other homes are single story with an included front porch in original design while not encroaching into the setback of required yard. Most homes were designed with an original front porch. The unique design of my home does not leave any room for the amenity of a front porch fitting the scope of the home without encroaching into the required yard.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Porch will remain open on 3 sides allowing for no visual impairments from adjoining properties.

Porch fits with style and aesthetics of home as well as leaves 18ft. of required yard as open space in front of the porch addition. All immediate neighbors have signed a notice of support for this variance. Because this is a double lot, there is considerable open space in the side yards on either side of the home.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:
-
-

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:
-
-

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:
-
-

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
 - appearing and speaking for the record at the public hearing;
- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
 - is the record owner of property within 500 feet of the subject property or proposed development; or
 - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.austintexas.gov/deservices.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice. All comments received will become part of the public record of this case.

Hi Justin,

I think this is out of the scope of what the neighborhood association would do. Were you able to get the signatures from all your neighbors? I think those would carry the most weight.

Many thanks,
Tyson Brown

Hello Nat & Tyson...

My name is Justin Cofield, and I live in Springdale Hills.
I was at the Association meeting in June, and found it very informative.
Thank you guys for staying up to date on the latest in our city and neighborhood!

I'm emailing to ask the best way to get a letter of support from the neighborhood association concerning a variance I'm applying for.
I have added a porch onto the front of my house and unknowingly, it is about 3ft. too deep. The code for our neighborhood calls for porches to be 5ft. out from the house, my porch is 8ft.
I'm in the process of applying for a variance, and I plan to supply signatures from all my neighbors, as well as logical justification as to why the variance is warranted.

Is there a process you guys go through to give Association support in this kind of situation?
I would be grateful for any direction or support.

Thanks,
Justin Cofield

I, Tessie Copeland, am applying for a variance from the Board of Adjustment regarding Section _____ of the Land Development Code. The variance would allow me the ability to KEEP MY RECENTLY BUILT FRONT PORCH AT A LENGTH OF 8 FT. FROM THE FRONT OF MY HOUSE.

By signing this form, I understand that I am declaring my support for the variance being requested.
