Re: Easement Release for Right-of-way Vacation Application
500 Bastrop Hwy
Austin, TX

Dear Mr. Hammack:

On behalf of our client, Oden Hughes, LLC, Jones & Carter, Inc. is requesting the release of two easement documents that contains language granting a right-of-way to the public. The easements were granted as separate instruments prior to the tract being annexed into the City of Austin. The tract has never been platted and the owner has been paying taxes on the property. From site conditions, it appears the easement was initiated to provide access to adjoining properties on the flag portion of the tract when adjoining properties were sold. The easement recorded in Vol. 4502, Pg. 69 was the initial easement, then Vol. 4512, Pg. 151 was also recorded to extend the easement further into the flag portion of the tract. The tract was never platted and the land contained within the easement was never paved; the only improvement appears to be gravel base material to allow access to the residence on this tract and to the adjoining property which contains several small cottages.

The tract is currently zoned CS-CO-NP and will be rezoned to allow a mixed use development when the property is redeveloped. A Site Development Permit application has not been submitted since the first step in the entitlement process is to rezone the property. Once rezoned to allow the multi-family use, and either a legal lot determination or a subdivision is processed, a Site Development Permit for the property will be submitted. The project will not include SMART housing. The start of construction is anticipated to be March, 2016. The property to the north contains several small rental cottages and the property to the south is a mobile home park. Parking is currently surface parking. The ownership of the tract and the adjacent properties is set up as three separate legal entities but the same person is the signatory authority. Since only an easement was granted prior to annexation by the City of Austin, no government body provided any improvements or maintenance of the easement, the owners have paid taxes on the land, the City of Austin does not have any vested interest in the easement for which financial remuneration should be required.

We appreciate your consideration of this easement vacation request. If you have any questions or require additional information, please contact me at (512) 441-9493.

Sincerely,

James M. Schissler, P.E.
