Hello Ms. Heldenfels,

I'd like to register my objections to the proposed modifications for signage at 11712 N Lamar Blvd. I am a resident of the WCNA neighborhood and drive past this address many times a day. There are already signs at the neighboring shops that are inappropriate for this area. Plus there is another storage company on the opposite side of Lamar from this one that does not need to use such large signs to do business. Such a sign is not desired by our neighborhood. Please do not allow this precedent to be set in an area that is more residential than commercial.

Thank you for your time and assistance,

- Bunnie Twidwell

Please note that I, at 11801 Whitewing Ave., object the requested modifications to code which are being proposed by the owner at said location. In order to improve this neighborhood, we at the WCNA work very hard to limit the industrial and commercial effects of Lamar and Braker growth. We believe that these requests would bring down the neighborhood value in just this way and hope that with further thought, you too will agree to this objections.

Hello,

Kipa Smith and family, at 11924 Oakbrook Dr., object to the requested modifications to code which are being proposed by the owner at 11712 N. Lamar Blvd.

In order to improve this neighborhood, we at the WCNA work very hard to limit the industrial and commercial effects of the Lamar and Braker Ln. area growth. We believe that these current requests to ignore or change compliance to the current ordinances would bring down our neighborhood value. We hope that with further thought, you too will agree to this objections.

We are fighting every day to keep our neighborhood safe and from becoming nothing but a bunch of storefronts. Our neighborhood's perimeter is in danger of becoming a series of strip malls and eye sores. Please assist us in maintaining the integrity of our neighborhood by upholding the current ordinances and rules.

Thank you,

Kipa

Re: C16-2016-0002

11712 N Lamar

This is to object to the requested variance to code proposed by the owner referenced in the case number above. We would like to improve the neighborhood, rather than further detract from it, and this includes maintaining as uncluttered and attractive a roadway as possible.

Thanks very much.

Hello,  
I am writing to object to the sign variance request C16 -2016 0002, for a larger sign placed in the right of way. As a WCNA Board member and resident I am concerned about increased unsightly development , and have already noticed a bright, distracting sign at the close by Balkan Cafe. As a neighborhood we would like ensure N Lamar is not over run by unsightly sinage.

Thank you for your consideration!

I am writing to let you and the rest of the City; that we good people here in Walnut Creek DO NOT want this Big Ugly Sign in our Neighborhood. It's bad enough that we have to deal with the homeless, the drug addicts, trash and dumping. We are trying hard to keep our Neighborhood Beautiful. You keep making that harder for US to accomplish. This City is a mess there is Trash Everywhere. It's a Shame. With the taxes we pay there is no excuse for this. Tax the tourists who come here and leave all their trash behind. Clean our Beautiful City and clean Lady Bird Lake. She's probably turning in her grave.

This makes me very sad.

Thank you in advance for your attention to to this matter.

Very Concerned,  
Cheryl Shapiro

Hello Ms. Heldenfels:

Please find attached my written statement of objection to allowing the variance for size of sign and placement in the right-of-way for Case No. **C16-2016-0002, for 11712 N. Lamar.**

It is here attached as a PDF, which I've signed and scanned.

Thank you for this opportunity to have input. This request goes against what the Walnut Creek Neighborhood Association and our residents with what we are working to have North Lamar Blvd. look like.

Sincerely,

Pamela Cosel

# PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, **you are not required to attend.** However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing; and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

Comments: I disagree with allowing the 1 acre sign and not allowing it in the right-of-way. Our North Lamar neighborhood has been working hard on beautification issues. This is not contributing in a positive way to allow this request.
