

# *THE CAMPO 2040 REGIONAL TRANSPORTATION PLAN*

Urban Transportation Committee  
Presentation

February 9, 2016

**A regional, multi-modal transportation planning agency responsible for a comprehensive, cooperative and continuous planning process.**

## 2040 PLAN PURPOSE

- Identify strategic transportation investments for the region
- Develop a robust, multi-modal transportation system
- Meet the needs of a growing populace and economy
- Direct investments in roadways, nonmotorized facilities, transit and system management

## THE 2040 PLAN PROCESS

### **Social Equity**

- *Ensure that the benefits and impacts of the transportation system are equitably distributed regardless of income, age, race, or ethnicity.*

### **Land Use and Transportation**

- *Support coordinated planning of land use and transportation where applicable.*

### **Safety & Security**

- *Increase the safety and security of the transportation system.*

### **Air Quality and Energy**

- *Minimize air pollution and energy consumption related to the transportation system.*

### **Mobility and Access**

- *Maintain and enhance mobility and access of goods and people within the region.*

### **Connectivity**

- *Improve connectivity within and between the various transportation modes for goods and for people of all ages and abilities.*

### **Economy**

- *Ensure that the transportation system can be maintained and operated over time.*

### **Project Delays**

- *Help reduce project delays through the project development and delivery process and in the allocation of funds.*

### **Environment, Noise, and Neighborhood Character**

- *Minimize negative impacts to environmental resources, reduce adverse noise impacts, and preserve neighborhood character.*

### **Efficiency**

- *Improve the efficiency and performance of the transportation system.*

### **System Preservation**

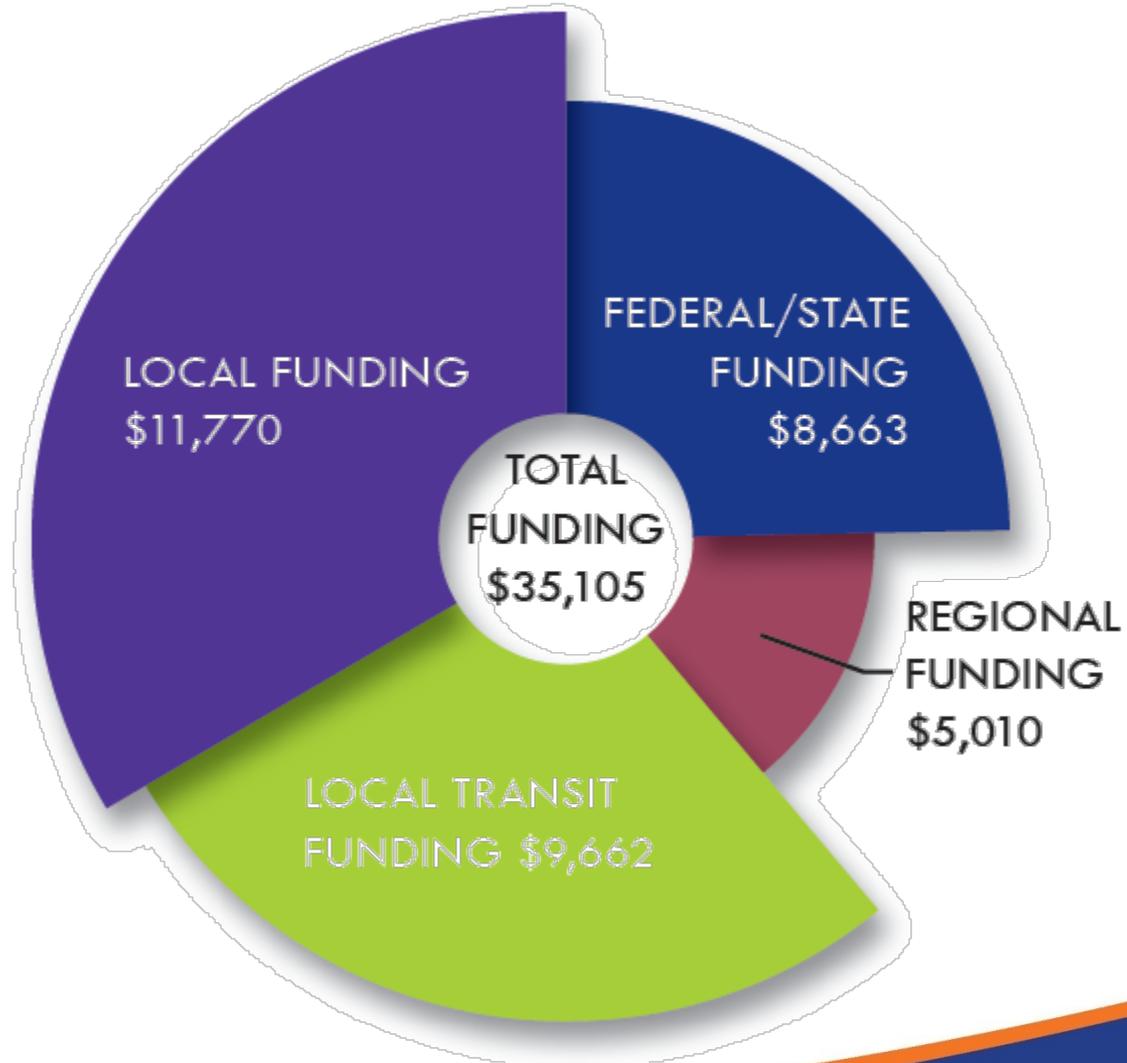

- *Help reduce project delays through the project development and delivery process and in the allocation of funds.*
