EMERGENCY MEDICAL SERVICES DEPARTMENT CLASSIFICATIONS AND POSITIONS.

- This item was on the Council agenda in December and was pulled to allow time for EMS management and the EMS Association to meet and work out differences on the Medic I and II positions.
- EMS Chief of Staff Jasper Brown reported that he has met with the Association and management understands their goals, but the plan is to hire where staff is currently needed the most; which is in EMS Communications where staffing relief with Medic I's is a need.
- Austin – Travis County EMS Employee Association President, Anthony Marquardt, wants to fill all of the positions available which includes both Medic I's and Medic II's. He stated that while the Association does not want to give up the Medic II positions, it agrees that staffing relief in Communications is needed. Mr. Marquardt would like to see more Medic I positions created and leave the Medic II positions so that there are promotional opportunities for Medic I employees.
- Council Member Pool commented that it seems more expeditious to add additional Medic I positions instead of removing promotable positions of Medic II.
