Additional Backup Information				

The contract is for the purchase, delivery and installation of furniture and fixtures required for the new central library which is under construction at 710 West Cesar Chavez Street. The City is scheduled to take control of the new library facility in August 2016 with a tentative opening scheduled for later in the year. The furniture and fixtures were selected by Lake Flato Architects - Shepley Bulfinch Richardson & Abbott, a Joint Venture as part of the original design contract for the new central library approved by Council on December 11, 2008.

Due to the extensive manufacturer list and the corresponding delivery requirements, the furniture and fixture purchase were separated into packages to insure best pricing and scheduling for delivery and installation for over 640 individual items. This package includes furniture from Vitra, Finn Stone Limited, Quince & Milan, AXO, CernoBCI, Ergoton, and West Coast Industries.

If the City is unable to enter into a contract, the new central library will not meet the grand opening deadline. This is part of the second series of requests for council action for the library furnishings. An evaluation team with expertise in this area evaluated the proposals and scored Indoff, Inc. as the best to provide these services based on cost, business organization, experience, and local business presence.
