Subject: Neal case postponement

Hi Tori,

As you know, my neighbors and I are negotiating fruitfully with the applicant and would like to postpone the Neal Planning Commission zoning hearing from next week to the first meeting in June (there are conflicts for the May hearings). You said you'd spoken with the applicant and he agrees, but doesn't want it to be a staff request, so we must use our own. I phoned Jerry Rusthoven and Greg Guernsey to discuss this, but haven't heard back from them. So I am requesting that the postponement be granted at our request as the immediate neighbors.

Thank you,

Jay Tassin
