

## **CAG Report on N&BE Prescription – DRAFT OUTLINE**

Title Page - N&BE Working Group/CAG Members

Table of Contents

### **I. Executive Summary**

- a. 1-2 pages that summarizes the CAG report

### **II. CAG Overall N&BE Vision**

- a. A description of our city's high level needs as they relate to the N&BE Prescription Paper and how to approach the paper and the code re-write (tied back to Imagine Austin)

### **III. N&BE Critique**

- a. Critique of CodeNEXT public comment and prescription paper processes to date with suggested solutions for future prescription papers.

### **IV. CAG Comments and Responses to N&BE Prescription Paper**

- a. A summary of our responses to prescriptions, including missing items, and identifying tradeoffs and anticipated conflicts (knowing that we can't all agree substantively on a list of recommended prescriptions, this the assistance we can realistically offer staff)
- b. CAG Google Doc to capture complete comments

### **V. Comments received by the CAG**

- a. Event Comments
  - i. Summary of CAG events where we discussed N&BE Prescription
    - 1. 3/21 Regular CAG mtg
    - 2. 4/4 CAG Public Comment mtg
    - 3. 4/9 CodeWalk (although staff asserts this is outside of CAG, it is a public comment opportunity specifically for N&BE prescription)
    - 4. 4/18 Regular CAG mtg
    - 5. SpeakUpAustin.org (again, staff asserts this is outside of CAG, but it is a major public comment opportunity specific to N&BE prescription)
  - ii. Complete comments received at events (excluding SpeakUpAustin, which will just be a link), including flipcharts and comment cards from 4/4 and anything else CAG members may want to add, attached
- b. Staff Comments
  - i. May include a summary of staff comments, depending on how many we receive
  - ii. Complete comments attached
- c. Organization Comments
  - i. Summary of comments, if necessary and feasible
  - ii. A list of all organizations that submitted comments
  - iii. Complete comments attached
- d. Individual Comments
  - i. May summarize or pick out the most frequent points to highlight, if feasible
  - ii. Complete comments attached
