Leane,

After detailed analysis and review of the site and proposed building, and after meeting with residential review staff yesterday about the proposed building plan, we are going to seek administrative approval of the single family residential project.

Please formally withdraw the 3505 Rivercrest Dr. case from the May Agenda. I will be at the BOA hearing should there be any questions from the Commission.

Please confirm this withdraw via email response.

Kind Regards,

David Cancialosi

Ok – so let's put in a request to Board at beginning of 5/9 meeting to postpone to 6/13 since my notice deadline is TH. If the Board has any questions about why postpone again I'll advise working on possible withdraw or reduction in request. Take care,
Leane
