Additional Backup Information

If approved, this action will enact an ordinance designating the Chestnut Neighborhood Revitalization Corporation (CNRC) and the Guadalupe Neighborhood Development Corporation (GNDC) as Community Land Trusts (CLTs) for the purpose of establishing eligibility for exemption from City of Austin ad valorem taxes on qualified CLT properties.

The Texas Local Government Code, Chapter 373B, and Section 11.1827 of the Texas Tax Code authorizes local governments to designate non-profit organizations as CLTs by ordinance. The organization must be a 501(c)(3) non-profit, created to acquire and hold land for the benefit of developing and preserving long-term affordable housing within this municipality. The tax exemption, if granted, covers only the City of Austin portion of ad valorem taxes that would be paid on specific properties owned by each organization. The tax savings to each non-profit organization decreases its operating costs of continuing their respective missions to provide affordable housing.

Organizations designated as CLTs must re-apply annually to the City of Austin for continued designation as a CLT. Both organizations submitted applications to NHCD. Staff evaluated each organization's applications and

determined that they are both eligible for continued CLT designation in accordance with city and state requirements.

A list of each organization's properties to be covered under the proposed ordinance is attached as **Exhibit A**. The total amount of unrealized revenue, per information available from the Travis Central Appraisal District (TCAD), is estimated to be \$14,452.66 for 2016.

The organizations must provide TCAD by July 1 of each year proof that the City of Austin has designated the organizations as CLTs in order to obtain the tax exemption.
