2. Future development of the Subject Property, insofar as such development is within the regulatory and permitting authority of the City, will be governed by the following:

a. Unless otherwise specifically provided in this Agreement, during the term of this agreement all applications relating to development of the Subject Property will be governed solely by the applicable ordinances, rules or other regulations in effect for the subject property on December 8, 1993 immediately prior to the enactment of City of Austin Ordinance No. 931209-H, (the "Bull Creek Ordinance") , including the Lake Austin Watershed Ordinances by virtue of the fact that the tracts were "legal tracts." Such development applications shall include, but not be limited to, all applications for subdivision preliminary plans and final plats, resubdivision or replats, site plans, site development permits, zoning and rezoning (only to the extent that zoning and rezoning ordinances affect lot size, lot dimensions, lot coverage or building size), and all other permits and approvals required for the development of the Subject Property, and all revisions and amendments thereto (other than applications for building or construction permits for structures intended for human occupancy or habitation, which applications will be governed by the laws, ordinances, rules or regulations adopting solely the provisions of uniform building, fire, plumbing or mechanical codes promulgated by a nationally recognized code organization or local amendments to such codes enacted solely to address imminent threats of destruction of property or injury to persons in effect as of the date of the application for the applicable building or construction permit).

b. During the term of this Agreement, it is expressly agreed that the Subject Property may be subdivided and resubdivided so that each Tract may be comprised of one or more separate tracts or lots, under the requirements of the Lake Austin Watershed Ordinance without compliance with any ordinance, rule, regulation or other permitting or approval

requirement adopted after December 8, 1993, including specifically, but without limitation, the Comprehensive Watersheds Ordinance (Ordinance No. 860508-V) as the same has been codified and amended, which ordinance was not applicable by exemption to the Subject Property on December 8, 1993, and that further resubdivisions or replatting of the Subject Property will not trigger the necessity of compliance with the Comprehensive Watersheds Ordinance or any other ordinance, regulation or rule not in effect on December 8, 1993, (except with respect to all applications for building or construction permits for structures intended for human occupancy or habitation, which applications will be governed by the laws, ordinances, rules or regulations adopting solely the provisions of uniform building, fire, plumbing or mechanical codes promulgated by a nationally recognized code organization or local amendments to such codes enacted solely to address imminent threats of destruction of property or injury to persons in effect as of the date of the application for the applicable building or construction permit).

c. During the term of this Agreement, the total amount of impervious cover that may be constructed within Tracts 1, 2 and 3, and that portion of Tract 5 not made subject to Ordinance No. 930513-R will be the maximum impervious cover permitted by the Lake Austin Watershed Ordinance and other ordinances governing such tracts prior to the enactment of the Bull Creek Ordinance, and the amount of impervious cover will not be restricted to an amount less than that permitted by those ordinances.

d. The City will not require a new boundary survey as a condition for rezoning of Tracts 1, 2 and 3.

e. During the term of this Agreement, Tracts 4 and 5 will be permitted to be developed to the maximum extent of impervious cover and building square footage permitted by the Lake Austin Watershed Ordinance and other ordinances in effect on December 8, 1993, and by zoning ordinance No. 920507-B relating to such Tract 4 and zoning ordinance No. 930513-R relating to Tract 5. The restrictive covenant entered into in connection with the enactment of Ordinance 920507-B will be and is hereby amended to delete the following provisions thereof:

"12. Owners shall construct and maintain a detention pond with a minimum volume of two acre feet on the Property. The detention pond will be lined with grasses such (as) Switchgrass and Bushy Bluestem and other appropriate native vegetation for the purpose of reducing the rate of stormwater discharge to the rate of discharge without improvements constructed on the Property"; and

"5. Disturbance of the native vegetation on hillrock and rock outcropping in and along the southern portion of the Property shall be prohibited."

The Champions or their successors in interest shall be permitted to grade the said "hill rock and rock outcropping" to the surrounding natural level.

The aforementioned restrictive covenants will be removed in exchange for the following Agreements as set forth in the Special Exceptions Ordinance, to-wit:

A. For any development on the Property, applicant shall construct property engineered water-quality controls; including at minimum, water quality filtration ponds with full sedimentation chambers as described in the City of Austin Environmental Criteria Manual. The ponds shall be sized to capture the first one-half (.50) inch of stormwater plus one-tenth (.10) of an inch for each additional 10% of impervious cover above 20% from the contributing drainage areas of the project which include impervious

cover. In the event that any cut and fill variances necessary for the construction of these ponds are not granted, the Applicant shall not be required to comply with this subparagraph 2. e. A. Detention of the 2-year storm will not be required.

B. Any agreements, restrictions, covenants, or other legal documentation necessary to construct and maintain the water quality controls required hereby shall be reviewed by the City Law Department prior to execution, and shall include a provision requiring written City approval prior to termination or assignment.

C. Prior to the issuance of a certificate of occupancy or return of fiscal security for development on all or part of the Property, construction of the water-quality controls required hereby shall be completed, as determined by City of Austin inspection, for the portion of the subject property for which a Certificate of Occupancy or return of fiscal is requested.

f. During the term of this Agreement approvals of site plans for the Subject Property will be approved with necessary variances or other provisions reducing the set backs from Loop 360 and RR 2222 required by the Hill Country Roadways Ordinance (No. 860116-J) to twenty-five feet.

3. The provisions of this Agreement will not be affected by any transfer or ownership of all or any part of the Subject Property. The rights and duties expressed herein will run with the land, and shall be binding upon, will be for the benefit of, will be assigned by, and will be enforceable by, the Champions and the subsequent owner(s) of the Subject Property, or any part thereof, and their respective successors and assigns.

4. In consideration for the dismissal of the claims in the lawsuit described below, during the term of this Agreement the City will not impose or require any filing, review, inspection, construction or notification fees with respect to any application for the processing or

approval of any subdivision preliminary plans and final plats, resubdivisions or replats, site plans or site development permits, zoning or rezoning for the development of the Subject Property, and all such fees are hereby expressly waived by the City.

5. During the term of this Agreement, the City will follow established regulations and procedures for any legislative actions (including, but not limited to, zoning or rezoning) related to the Subject Property to the extent that such regulations are not inconsistent with the Lake Austin Watershed Ordinance and this Agreement; provided, however, in the event any such legislative action results in requirements or conditions that are contrary to, in addition to, or in any manner inconsistent with, the provisions hereof, the owner(s) of the Subject Property, or any part thereof, may elect any one or more of the following with respect to any such ordinances, rules, regulations or other requirements sought to be imposed on the development or use of the Subject Property: (i) enforcement of any state law applicable to the development of the subject property, including without limitation, Sections 481.142, et seq., TEX. GOV'T CODE; (ii) assertion of all claims for attorneys' fees, court costs, temporary taking damages, permanent taking damages or other damages that were asserted or could have been asserted in the lawsuit described below and any such claims that may arise hereafter; and (iii) assertion of any other legal or equitable rights or claims that might exist with respect to the City's actions regarding the Subject Property.

6. Tracts 4 and 5 (excluding that portion of Tract 5 not made subject to zoning ordinance No. 930513-R). The exception granted herein shall apply to any "project" as that term is defined in Section 481.142, Texas Government Code, commenced on Tracts 4 and 5

~ June 2006

within ten years by the filing of an application for preliminary subdivision (if applicable) and by the filing and approval of a site plan. In the event that said subdivision and site plan approval are not obtained within the ten year period, all subsequent permits for a "project" shall be governed by the Austin City Code in effect at the time of the filing of the development application.

Tracts 1, 2 and 3 and the portion of Tract 5 not made subject to zoning ordinance No. 930513-R. The exceptions granted herein shall apply to any "project" as that term is defined in Section 481.142, Texas Government Code, commenced on Tracts 1, 2 3, or that portion of Tract 5 not made subject to zoning ordinance No. 930513-R, within six years by the filing of an application for preliminary subdivision plan or any other development permit. Provided, however, that any application filed within six years will be subject to expirations contained in the Austin City Code in effect as of December 8, 1993. In the event that said development permit is not filed within the six year period, all subsequent permits for a "project" shall be governed by the Austin City Code in effect at the time of the filing of the development application.

Notwithstanding the foregoing, should the owners elect, applications filed during the first six years from the effective date of this Ordinance may be governed by the provisions of state law and the Austin City Code in effect at the time of the filing of said applications.

7. Nothing in this Agreement will prevent the City and the owner(s) of the Subject Property, or any part thereof, from making agreements regarding the development or use of the Subject Property, or any part thereof owned by such party, in addition or contrary to the

provisions hereof by agreement; provided, any such agreement must be in writing and executed by the City and the owners of the portions of the Subject Property affected thereby, and further provided that any such agreement shall expressly reference this Agreement.

8. The Champions and the City agree to submit to the Court in Cause No. 94-07160, in the 353rd District Court of Travis County, Texas, a proposed Agreed Order in the form attached hereto as Exhibit A and to request the Court to enter the Agreed Order in accordance with the settlement set forth in this Agreement.

9. Notwithstanding anything herein to the contrary, in the event of any conflict between any provision of this Compromise Settlement Agreement and the Special Exceptions Ordinance, the parties hereto agree that the Special Exceptions Ordinance shall control.

10. The City and the Champions warrant that the parties executing this Agreement have the all requisite authority to bind the parties and are executing the Agreement within the scope of and in accordance with such authority.

11. Unless expressly stated otherwise in this Agreement, the provisions hereof are binding on all successors, agents, employees, representatives and assigns of the City and the Champions.

12. This Agreement is made in settlement of disputed claims and causes of action, and the provisions hereof are not to be construed as an admission of liability by any party, which liability is hereby denied; nor is this Agreement or any proceeding in the lawsuit between the parties to be considered as res judicata, collateral estoppel or binding in any manner on persons or entities not parties hereto or otherwise entitled to the benefits by the express provisions

hereof.

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

**PART 1.** That a special exception from the Austin City Code of 1992, as amended, is granted for development on the Champion property, (the "Property") more particularly described in Exhibit "A" attached hereto and incorporated herein for all purposes; provided that the following conditions are met:

(1) The development of the Property must comply with the provisions of the Austin City Code in effect on December 8, 1993 including (the Lake Austin Watershed Ordinance) with the exception that development of the Property shall provide additional water quality control as set forth in (2) below.

(2) For any development of the Property, applicant shall construct properly engineered water-quality controls, including at minimum, water-quality filtration ponds with full sedimentation chambers as described in the City of Austin Environmental Criteria Manual. The ponds shall be sized to capture the first one-half (.50) inch of stormwater plus one-tenth (.10) of an inch for each additional 10% of impervious cover above 20% from the contributing drainage areas of the project which include impervious cover. In the event that any cut and fill variances necessary for the construction of these ponds are not granted the applicant shall not be required to comply with this paragraph (2). Detention of the 2-year storm will not be required.

## CITY OF AUSTIN, TEXAS

(3) Any agreements, restrictions, covenants, or other legal documentation necessary to construct and maintain the water quality controls required by conditions (1) and (2) above shall be reviewed by the City Law Department prior to execution, and shall include a provision requiring written City approval prior to termination or assignment.

(4) Prior to the issuance of a certificate of occupancy or return of fiscal security for development on all or part of the Property, construction of the water-quality controls required by conditions (1) and (2) above shall be completed, as determined by City of Austin inspection, for the portion of the Property for which a Certificate of Occupancy or return of fiscal security is requested.

(5) The set-backs from Loop 360 and RR 2222 required by the Hill Country Roadways Ordinance (No. 860116-J) shall be reduced from 100 feet to 25 feet.

**PART 2.** Tracts 4 and 5 (excluding that portion of Tract 5 not made subject to zoning ordinance No. 930513-R). The exception granted herein shall apply to any "project" as that term is defined in Section 481.142, Texas Government Code, commenced on Tracts 4 and 5 (excluding that portion of Tract 5 not made subject to zoning ordinance No. 930513-R) within ten years by the filing and approval of an application for preliminary subdivision (if applicable) and by the filing and approval of a site plan. In the event that said subdivision and site plan approval are not obtained within the ten year period, all subsequent permits for a "project" shall be governed by the Austin City Code in effect at the time of the filing of the development application.

Tracts 1, 2, 3, and that portion of Tract 5 not made subject to zoning ordinance 930513-R. The exceptions granted herein shall apply to any "project" as that term is defined in Section 481.142, Texas Government Code, commenced on Tracts 1, 2, and 3, and that portion of Tract 5 not made subject to zoning ordinance 930513-R within six years by the filing of an application for preliminary subdivision plan or any other development permit. Provided, however, that any application filed within six years will be subject to expirations contained in the Austin City Code in effect as of December 8, 1993. In the event that said development permit is not filed within the six year period, all subsequent permits for a "project" shall be governed by the Austin City Code in effect at the time of the filing of the development application.

Notwithstanding the foregoing, should the owners elect, applications filed during the first six years from the effective date of this Ordinance may be governed by the provisions of state law and the Austin City Code in effect at the time of the filing of said applications.

**PART 3.** Unless otherwise specifically provided in this Agreement, during the term of Part 2 above, all applications relating to development of the Property will be governed solely by the Lake Austin Watershed Ordinance and other applicable ordinances, rules or other regulations in effect on December 8, 1993 immediately prior to the enactment of City of Austin Ordinance No. 931209-H, (the "Bull Creek Ordinance"). Such development applications shall include, but not be limited to, all applications for subdivisions preliminary plans and final plats, resubdivisions or replats, site plans, site development permits, and zoning and rezoning (only to the extent that zoning and rezoning ordinances affect size, lot dimensions, lot coverage or building size), relating to the Subject Property, and all revisions and amendments thereto (other than applications for building or construction permits for structures intended for human occupancy or habitation, which applications will be governed by the laws, ordinances, rules or regulations adopting solely the

## CITY OF AUSTIN, TEXAS

provisions of uniform building, fire, plumbing or mechanical codes promulgated by a nationally recognized code organization or local amendments to such codes enacted solely to address imminent threats of destruction of property or injury to persons in effect as of the date of the application for the applicable building or construction permit).

During the term of Part 2 above it is expressly agreed that the Property may be subdivided and resubdivided under the requirements of the Lake Austin Watershed Ordinance so that each Tract may be comprised of one or more separate tracts without compliance with any ordinance, rule, regulation or other permitting or approval requirement adopted after December 8, 1993, including specifically, but without limitation, the Comprehensive Watersheds Ordinance (Ordinance No. 860508-V) as the same has been codified and amended, which ordinance was not applicable by exemption to the Property on December 8, 1993, and that further resubdivisions or replatting of the Property during the term of Part 2 will not trigger the necessity of compliance with the Comprehensive Watersheds Ordinance or any other ordinance, regulation or rule in effect after December 8, 1993, except with respect to all applications for building or construction permits for structures intended for human occupancy or habitation, which applications will be governed by the laws, ordinances, rules or regulations adopting solely the provisions of uniform building, fire, plumbing or mechanical codes promulgated by a nationally recognized code organization or local amendments to such codes enacted solely to address imminent threats of destruction of property or injury to persons in effect as of the date of the application for the applicable building or construction permit.

During the term of Part 2 above, the total amount of impervious cover that may be constructed within Tracts 1, 2, and 3, and that portion of Tract 5 not made subject to Zoning Ordinance No. 930513-R will be the maximum impervious cover permitted by the Lake Austin Watershed Ordinance and other ordinances governing such tracts prior to the enactment of the Bull Creek Ordinance, and the amount of impervious cover will not be restricted to an amount less than that permitted by those ordinances.

**PART 4.** That the approval of this special exception does not constitute approval of any development permit nor does it constitute a commitment to any specified land use, intensity of land use, or utility services.

**PART 5.** That the requirements imposed by Sections 13-1-301 and 13-1-302 of the Austin City Code of 1992, as amended, (Land Development Code) regarding notice and hearing requirements and procedures for a Special Exception are hereby waived.

**PART 6.** That the requirement imposed by Sections 2-2-3, 2-2-5 and 2-2-7 of the Austin City Code of 1992, as amended, regarding the presentation and adoption of ordinances are hereby waived by the affirmative vote of at least five members of the Austin City Council.

CITY OF AUSTIN, TEXAS

**PART 7.** That this ordinance shall become effective upon the expiration of ten days following the date of its final passage, as provided by the City Charter of the City of Austin.
