

Bicycle Advisory Council 183 North Technical Subcommittee

June 27, 2016

Interlocal Agreement Between CAMPO and CTRMA

CTRMA Board of Directors approved an Interlocal Agreement (ILA) between Capital Area Metropolitan Planning Organization (CAMPO) and the Mobility Authority on June 15, 2016.

The ILA has been developed to support the Near Northwest Corridor – Connections Case Study.

- The proposed Case Study seeks to develop a context-sensitive corridor plan for several miles, along and adjacent to the Near Northwest Corridor (within ½ mile of US 183 North from State Loop 1 (MoPac) on the south to SH45/RM620 and Lakeline Mall on the north.).**
- The plan will address pedestrian and bicycle connectivity, last-mile connections, access management, multi-modal transportation elements, safety and operational improvements, and recommendations on land-use conducive to active transportation.**
