

Please include this statement in our backup for the next meeting.

The Small Area Planning Joint Committee is an advisory body to City Council and the Land Use Commissions. With a holistic overview of planning and zoning matters, it addresses reactive and specific issues from the Land Use Commissions and City Council. In addition it evaluates the proactive process of planning focused areas in the City. Due to the shortcoming of our meetings from limited public outreach, our recommendations and discussions can serve only as considerations to the Land Use Commissions and Council.

SAPJC Members,

Attached are several backup documents for tomorrow evening. The first two relate to neighborhood plan amendments and the third is the minutes from last month's meeting.
