Hispanic/Latino Quality of Life Resource Advisory Commission

Recommendation Number: 20160622-004-a1 : Discussion and possible action to recommend that the City Council consider the following resolutions.

BE IT RESOLVED that the Hispanic/Latino Quality of Life Resource Advisory Commission requests that the Austin City Council:

Support the creation of the Teen Pregnancy Task Force for the amount of \$75,000. This proposal would fund a non-governmental organization to lead a community taskforce that would develop a five year strategic plan on teen pregnancy prevention for Travis County. This taskforce would be an effort to operationalize the recommendations in the Healthy Youth Partnerships May 2015 report, "Mixed Messages: The Current State of Teen Pregnancy Prevention in Travis County" by detailing specific strategies that stakeholders would take to create a community wide plan for teen pregnancy prevention and would include budget amounts for the different strategies. The taskforce would address teen pregnancy for all races/ethnicities, and the funding would be for staff time, refreshments for lunch and dinner meetings, materials, and strategic plan report preparation.
