

HISTORIC LANDMARK COMMISSION
JULY 25, 2016
DEMOLITION AND RELOCATION PERMITS
HDP-2016-0440
311 W. 55TH STREET

PROPOSAL

Demolish a ca. 1948 house.

ARCHITECTURE

One-story, rectangular-plan, front-gabled frame house with a partial-width inset porch with a plain, square wood post; single and paired 1:1 fenestration; attached carport to the right of the house.

RESEARCH

The house was built in 1948 by an I. Rubinstein, about whom very little is known, as an investment property. The first owners and occupants were Starling M. and Norma Norman, who lived here from around 1948 to around 1951. Starling M. Norman worked in the air conditioning business. The house then became a rental property, and over the years, it has had a relatively high turnover of lower middle-class tenants, including a fireman, a truck driver, a carpenter, a construction worker for the LCRA, a clerk for the State Department of Public Safety, and beginning around 1975, a seamstress who did alterations for Beall's department store.

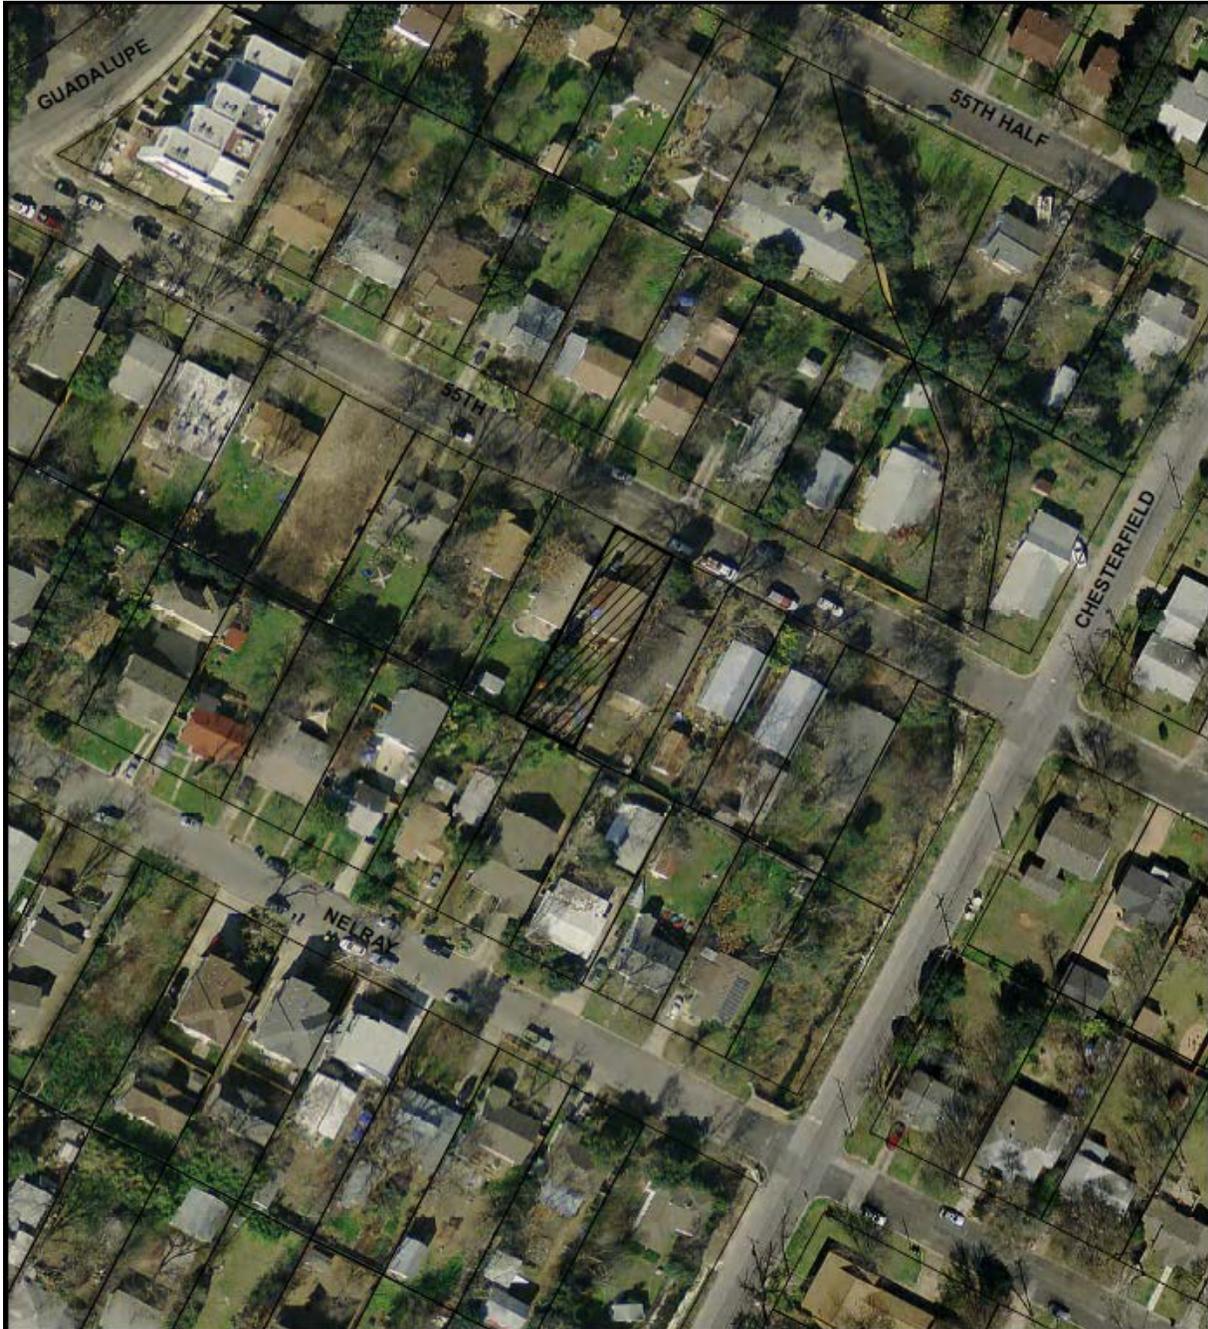

STAFF COMMENTS

The house is beyond the bounds of any City survey.

STAFF RECOMMENDATION

Encourage relocation over demolition, but release the permit upon completion of a City of Austin Documentation Package, consisting of photographs of all elevations, a dimensioned sketch plan, and a narrative history, for archiving at the Austin History Center. The house has neither the architectural nor the historical significance to qualify as a historic landmark.
