

The Texas Water Conservation Scorecard

STEP 01

The Research

Our team used 10 criteria to determine scores, including data from utility Water Conservation Plans and water loss due to leaky infrastructure.

STEP 02

The Score

Does your utility:

- Reward users who use less water with lower rates?

STEP 03

The Customer

Finds your score and sees how you are doing on water conservation!

STEP 04

The Change

Save Money.
Save Texas rivers.
Save water for the future.
