ED2.05	Gallo, Zimmerman	Transfer the Cultural Arts program from Economic Development into a new department						Since this is a transfer of services, there is no associated savings.  There are 12.5 FTEs in Economic Development with a budget of \$1,554,066. This cost is covered by the transfer in from AW, AE, ARR and the General Fund. In addtion, the Cultural Arts Fund (which is supported by the HOT) funds \$11,644,622 in expenditures.

PB1.01	Zimmerman, Troxclair	Increase the amount City Employees contribute to the COAERS to 10% from the existing 8%.						There is no cost impact to the City since the City will continue contributing 18%. However, COAERS is created and governed by state law and the COAERS statute fixes the employee contribution rate at 8% of base compensation for covered employees. The statute does not authorize or permit any increase in the employee contribution rate except by a majority vote of the covered employees.

QL1.01 QL1.02	Renteria, Garza	Fund a 5-year strategic plan on teen pregnancy prevention in Travis County through the Teen Pregnancy Prevention Task Force  Mamis Ayudando a Mamis Project of Latina Mami		75,000 83,000				The Teen Pregnancy Prevention Task Force would fund non-governmental organization to lead a community task force to develop a 5-year strategic plan on teen pregnancy prevention in Travis County. This strategic plan would operationalize the recommendation in the Healthy Youth Partnerships May 2015 report, "The Current State of Teen Pregnancy Prevention" by detailing specific strategies that stakeholders could take to create a plan for teen pregnancy prevention and include budget amounts for the different strategies. The plan would address teen pregnancy for all race and ethnicities. The fund amount would cover staff time, refreshments for lunch and dinner meetings, materials, and strategic plan report preparation.  The goal of the project is to address increased adolescent motherhood in Austin by providing bilingual mental health services and improving their social network which facilitates access to general social/health services for young and Latina mothers, their babies, and their family support system. Latina Mami will use this data to design a long term, innovative, and culturally appropriate intervention program to address their needs.
