On December 11, 2015, a 12-month contract was established with Mycoff, Fry & Prouse, LLC, in an amount not to exceed \$57,000, to provide executive search services to assist in the selection of a new General Manager for Austin Energy. Additional funding is needed to reimburse the Contractor for candidate travel expenses incurred in the course of the interview process.

In an effort to ensure a strong pool of candidates and minimize their exposure, the Contractor asked the candidates to make their own travel arrangements. The Contractor then reimbursed them directly even though candidate travel expenses are not included under the contract. The City would have reimbursed the expenses in question if the Contractor had not done so to preserve the candidates' confidentiality.

This amendment is needed to reimburse the Contractor for legitimate expenses incurred to preserve the integrity of the interview process.
