CASE: C14-79-065(RCT) – Earl M. McClure

P.C. DATE: July 26, 2016  
September 13, 2016

ADDRESS: 80 Red River Street

DISTRICT AREA: 9

OWNER/APPLICANT: The Villas On Town Lake  
Owners Association, Inc. (Gary Johnson)

AGENT: Consort, Inc.  
(Ben Turner)

EXISTING ZONING: CBD

AREA: 2.89 acres

**SUMMARY STAFF RECOMMENDATION:**

Staff recommends termination of the Restrictive Covenant.

**PLANNING COMMISSION RECOMMENDATION:**

July 26, 2016: APPROVED A POSTPONEMENT REQUEST BY THE NEIGHBORHOOD AND APPLICANT TO SEPTEMBER 13, 2016

(J. SHIEH; P. SEEGER - 2<sup>ND</sup>) (10-0) F. KAZI, A. PINEYRODEHOYOS, J. THOMPSON - ABSENT

September 13, 2016:

**ISSUES:** The Shore Condominium Association, Inc. has submitted a letter in opposition to the proposed termination of the Restrictive Covenant. Correspondence in favor of and in opposition to the request is also attached at the back of this report.

**DEPARTMENT COMMENTS:**

The subject tract is a legally platted lot on approximately 2.89 acres located at the intersection of Red River and Davis Streets. Development on the tract is the Villas of Town Lake Condominiums comprised of 6 buildings ranging from 2-3 stories that contain 58 dwelling units, a single-level (subgrade) parking facility, and a swimming pool. The property is gated with restricted pedestrian and vehicular access from the intersection of Red River and Davis Streets and also has pedestrian access directly to the Lady Bird Lake Trail to the south and the Waller Creek Greenbelt that runs along the western edge of the property.

In 1980, with case C14-79-065, the property was rezoned from family residence (SF-3) to multifamily residence medium density (MF-3) district zoning per Ordinance No. 80-0228-P (Exhibit C). The rezoning was accompanied by a restrictive covenant that prohibits density greater than 30 dwelling units per acre (Exhibit D). In 2004, the property was rezoned again from MF-3 to central business district (CBD) with Ordinance No. 20050407-051 (Exhibit E).

With approval of nearly 89% of the property owners by vote on June 14, 2016, the property is under contract to be sold to new ownership. Termination of the restrictive covenant has been requested in preparation for redevelopment of the property with the existing CBD zoning district entitlements, including increased density.

The subject property is located within a *Regional Center* as defined by the Imagine Austin Comprehensive Plan (IACP) as well as the Waller Creek District of the Downtown Austin Plan (DAP). The IACP assigns Regional Centers with the greatest density and greatest variety of uses in the tallest buildings. More specifically, goals of the Waller Creek District of the DAP encourage development that is diverse and creative and that will provide a mix of uses and affordability in a way that will protect, enhance or transform Waller Creek into an urban greenway and bring vitality to the district by providing destination stops and connecting it to the surrounding districts and communities. Additionally, the property is within the Waterfront Overlay which promotes harmonious interaction and transition between urban development and the park land and shoreline of Lady Bird Lake. As such, any site plan for future development of the subject property will require review by the Small-Area Planning Joint Committee to ensure that the development meets the intent of the Waterfront Overlay.

Termination of the existing restrictive covenant appears to be congruent with the IACP and the DAP in that it will allow for redevelopment that will contribute to implementing the intent and goals to promote compact and dense development that will encourage a variety of uses in close proximity to each other and will support a more sustainable system of transportation. With this, Staff recommends termination of the Restrictive Covenant.

## PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

To Whom It May Concern:

In regards to the 1979 Restrictive Covenant (density agreement) between the City of Austin and the owners of the property as described in the Covenant (attached), the Board of Directors for the Villas on Town Lake Owners Association, Inc., has voted by unanimous written consent to support amending the 1979 density agreement with the City of Austin to remove the density restriction. The record of this vote is on file with Beck and Company Real Estate Services, the property manager for the Villas on Town Lake Condominiums.

Sincerely,

Gary L. Johnson  
President, Board of Directors  
The Villas on Town Lake Owners Association, Inc.

Comments: *It is my belief as a resident since 1986 single once HOA president, this restrictive covenant was of no use and was not desired by the current HOA membership and should be terminated. The covenant is inhibiting the wishes of the HOA members if no expressed in our 90% vote to sell the property.*

Wendy -- please see attached related to agenda item related to the Villas on Town Lake.

Obviously, Villas owners are strongly in favor of the removal of this deed restriction, and had been unaware of its existence until recently. We had assumed that the city's rezoning to CBD of the Rainey/Red River neighborhood a decade ago (which we also strongly supported and favored at the time) was the final/most recent word.

best wishes,  
Michael A.

## PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

## PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:  
[www.austintexas.gov/planning](http://www.austintexas.gov/planning).

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: I have received numerous public hearing notices related to development in my neighborhood since 2003. I have never voiced objection to any of them. This includes all of the notices related to the construction of the building now known as the Shore. I support the city's master plan encouraging dense development in the urban core.

Comments: *The formation of the restrictive Covenant fall in line with the City's downtown density goals and continues the trend of the Rivery Street District's modernization. The opportunity for Sutton Company to develop the entire Davis + Ceran Chavez section of Red River presents many benefits to the better Creek project and this effort shouldn't be blocked due to short sightedness of neighboring residents.*

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarded its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: *I am in favor of the removal of this covenant. Since the Bailey Street neighborhood was rezoned in 2005, an increasingly more dense, walkable neighborhood has grown around us. The covenant - approved in 1979 - is now antiquated & at odds w/ the rezoned area, and the city's master plan for the downtown corridor.*

Comments: We own 4 properties at the Villas and want the covenant terminated because:  

- ① It solely restricts residences, but not other large buildings like hotels or offices, so it's pointless
- ② It conflicts with CBD zoning and there are no unique arguments to keep the restriction in place - in other words the city has already considered and ruled on this matter

Comments: Since the 1979 covenant, our neighborhood has been rezoned as a central business district (CBD) in 2005. The proposed structure is in compliance with the Rainey Density Bonus Program which "encourages development, not peninsulas" and follows suit of the multiple high rises that have gone up in this area. for Austin to remain as one of the top U.S. destinations, residential properties need to be available in the community areas and this property will help with downtown particularly economically. Comments: The residential density restriction won't prevent a high rise on the property since the buidler owns the adjacent lots also & these allows any type of structure.

Also the City has considered and decided the matter of density for the CBD & Rainey Street REPEATEDLY. There are no new arguments for treating SO Red River uniquely, and certainly no compelling reason to deprive SS owners of selling off an enormous profit. Certainly the Share Owners city stepping their sale one day.

Comments: I'm former President at The Shore HOA (served in some capacity since 2010) & former Treasurer & Communications Officer as well as co-founder of the Fairley Neighborhood Association from 2011 to August 2016. I believe this development "MU" is complimentary the spirit of the downtown Austin Plan & the desire of the Fairley Neighborhood Association to have "mixed uses". Also residential uses over less traffic impacts area commercial!

## PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.
