

RESOLUTION

Zoning and Platting Commission

Imagine Austin Amendment

WHEREAS, Imagine Austin was adopted over 4 years ago and the city has experienced the many changes that come with rapid growth since that time, and,

WHEREAS, based on the current pace of growth we should not wait till the 5 year update when we can encourage sustainable development patterns along corridors and in centers in large areas of the city that do not currently receive any such designations now,

NOW, THEREFORE, BE IT RESOLVED, that the Zoning and Platting Commission joins the Planning Commission in requesting that Council consider directing staff to reexamine the growth concept map with emphasis on centers and corridors west of Mo-Pac in addition to other potential growth areas in preparation of the 5 year update to the Comprehensive Plan.

ADOPTED: _____, 2016
