Additional Backup Information

The contract will provide a reliable and specialized source for the purchase of quality paint, paint application accessories, stains, varnishes, and surface preparation supplies utilized by various City departments for painting exterior and interior walls, ceilings, and furniture. The contract includes an option for departments to order in bulk for deeper discounts. For efficient ordering, the contract allows departments to call in bulk orders in advance, avoiding lost time while waiting to order in person. The Sherwin Williams Company is a leader in the painting industry serving commercial and contractor enterprises with the availability to provide specialized materials when required for City projects.

The Sherwin Williams Company is established through the Texas Multiple Award Schedule contracts that have been developed from contracts that were competitively bid and awarded by the General Services Administration's Federal Supply Service.

If a contract cannot be established, various City departments will not have the paint and painting supplies required to repair and maintain City facilities and furniture.
