

Organic Material Estimates as of September 2016

The following information is based on using projected household generation rates from FY2016.

Projected Amount of Curbside Compost for 3rd Party Organics Processor (food + yard trimmings)			
	Number of households added to curbside composting service	Projected additional Organics Tons per household	Projected additional Tons of Organics per year
FY16	14,320	.32	4,625
FY17	37,680	.32	12,171
FY18	52,000	.32	16,796
FY19	52,000	.32	16,796
FY20	54,586	.32	17,631
TOTAL	210,586		68,019

Projected Amount of Yard Trimmings to go to Hornsby Bend			
	Number of households with only yard trimming collections	Tons of yard trimmings per household	Total tons of yard trimming going to Hornsby Bend from ARR curbside customers
FY16	177,680	.15	26,652
FY17	147,789	.15	22,168
FY18	99,325	.15	14,899
FY19	50,924	.15	7,639
FY20	0		0

These numbers do not include the estimated 10,000 tons of large brush collected from households twice per year that will continue to go to Hornsby.
