

## ENVIRONMENTAL COMMISSION MOTION 20161019 003A

**Date:** October 19, 2016

**Motion by:** Hank Smith

**Seconded by:** Mary Ann Neely

**Subject:** The creation of an Environmental Commission Drainage Infrastructure and Flood Mitigation Committee

The motion to approve the following name and description of the proposed committee and send it to the Environmental Commission for consideration and possible action was approved on Commissioner Hank Smith's motion and on Commissioner Mary Ann Neely's second.

**Name:** Drainage Infrastructure and Flood Mitigation Committee

**Description:** The Committee monitors and makes recommendations related to the City's drainage infrastructure, flood mitigation and prevention, structural and non-structural best management practices, including projects, programs, regulations, and policies. The Committee also monitors and makes recommendations regarding implementation of the 2016 Flood Mitigation Task Force report.
