Additional Backup Information

The Wildhorse/Webb Tract annexation area (approximately 104 acres) is located in eastern Travis County at the northeastern corner of the intersection of Decker Lane and Lindell Lane. This area is currently in the City's extraterritorial jurisdiction and is adjacent to the City's full purpose jurisdiction on the north, east and south sides of the area. This area is largely undeveloped and contains the remaining portion of the Travis County Wildhorse PID and two adjacent outparcels containing a house, small office, and a privately owned cemetery. Including these together with the PID tract results in a more logical city limit boundary along the eastern right-of-way of Decker Lane. No Capital Improvement expenditures are required to provide city services in compliance with state law.
