OWNER/APPLICANT: Brown

ADDRESS: 7504 CRESTON LN

VARIANCE REQUESTED: The applicant has requested a variance(s) from Section 25-2-899 (Fences as Accessory Uses) to permit a solid fence to be constructed in excess of six feet average height or a maximum height of seven feet (required/permitted) to 8 feet average height (requested) in order to maintain a recently constructed 8 foot solid privacy fence in an "SF-3-NP", Family Residence - Neighborhood Plan zoning district. (Highland)

BOARD'S DECISION: September 28, 2016 POSTPONED TO NOVEMBER 14, 2016 BY STAFF TO RESOLVE AUSTIN ENERGY ISSUES; Nov 14 POSTPONED TO DECEMBER 12, 2016 BY APPLICANT

FINDING:

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:
(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Lot(s): _____ Block(s): _____

Outlot: _____ Division: Highland

Zoning District: _____

I/We Bridgette Berkes on behalf of myself/ourselves as

authorized agent for Bridgette Berkes, myself affirm that on

Month September, Day 6, Year 2016, hereby apply for a hearing before the

Board of Adjustment for consideration to (select appropriate option below):

☐ Erect ☐ Attach ☐ Complete ☐ Remodel ☒ Maintain ☐ Other: _____

Type of Structure: 8 foot privacy fence

2/26

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

Section 25-2-899

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

I contend that my entitlement to the requested variance is based on the following findings:

Reasonable Use

The zoning regulations applicable to the property do not allow for a reasonable use because:

We would like to have consistent height across the perimeter of our fence line / yard, but 6' height would make it possible for someone (one of our children) to climb into our neighbor's yard with the pool. We have young children and were fearful for their safety. Any one of them could easily climb over the preexisting 4' chain-link fence or a 6' fence, so we felt an 8' fence was much safer in this regard. We have a lot of safety and crime issues in our neighborhood. We have an enormous and growing homeless population and have been the victim of multiple petty thefts, a home squatter, and homeless folks using the abutting church backyard as a toilet, to touch on a few items.

Hardship

a) The hardship for which the variance is requested is unique to the property in that:

The hardship is unique to the property in that it is not usual to back up to a church while also being adjacent to a pool on another side of the fence.

b) The hardship is not general to the area in which the property is located because:

The hardship is not general to the area in which the property is located because not all properties in our neighborhood have an unsecured pool next door and shared property line / fence abutting a busy church.

Area Character

The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

We have collected 100% of the required 80% signatures from all of our neighbors within 300 linear feet of our property line and all agree to our 8' fence, allowing us to request this variance. While we did not realize we needed a permit to build the fence, we did talk to our neighbors before we began to get their opinions / input because that is the neighborly thing to do.

Parking (additional criteria for parking variances only)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed in the City of Austin Land Development Code Chapter 25-6, Appendix A with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonably require strict or literal interpretation and enforcement of the specific regulation because:
2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:
3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:
4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

12/8

Additional Space (continued)

Our decision to build an 8' fence wasn't just about privacy for our family. We were concerned about security issues because of our proximity to 183 and I35 with the large and growing homeless population at our backdoor, literally. In addition, and equally worrisome, was that one of our immediate neighbors has an unsecured pool. The pool created a lot of anxiety for me because we have young, agile children able to easily climb fences - but they are not seasoned swimmers (ages: 2, 7, 9). The new fence has not only decreased the constant hum of the I35 and 183, but lessens the noise our pet rooster, to the benefit of our neighbors. Safety, privacy, and noise reduction have improved the quality of our family life!

The preexisting 4' chain link fence was ugly, easy to climb over, and afforded absolutely no privacy. While we have sympathy for our homeless, especially our homeless veterans, we have been robbed on multiple occasions and we have three daughters and a young son to protect. We didn't ask any of our neighbors for money, but we did ask them for their permission and we are submitting 100% of the 80% signatures required. We aren't hurting anyone and the fence is beautiful. No one that can or will see the fence on a regular basis has a problem with it (we spoke with our neighbors well in advance and asked for their input / permission and signatures. We spent a lot of money and we didn't proceed without the advise and permission of those that would be affected; it would really be a shame to compromise the security we now have for our family. For the first time in a long time, we feel safe on our property. While our cars may get broken into, our backyard is secure. It's unfortunate that property taxes are forcing families to leave town, but our city is becoming more unsafe and our homeless population is growing. Please have empathy and imagine being in our situation, with a young family, in an increasingly dangerous neighborhood. I love this old house and my neighborhood!

As the mother of four children, with a full time job outside the home, this process has been difficult to manage and very stressful.

Updated crime reports can be viewed here: www.austintexas.gov/service/crime-viewer

Thank you for your time and consideration.

RE: Collection of Signatures for waiver of variance application fee
TO: Leane Heldenfels (fax: 512-974-6305), 7 pages (including this one)

Ms. Leane Heldenfels,

Good afternoon! I hope this correspondence finds you happy and well.

Guess what? We have signatures of ALL of the homeowners within a 300 foot radius of our property line (per the map you graciously provided), except for the townhomes at Summerwind. I emailed the Board at Summerwind at the end of last week, but as yet have not heard back (though I expect I might as the property manager was very positive and seemed to think I would hear something soon).

If the home address had two homeowners listed, I obtained both signatures. There was only one rental home but I was able to find the owner and get her signature.

We are eager and anxious to move forward with your guidance.

The inspector mentioned that we needed a variance for the back of the proper which abuts the church and you said we did not. Who has the final say? I want to be sure I am requesting exactly what I need, because the funds are not available to make changes once the request is submitted.

I do appreciate your help and your patience while we gathered the signatures.

Sincerely,

Bridgette Berkes
7504 Creston Lane
Austin, TX 78752
512-900-7437
bberkesbrown@gmail.com

I, Bridgette Berkes, am applying for a variance from the Board of Adjustment regarding Section 25-2-899 of the Land Development Code.

The variance would allow me the ability to maintain the current height of our fence (8 feet).

BRIDGETTE

By signing this form, I understand that I am declaring my support for the variance being requested.

April 9, 2016

We wanted to let you know that we've been thinking of installing a fence between our properties. Because this will change the way both our properties look, we wanted to let you know we have been considering it. What we have in mind is a solid, 8 foot, horizontal cedar fence that will be stained on both sides for protection. While there's no reason we can't go ahead and get started on the fence, we wanted to see if you had any input. After all, you'll have to look at the fence, too. If there's something particular you'd like done with the fence, like a gate or return onto your property, we'd be more than happy to discuss that with you and the fence company. We have firm written estimates and old reference checks. If you intend to pitch in financially, per previous discussions with Josh, it would be preferable that you make arrangements with the fence company directly.

With your permission, we'll have the fence installed directly down the property line. If you object to the fence, however, we'll make sure that the contractor builds the fence on our side of the property line only.

This isn't just about privacy for our family. We are concerned about security issues being so close to 183 and 135, and one of the property owners has a pool which concerns us because of our young children. A fence will also help decrease the noise level.

We would also permission to remove all chain link fencing in an effort to prevent the ability of someone using the chain link fence to climb over the new fence. We have had our fair share of strangers in the backyard going through our storage in the middle of the night!

If you have no objections to the installation of the fence as described above, please sign and date below. This is not a financial agreement, however. Your signature below just indicates you agree to a solid, 8 foot cedar fence.

Please let us know your thoughts on this. We look forward to hearing from you.
Sincerely,

Josh and Bridgette

We wanted to let you know that we've been thinking of installing a fence between our properties. Because this will change the way both our properties look, we wanted to let you know we have been considering it. What we have in mind is a solid, 6 foot, horizontal cedar fence (that will be stained on both sides for protection). While there's no reason we can't go ahead and get started on the fence, we wanted to see if you had any input. After all, you'll have to look at the fence, too. If there's something particular you'd like done with the fence, like a gate or return onto your property, we'd be more than happy to discuss that with you and the fence company. We have three written estimates and did reference checks. If you intend to pitch in financially, per previous discussions with Josh, it would be preferable that you make arrangements with the fence company directly.

With your permission, we'll have the fences installed directly down the property line. If you object to the fence, however, we'll make sure that the contractor builds the fence on our side of the property line only.

This isn't just about privacy for our family. We are concerned about security issues being so close to 183 and 125; and one of the property owners has a pool which concerns us because of our young children. A fence will also help decrease the noise level.

We would like permission to remove all chain link fencing in an effort to prevent the ability of someone using the chain link fence to climb over the new fence. We have had our fair share of strangers in the backyard going through our storage in the middle of the night!

If you have no objections to the installation of the fence as described above, please sign and date below. This is not a financial agreement, however. Your signature below just indicates you agree to a solid, 6 foot cedar fence.

Please let us know your thoughts on this. We look forward to hearing from you sincerely.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.austintexas.gov/development

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice. All comments received will become part of the public record of this case.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing;
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

Comments: It is a well constructed and visually appealing fence and I see no reason why they cannot keep it as it stands.

Comments: The 8' fence is not hurting anyone and with an easement complete behind them I completely understand why they would want it that high.
