Outlot: _____ Division: _____

Zoning District: SF-3-NP (Windsor Park)

I/We Andres J. Trevino on behalf of myself/ourselves as authorized agent for Andres J. & Melinda F. Trevino affirm that on Month September, Day 15, Year 2016, hereby apply for a hearing before the Board of Adjustment for consideration to (select appropriate option below):

Type of Structure: Carport & Greenhouse

1/18/15

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

Site Development Regulations for Zoning Districts : 25-2-492

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

I contend that my entitlement to the requested variance is based on the following findings:

Reasonable Use

The zoning regulations applicable to the property do not allow for a reasonable use because:

Requesting a Special Exception per 25-2-476, in order to bring property into compliance with City Codes. The carport is an existing structure that has been in place since February 2005 (11 + years). The Greenhouse has been in place prior to the purchase of the property by my Uncle in August 1985 (31+years).

Hardship

a) The hardship for which the variance is requested is unique to the property in that:

b) The hardship is not general to the area in which the property is located because:

5/13/15

Area Character

The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Parking (additional criteria for parking variances only)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed in the City of Austin Land Development Code Chapter 25-6, Appendix A with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonably require strict or literal interpretation and enforcement of the specific regulation because:

N/A

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

There is adequate parking on the concrete drive.

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

The carport has been in place for over 11 years without any safety issues to date.

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:
