Leane,

Dang it. I just saw in your email that there will not be a full board tonight. Really? Accordingly, we will want to postpone our items again. They are H-1 and L-3.

If something has changed and it looks like you will have a full board, will you please let me know?

Subject: 1/9 Board of Adjustment agenda, back up

Greetings 1/9 Board of Adjustment Applicants, Agents and involved staff:

Please see attached 12/12 BOA meeting agenda, Austin Energy report to follow in separate email – have not received yet.

Note: we know we'll only have 9 of 11 Board member in attendance at Monday's hearing. That will mean that your case will need to get a unanimous vote of members present for a variance or interpretation to be approved.

If you would like to request to have your case postponed or withdrawn from the Board's agenda based on this known Board member number or for other reasons please reply to just me (not all) by noon Monday. Sorry that we have to postpone two cases due to notification errors made by staff – the delay is regrettable but cannot be remedied unfortunately.

I will announce any known requests for postponement or withdraw at the beginning of the hearing, 5:30, and then these requests are voted on by the Board at that time.

If you wish to have your case proceed Monday, please print out a copy of the agenda and bring to the hearing to keep track of cases that night as we will not have paper copies at the hearing.

The agenda and case back up are now posted online at the Board's website:
