RE: Protection of Church Property Rights

Dear fellow Christians,

We are seeking your support in protecting church property rights. We have been a local church in Austin meeting at 2530 S. Congress Avenue since 1976. Land developers plan to build a hotel next to our church property. They are/will be requesting from the City of Austin government three waivers to the city code in order to develop the land and serve alcohol closer to our property than is currently allowed. Under our current zoning, the city code protects the church by requiring the proposed hotel not to develop land or sell alcohol within a certain distance from our property.

The land developer's three waivers are as follows:

- 1. Alcohol:** City code states that alcohol may not be sold within 300 feet of a church. The developers are requesting this code be waived so the hotel can sell beer and wine to its guests within 300 feet of our adjoining church property.
- 2. Driveway:** City code states that a driveway may not be closer than 15 feet from an adjoining property. The developers are requesting this code be waived so they can construct a driveway 5 feet from our adjoining church property.
- 3. Swimming pool:** City code states that a swimming pool may not be constructed 50 feet or less from an adjoining property. The developers are requesting this code be waived so they can construct a swimming pool 36 feet from our adjoining church property.

We are asking you to help us by signing this form stating that you object to the city waiving our church property rights.

Why sign? By signing, you will help protect churches' property rights from being waived by city government.

No liability. By signing, you are not incurring any liability in any way.

What is my future involvement? By signing, you will not have any further obligation.

Please help us protect church property rights.

Sincerely,

Elders of The Church in Austin

Jose L. Escobar
Jose Luis Escobar

Tym Seay
