

MEMORANDUM

TO: Zoning and Platting Commission Members

FROM: Sherri Sirwaitis
Planning and Zoning Department

DATE: February 28, 2017

RE: C14-2016-0134 (Pioneer at Walnut Creek) Postponement Request

The staff would like to request a postponement of the above mentioned case to March 21, 2017. The staff is asking for this postponement because a Neighborhood Traffic Analysis (NTA) is required and the staff needs additional time to discuss transportation mitigation for this case.

The postponement request was made in a timely manner and meets the Zoning and Platting Commission's policy.
