Objection to Land Developer's Waivers

Dear Dawson neighborhood residents,

Land developers plan to construct a hotel with associated improvements at 2510 S. Congress Avenue, Austin, TX 78704. They are requesting from the City of Austin two waivers to the city code in order to develop the land closer to the adjoining residential properties and our adjoining church property (2530 S. Congress Avenue). Additionally, they will request a third waiver to sell alcohol closer to our church. The land developer's waiver requests are as follows:

- 1. Swimming pool:** City code states that a swimming pool may not be constructed 50 feet or less from an adjoining property. The developers are requesting this code be waived so they can construct a swimming pool 28 feet from the adjoining properties.
- 2. Driveway:** City code states that a driveway may not be closer than 15 feet from an adjoining property. The developers are requesting this code be waived so they can construct a driveway 5 feet from our adjoining church property.
- 3. Alcohol:** City code states that alcohol may not be sold within 300 feet of a church. The developers are requesting this code be waived so the hotel can sell beer and wine within 300 feet of our adjoining church property.

We are asking you to help us by signing this form stating that you object to the City of Austin waiving these three residential and church property rights.

Thank you for your support.

Sincerely,

The Church in Austin

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

A zoning ordinance amendment may include a conditional overlay which would include conditions approved by the Land Use Commission or the City Council. If final approval is by a City Council's action, there is no appeal of the Land Use Commission's action.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact listed on a notice*); or
- appearing and speaking for the record at the public hearing;

and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.austintexas.gov/devservices.

A zoning ordinance amendment may include a conditional overlay which would include conditions approved by the Land Use Commission or the City Council. If final approval is by a City Council's action, there is no appeal of the Land Use Commission's action.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact listed on a notice); or
- appearing and speaking for the record at the public hearing;

and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

Comments: I object the proposed development

because this change would disturb the
present quiet and comfortable atmosphere
around my home. This is personally very
important to me and my health. A neighboring
hotel next to the property would bring in
more traffic and activity(s) that would
disturb the tranquil and peaceful environment
that me and my neighbors presently enjoy.

Comments: I have been a resident at 2530 S. Congress for 5

years & have benefitted from the serene atmosphere needed for my type of service to the community. Granting a variance for the sell of alcohol so close to the church is not at all acceptable.

It infringes on the use & suitability of our property and alters the atmosphere of the area. The 50' set back for the pool should also be maintained to keep the noise of social life at night at bay. Also, putting the driveway 5' from our property will certainly causes disturbances and noise complaints at night.

Comments: With a new resident raising

chickens, I feel concern and strong reservations about a business next door that has the potential to increase the disruption around the area. As a family, we value a quieter atmosphere and the increased traffic of both cars and people will certainly be better if the proposed development retains the original boundaries rather than expanding closer to our home.

Comments: As a missionary, what I call my "quiet time"

spent in prayer and reflection before God is crucial.

In it I prepare both to speak and counsel the

people I meet with. Having the constant flow of

traffic and noise nearer to my property would disrupt

my daily preparation. As a low income resident, I

have nowhere else to go - this is both my office

and my home. Having the least amount of nighttime

disruption as possible (which the hotel will bring) is

preferable.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak **FOR** or **AGAINST** the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

A zoning ordinance amendment may include a conditional overlay which would include conditions approved by the Land Use Commission or the City Council. If final approval is by a City Council's action, there is no appeal of the Land Use Commission's action.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact listed on a notice*); or
- appearing and speaking for the record at the public hearing;

and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

Comments: As a middle age single women living at 2530 S. Congress Ave, I object to the City of Austin's approval of the developers' requested waivers (driveway + swimming pool) for 2510 S. Congress Ave. If the requested variances are approved, the hotel development would disrupt a quiet graceful, and uncongested atmosphere that I've enjoyed for 4 yrs.
