Additional Backup Information

The restrictions on parking in the front or side yard of residential properties were established in August 2002 and have been amended several times to add new neighborhoods. The parking restrictions prohibit a person from parking a motor vehicle in the front or side yard of a residential property except on a driveway or a paved parking space depicted on an approved site/plot plan. This ordinance applies only in those areas as shown on the Restricted Parking Area Map

The Restricted Parking Area Map applications received in 2017 are for Council's consideration.

The following neighborhood organizations submitted applications in February 2017 requesting that the restrictions on parking in the front or side yard of a residential property apply to their area: **Springfield Austin HOA**.

There are two ways a neighborhood association or neighborhood planning contact team may request that these parking restrictions apply to their area: (1) during the neighborhood planning process; or; (2) submit an application during the open filing period in February.

This group has filed an application and satisfactorily met the notice and voting requirements as established by Ordinance 030717-131.

The Planning and Zoning Department (PAZ) recommends that the Restricted Parking Area Map be amended to include the above mentioned neighborhood HOA.
