Subject: Draft Design Commission Memo

Good Morning Michele,

Attached is the draft memo from the working group regarding the 405 Colorado project. At this time the group finds the project NOT to be in substantial compliance.

I assume that you still want to present in front of the entire design commission at the meeting later this month. Please let Katie and I know as soon as possible if you would like to make any changes to your presentation.

Please let me know if you have any questions.

Regards,
Anne Milne
