Stephen Oliver	James Shieh	Jeffrey Thompson
Nuria Zaragoza	William Burkhardt (Ex Officio)	Jose Vela III
Fayez Kazi	Greg Anderson	Trinity White
	Angela De Hoyos	James Schissler
<b>Group Focus Areas:</b>	<b>Group Focus Areas:</b>	<b>Group Focus Areas:</b>
1. Upcoming agendas/topic areas for future planning commission meetings related to CodeNEXT	1. Review mapping and application of Transect and Non-Transect zoning.	1. Review CodeNEXT sections
2. Coordinate with Staff, Community Stakeholders, other boards/commissions regarding CodeNEXT topics	2. Review alignment of zoning with neighborhood plans, small area plans and Imagine Nodes/Corridor planning	2. Identify intent of code sections and alignment with Imagine Policies
3. Chapter 23-2 Administration and Procedures	3. Review consistencies and inconsistencies in Draft 1.0 mapping methodologies.	3. Identify strengths/weakness of changes and opportunities for ease of use
4. Process impact of CodeNEXT on future Commissions		
5. Process impact of CodeNEXT on future planning		
Overarching questions:		
How does the code address affordability, compact and connected, preservation/protection of neighborhood character and the environment?		
How is the code improved upon our current code with respect to use and application?		
How does the code and mapping encourage a stronger alignment and implementation of our adopted Imagine Austin Policies?		
What information or changes do you believe is necessary to help better understand the draft code and mapping in order to make positive recommendation?
