### Additional Backup Information

On April 13, 2017, the Austin City Council created The City Manager Search Advisory Task Force to develop and conduct a community engagement process intended to shape a candidate profile for the next city manager. The Task Force is responsible for the first stage of a three-phase process that will be utilized by the City Council to select a new City Manager. In this first phase, the Task Force will independently collect public input and, based on the input, develop and submit recommendations to the Mayor and Council for the best profile for Austin City Manager candidates. The City's selected recruitment firm, Russell Reynolds Associates, will provide the Task Force with support in developing the profile. In the second phase, Russell Reynolds Associates will use the profile to recruit qualified candidates for consideration. In the final phase, the Austin City Council will deliberate and select a new City Manager.

The approval of this resolution will adopt the work plan recommended by the Task Force, and initiate the outward-facing process and meeting schedule to complete phase one.
