Additional Backup Information	
<p>Council Resolution No. 20120524-089 directed the City Manager to bring forward any necessary code changes related to implementing an interdepartmental special events team. The proposed ordinance creates a special events team and creates a City Code chapter dedicated to special events. More specifically, the ordinance adds a new chapter to Title 4 (<i>Business Regulation and Permit Requirements</i>) that will apply to special events, changes Chapter 14-8 (<i>Temporary Closure for Right-of-Way Events</i>) to be consistent with the new special events chapter, changes Section 10-3-96 (<i>Temporary Food Establishment</i>) to be consistent with the new special events chapter, repeals Section 14-6-3 (<i>Temporary Closure for a Street Festivity</i>) to create consistency, and amends Chapter 9-2 (<i>Noise and Amplified Sound</i>) to remove requirements for 24-hour live music and multi-day special event permits.</p> <p>In October of 2013, Council approved staff's recommended ordinance on first reading. At first reading the ordinance also included requirements for high capacity event venues and initiated changes to the sign code related to special event signs. However, for second and third reading of the ordinance, staff recommends changes to the draft approved on first reading. These changes include: removing the high capacity event venue requirements, incorporating specific sound equipment requirements (based on existing City Code), allowing legacy events to give notice of proposed special event dates for a five year period, changes to conform the ordinance to staff's practices; and other changes that are based on information learned since first reading.</p>
