#### **ZONING CHANGE REVIEW SHEET**

**CASE:** C14-2016-0125 (13007 Cantarra)

**Z.A.P. DATE:** April 4, 2017

**ADDRESS:** 13007 Cantarra Drive

**DISTRICT AREA: 1** 

**OWNER/APPLICANT:** Unity Five Investment, LLC (Nasruddin Mahesania)

**AGENT:** Alice Glasco Consulting (Alice Glasco)

**ZONING FROM:** LR-MU-CO

TO: LR-MU-CO

AREA: 2.386 acres

#### **SUMMARY STAFF RECOMMENDATION:**

The staff's recommendation is to grant LR-MU-CO, Neighborhood Commercial-Mixed Use-Conditional Overlay Combining District, zoning for this property. The conditional overlay will maintain the condition from the current zoning ordinance (Ordinance No. 20150611-0114) to prohibit an off-site accessory parking use on the Property.

In addition, the results of the transportation impact analysis for this site (TIA Memorandum-Attachment A) shall be included in a public restrictive covenant that will be recorded prior to third reading of this case at City Council.

#### **ZONING AND PLATTING COMMISSION RECOMMENDATION:**

4/04/17: Motion to close the public hearing (10-0); J. Duncan-1<sup>st</sup>, A. Aguirre-2<sup>nd</sup>.

Motion to deny the rezoning request made by B. Greenberg, J. Kiolbassa-2<sup>nd</sup>.

Substitute motion to approve the staff's recommendation of LR-MU-CO zoning, with TIA conditions, made by B. Evans-1<sup>st</sup>, S. Lavani-2<sup>nd</sup>.

Vote to accept the substitute motion (6-4, D. King, J. Kiolbassa, Y. Flores and B. Greenberg-No).

Vote to approve the substitute motion for the staff's recommendation of LR-MU-CO zoning, with TIA conditions (5-4-1, D. King, J. Kiolbassa, Y. Flores and B. Greenberg –No, A. Denkler-abstain). Motion failed and case sent forward to City Council without a recommendation.

### **DEPARTMENT COMMENTS:**

The property in question is currently undeveloped and sparsely vegetated. The applicant is requesting to rezone the site to remove the current conditional overlay for a 2,000 vehicle trip limit. The applicant is conducting a Transportation Impact Analysis (TIA) because they would like to develop the property with a service station use.

The staff recommends LR-MU-CO zoning for the site under consideration because the property meets the intent of the purpose statement for the LR-MU combining district. The proposed LR-MU-CO

zoning would allow for a fair and reasonable use of the site because it will permit the applicant to develop low intensity office and commercial uses fronting an arterial roadway, East Howard Lane. The Neighborhood Commercial District zoning is intended to provide much needed easily accessible/walkable commercial services to the surrounding residentially zoned areas. In addition, the proposed "MU" combining district would permit the applicant to develop office, retail, commercial, and residential uses that could be combined in a single development at this location.

The applicant agrees with the staff's recommendation.

#### **ISSUES:**

On May 2, 2017, the staff received a petition from adjacent property owners who are opposed to any zoning classification other than the current LR-MU-CO zoning on the site (Please see Petition Submittal - Attachment C). This GIS staff evaluated the petition and found that it is not valid at 0.66 %. The excerpt below is from the City of Austin's <u>Land Development Code</u> and explains when the City Council is subject to the three-fourths vote.

#### Sec. 25-2-284 REQUIREMENT FOR APPROVAL BY THREE-FOURTHS OF COUNCIL.

- (A) The affirmative vote of three-fourths of the members of Council is required to approve a proposed rezoning if:
  - (1) the Land Use Commission recommends denial of an application to rezone property to a planned unit development; or
  - (2) the proposed rezoning is protested in writing by the owners of not less than 20 percent of the area of land:
    - (a) included in the proposed change; or
    - (b) immediately adjoining the area included in the proposed rezoning and extending 200 feet from the area.

#### **EXISTING ZONING AND LAND USES:**

	ZONING	LAND USES
Site	LR-MU-CO	Undeveloped
North	SF-4A	Single Family Residences (Cantarra Residential Neighborhood)
South	PUD	Single Family Residence, Undeveloped
East	SF-4A	Undeveloped

# **ZONING**

Case#: C14-2016-0125

This product is for informational purposes and may not have been prepared for or be suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative location of property boundaries.

Created: 3/22/2017

This product has been produced by the Planning and Zoning Department for the sole purpose of geographic reference. No warranty is made by the City of Austin regarding specific accuracy or completeness.

#### STAFF RECOMMENDATION

The staff's recommendation is to grant LR-MU-CO, Neighborhood Commercial-Mixed Use-Conditional Overlay Combining District, zoning for this property. The conditional overlay will maintain the condition from the current zoning ordinance (Ordinance No. 20150611-0114) to prohibit an off-site accessory parking use on the Property.

In addition, the results of the transportation impact analysis for this site (TIA Memorandum-Attachment A) shall be included in a public restrictive covenant that will be recorded prior to third reading of this case at City Council.

#### BASIS FOR RECOMMENDATION

1. The proposed zoning is consistent with the purpose statement of the district sought.

Neighborhood commercial (LR) district is the designation for a commercial use that provides business service and office facilities for the residents of a neighborhood. Site development regulations and performance standards applicable to a LR district use are designed to ensure that the use is compatible and complementary in scale and appearance with the residential environment.

The purpose of a mixed use (MU) combining district is to allow office, retail, commercial, and residential uses to be combined in a single development.

2. The proposed zoning should allow for a reasonable use of the property.

The LR-MU-CO zoning district would allow for a fair and reasonable use of the site because it will permit the applicant to develop a mixture of low intensity office, commercial, and/or residential uses fronting an arterial roadway, East Howard Lane, which will provide services to the developing residential areas to the north, south, east and west.

3. The proposed zoning should satisfy a real public need and not provide special privilege to the owner.

Neighborhood Commercial District zoning is intended to provide much needed easily accessible/walkable commercial services to the surrounding residentially zoned areas.

#### **EXISTING CONDITIONS**

#### **Site Characteristics**

The site a under consideration is a sparsely vegetated, undeveloped tract of land.

# **Comprehensive Planning**

This zoning case is located on the northeast corner of E. Howard Lane and Cantarra Drive, on a vacant parcel that is approximately <u>2.38 acres in size</u> (and part of the Cantarra Master Planned Community.) This property is not located within the boundaries of a Neighborhood Plan Area. Surrounding land uses includes single family housing to the north, a single family house to the south and west, and vacant land to the east. The proposed use is a gas station/convenience store and to remove the 2,000 trips per day conditional overlay.

Connectivity: Public sidewalks are located along both sides of Howard Lane, which is quickly filling up with large single family subdivisions. There are no CapMetro transit stops, and retail shopping areas located within walking distance to this site. The Walkscore for this property 0/100, meaning almost all errands are dependent on a car. The AARP Livability Index Score is 46/100. The Livability Index measures housing, neighborhood, transportation, environment, health, engagement, and opportunity characteristics.

#### **Imagine Austin**

The Imagine Austin Growth Concept Map, found in the Imagine Austin Comprehensive Plan (IACP) identifies this project as being located along an Activity Corridor (E. Howard Lane). Page 106 of Imagine Austin states: "Activity corridors have a dual nature. They are the connections that link activity centers and other key destinations to one another and allow people to travel throughout the city and region by bicycle, transit, or automobile. Corridors are also characterized by a variety of activities and types of buildings located along the roadway — shopping, restaurants and cafés, parks, schools, single-family houses, apartments, public buildings, houses of worship, mixed-use buildings, and offices." P. 106

The following Imagine Austin policies are applicable to this case:

- LUT P1. Align land use and transportation planning and decision-making to achieve a compact and connected city in line with the growth concept map.
- LUT P3. Promote development in compact centers, communities, or along corridors that are connected by roads and transit that are designed to encourage walking and bicycling, and reduce health care, housing and transportation costs.
- LUT P4. Protect neighborhood character by directing growth to areas of change that include designated redevelopment areas, corridors and infill sites. Recognize that different neighborhoods have different characteristics and new and infill development should be sensitive to the predominant character of these communities.

#### **Analysis and Conclusion**

Howard Lane is quickly transitioning away from a rural road to one that is filling up with large single family subdivisions but contains little in the way of goods and services to serve people living next to this major corridor. The Imagine Austin Growth Concept Map supports commercial uses being located along Activity Corridors and based on this project providing much needed neighborhood services; this project appears to be supported by the plan.

#### Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Harris Branch Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact

the City Arborist at 512-974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

#### **Impervious Cover**

The maximum impervious cover allowed by the LR zoning district would be 80%. However, because the watershed impervious cover is more restrictive than the zoning district's allowable impervious cover, the impervious cover is limited by the watershed regulations.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

Development Classification	% of Gross Site Area	% of Gross Site Area with Transfers
Single-Family	50%	60%
(minimum lot size 5750 sq. ft.)		
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

Note: The most restrictive impervious cover limit applies.

#### Site Plan

No site plan comments.

# **Stormwater Detention**

At the time a final subdivision plat, subdivision construction plans, or site plan is submitted, the developer must demonstrate that the proposed development will not result in additional identifiable flooding of other property. Any increase in stormwater runoff will be mitigated through on-site stormwater detention ponds, or participation in the City of Austin Regional Stormwater Management Program if available.

# **Transportation**

A traffic impact analysis is required and has been received. Additional right-of-way, participation in roadway improvements, or limitations on development intensity may be recommended based on review of the TIA. [LDC, Sec. 25-6-142]. Comments will be provided in a separate memo.

#### Water and Wastewater

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility for compliance with City criteria and suitability for operation and maintenance. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

#### **MEMORANDUM**

TO:

Sherri Sirwaitis, Case Manager Planning and Zoning Department

FROM:

Scott A. James, P.E., PTOE

Ivan Naranjo, MBA, Senior Planner Development Services Department

DATE:

March 22, 2017

**SUBJECT:** 

**Revisions to Traffic Impact Analysis for Cantarra Gas Station** 

Zoning Case No. C14 - 2016 - 0125

The Cantarra Gas Station is a proposed project development located at 3400 East Howard Lane, on approximately 2.4 acres, north of East Howard Lane and east of Cantarra Drive. The project site is currently vacant and is zoned GR. The applicant is proposing to rezone to LR-MU-CO, to permit construction of a Convenience Store with Gasoline Pumps (ITE Land Use Code 853). The convenience store will have up to 3500 SF of retail and eight (8) fueling stations. The project is expected to be completed in 2018.

#### Roadways

East Howard Lane is a five-lane street with two-way left turn center lanes in the vicinity of the site. It is classified in the 2025 Austin Metropolitan Area Transportation Plan as a major four lane divided arterial roadway, and has a posted speed limit of 50 MPH.

Cantarra Drive is a two lane local street adjacent to the site. In the vicinity of the project, Canterra Drive has a posted speed limit of 30 MPH.

# **Trip Generation and Traffic Analysis**

Based on the ITE publication <u>Trip Generation</u>, 9<sup>th</sup> <u>Edition</u>, the proposed development will include a Convenience Store with Gasoline Pumps (ITE Land Use Code 853). The number of estimated daily trips attributed to the development is 4,341 vehicle trips per day (vpd). Site traffic is expected to use Cantarra Drive and East Howard Lane to access the site. Table 1 on the following page summarizes the site trip generation rates used in the traffic analysis.

Table 1 – Site Trip Generation

Land Use (ITE Code)	Size	24-Hour Two-Way Volume
Gasoline/ Service Station (863)	8 fueling stations	4341 vpd
Totals		4341

For this study, manual turning movement counts were conducted on Wednesday, September 14, 2016 when public schools were in session.

Study intersections were evaluated using the Highway Capacity Manual (HCM) method for capacity analysis. When the estimated additional trips were added to the identified intersections, the traffic analysis indicated all studied intersections would operate at acceptable levels of service (LOS). Analyses were conducted for the existing (2016), and build-out (2017) conditions for both the AM and PM peak travel periods. Table 2 provides a summary of the calculated average delay(s) for each of the study intersections:

Table 2 – Calculation of intersection level of service (LOS)\*

10 A	2016 Existing		2017 Project	
Intersection Studied	AM	PM	AM	PM
Howard Lane and Cantarra Drive	В	В	j B	В
Howard Lane and Driveway #1	В	В	В	В
Cantarra Drive and Driveway #2	Α	А	Α	Α

<sup>\*</sup> Traffic analysis based on 2000 Highway Capacity Manual methodology

#### **Recommended Transportation Improvements**

The TIA document determined that revised pavement markings along Cantarra Drive would improve the traffic operations, specifically by installing two eleven foot (11 ft) wide southbound travel lanes and one eighteen (18 ft) northbound lane to distinguish between southbound left and right turning traffic. City review staff concurs and recommends the surface be prepared and the markings installed to serve the future signalization of East Howard Lane and Cantarra Drive.

# **Conclusions and Recommendations**

Therefore, after review of the identified improvements within the TIA and also listed in the public documents available, staff recommends approval of this site plan application subject to the following conditions:

1) Applicant to provide revised pavement markings concurrent with the site plan application for the location.

Table 3	- List of Improvements		
Location	Improvements	Estimated Cost	Developer Share %
Revised Pavement markings for East Howard Lane and Cantarra Drive	Revise pavement markings	TBD	100%

- Development of this property should not vary from the approved uses, nor exceed the approved intensities and estimated traffic generation assumptions within the TIA document (dated October 27, 2016), including land uses, trip generation, trip distribution, traffic controls and other identified conditions.
- 3) The approvals and conditions stated in this TIA memorandum remain valid until March 22, 2022, after which revisions to the analysis or conditions may be required.

If you have any questions or require additional information, please contact me at (512) 974 – 2208. Thank you.

Scott A. James, P.E., PTQE

Current Zoning Ordinance

# ORDINANCE NO. 20150611-014

AN ORDINANCE ESTABLISHING INITIAL PERMANENT ZONING FOR THE PROPERTY LOCATED AT 13007 CANTARRA DRIVE AND CHANGING THE ZONING MAP FROM INTERIM-RURAL RESIDENCE (I-RR) DISTRICT TO NEIGHBORHOOD COMMERCIAL-MIXED USE-CONDITIONAL OVERLAY (LR-MU-CO) COMBINING DISTRICT.

# BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

**PART 1.** The zoning map established by Section 25-2-191 of the City Code is amended to change the base district from interim-rural residence (I-RR) district to neighborhood commercial-mixed use-conditional overlay (LR-MU-CO) combining district on the property described in Zoning Case No. C14-2014-0167, on file at the Planning and Zoning Department, as follows:

2.386 acre tract of land, more or less, out of the Mariguita Castro Survey No. 50, Abstract No. 160 the tract of land being more particularly described by metes and bounds in Exhibit "A" incorporated into this ordinance (the "Property"),

locally known as 13007 Cantarra Drive in the City of Austin, Travis County, Texas, and generally identified in the map attached as Exhibit "B".

- **PART 2.** The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions:
  - A. A site plan or building permit for the Property may not be approved, released, or issued, if the completed development or uses of the Property, considered cumulatively with all existing or previously authorized development and uses, generate traffic that exceeds 2,000 trips per day.
  - B. An off-site accessory parking use is a prohibited use on the Property.

Except as specifically restricted under this ordinance, the Property may be developed and used in accordance with the regulations established for the neighborhood commercial (LR) base district, the mixed use combining district and other applicable requirements of the City Code.

PART 3. This ordinance takes effect on .	June 22, 2015.
PASSED AND APPROVED

Attachment

PETITION

Address of Rezoning Request: 13007 Cantarra Drive

Pflugerville, Tx 78660

To: Austin City Council

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest any change of the Land Development Code which would zone the property to any classification other than LR-MU-CO with a trip limit of no more than 2,000 trip limits per day. We would love for this area to be zoned back to a property deemed for residential use only.

The reason for protest is as follows: Residents of Cantarra were promised a dog park at the designated property, when development began over 10 years ago. This area currently serves as an open field for residents to play catch, play tag, play with pets, a nice quiet reading area, and other convenient neighborhood activities where a clear field, which is enclosed, would serve a community. The neighborhood developer also promised a Jr. Olympic-sized pool with multiple shade structures (at least 3) and a park complete with water fountains, pet friendly water fountains, a bicycle rack and suitable parking. The previous developers have reneged on many of their promises to put in suitable amenities to accommodate the estimated 1,200 homes that are to be built in our community. Our "amenities" have been reduced to a standard-sized swimming pool (roughly 25 ft long), and a toddler-aged playground. While the failed promises fall upon the previous neighborhood developers (we are now on our 3rd or 4th developer), this community has been misled time and time again, with promises of a community that anyone would envy. Now Mr. Mahesania is proposing to put in a gas station in addition to the convenience store?! Misled again. The "off-site family amenities...within one mile of the project" has also changed. There is a small park within 1000 ft of the proposed store. There is also a creek/greenbelt area that is located immediately adjacent to the proposed store. Will this be destroyed upon development?

Secondly, there are already five convenience stores and gas stations within less than 10 minutes of the Cantarra subdivision. Placing another gas station is not only unneeded but increases the risk for loitering, unwanted attention to our neighborhood, crime, and most importantly increases the influence of youth sales of alcohol and tobacco. Gas stations provide a gross profit margin of only about 6.4% of sales. However, data reflects that cigarettes and other tobacco products account for nearly 36% of convenience store sales, over 19% for food service (if provided), over 15% for nonalcoholic beverages, and 7% of beer and alcohol sales1. To use the community residents as the target customer, is appalling. At a minimum, there will be 1 parent/adult to every 2 children or more. A survey of 2,125 middle-school students in central California examined adolescents' exposure to tobacco marketing in stores and its association with self-reported smoking. Two thirds of sixth-, seventh-, and eighth-grade students reported at least weekly visits to small grocery, convenience, or liquor stores. Such visits were associated with a 50% increase in the odds of ever smoking, even after control for social influences to smoke. Youth smoking rates may benefit from

Data provided by CSP Daily News http://www.cspdailynews.com/print/csp-magazine/article/data-store-sales-trends-2015

efforts to reduce adolescents' exposure to tobacco marketing in stores<sup>2</sup>. With the anticipated 1,200 homes in this community, the number of children and young teens in our neighborhood will likely be influenced by the convenient availability of tobacco and alcohol, and should be frowned upon. Our neighborhood is still developing and morphing into a bigger and better area making it relatively nice and family friendly. With the number of convenience stores (with gas stations) surrounding our neighborhood, another gas station or convenience store is just not necessary.

Furthermore, our neighborhood is all electric, and adding a gas station poses additional risk from exposure to odorless hydrocarbon fumes, benzene (a genotoxic carcinogen in humans, to which no safe level of exposure can be recommended<sup>3</sup>), and gas leaks. The hydrocarbon fumes can cause asthma and respiratory issues while the chemical, benzene, can cause cancer. The (EPA) Environmental Protection Agency stated that the fuel holding tanks can cause leaks to underground water systems which can render water polluted and undrinkable. These things are not what I want around my children, my neighbor's children or my neighbors. The exhaust from sitting cars causes additional damage to our environment and exposes the children playing at the park and swimming at the pool, the additional air pollution is not acceptable<sup>4</sup>.

Finally, our neighborhood houses many youth that play outdoors, and families that go out for walks or biking. The park and pool area are under 1000 feet away from the proposed development of the gas station, which will ultimately put our residents, and more importantly our children, at unnecessary increased risk of getting hurt by vehicles traveling on the main road (Cantarra Drive). We already experience safety issues at the intersection of Howard and Cantarra Drive, due to lighting and vehicles traveling at high rates of speed on both Cantarra Drive and Howard Lane. The amount of traffic turning into our neighborhood and into the gas station will significantly increase the difficulty of leaving the Cantarra Subdivision (mostly those turning East onto Howard Lane), and increase the risk for traffic accidents.

The developer, Mr. Mahesania, will be the only party to benefit from the convenience store and gas station, and has not shown any concern or sought any input by the affected parties. Our neighborhood will suffer undue hardships and disruption with this development. In closing, we ask that you respectfully take all our concerns into consideration before making the decision to approve the increase in vehicle trips per day and the gas station, if not the development in its entirety. Thank you for your time.
