

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, **you are not required to attend**. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
 - appearing and speaking for the record at the public hearing;
- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
 - is the record owner of property within 500 feet of the subject property or proposed development; or
 - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

Comments: Board of Adjustment, hearing on 7/10/17 Case No. C15-2017-0038. I object to this as it would decrease the size of the sidewalk. There are already too few sidewalks in this area so don't want to lose any already existing. Many people use that sidewalk to run, walk dogs, and the kids walking to school. It's a busy intersection. We need more sidewalks, not less.

Comments must be returned by 10 am the day of the hearing to be seen by the Board at this hearing. They may be sent via:

As affected owners regarding Case C15-2017-0038, we are in favor of the variance.

The owners of 9101 Sautelle Lane have always maintained a beautifully landscaped property, and as someone who drives past their home at least a couple of times per day, I see no reason the family cannot enjoy their tastefully built studio and gazebo.

Thank you,
