

SECOND/THIRD READING SUMMARY SHEET

ZONING CASE NUMBER: C14-2017-0029 (Great Hills Country Club)

REQUEST:

Approve second and third readings of an ordinance amending City Code Title 25 by zoning property locally known as 5914 Lost Horizon Drive (Bull Creek Watershed) from single family residence-standard lot (SF-2) district zoning and community commercial-conditional overlay (GR-CO) combining district zoning to commercial recreation (CR) district zoning for Tract 1 and from community commercial-conditional overlay (GR-CO) combining district zoning to commercial-liquor sales (CS-1) district zoning for Tract 2.

The ordinance reflects the City Council's action at 1st reading.

DISTRICT AREA: 10

PROPERTY OWNER: Great Hills Golf Club of Austin, Inc. (Hayden Stewart)

AGENT: Thrower Design (A. Ron Thrower)

DEPARTMENT COMMENTS:

The property in question is developed with a country club that includes a pool area, restaurant, retail shop, meeting rooms, and golf course. In this case, the applicant is requesting a rezoning of the golf course area, Tract 1 (61.17 acres), to the Commercial Recreation (CR) district to bring the Outdoor Sports and Recreation use into conformance. In addition, the applicant is asking to rezone a portion (a 1.5188 acre footprint known as Tract 2) of the existing 6.68 acres of GR-CO zoning area to Commercial-Liquor Sales (CS-1) district to allow for the development of a new club house and associated structures. The applicant is proposing to construct a new club house building that will include a pro-shop, restaurant, cocktail lounge, activity center and other accessory uses to the Community Recreation (Private) use.

The staff recommends CR zoning for Tract 1 as it will bring the existing golf course (Outdoor Sports and Recreation use) into conformance with land use regulations in the Land Development Code. The proposed CS-1 zoning for Tract 2 will permit the applicant to redevelop the county club facilities to provide additional services for the community.

The applicant agrees with the staff's recommendation.

DATE OF FIRST READING/VOTE: June 8, 2017

The public hearing was conducted and a motion to close the public hearing and approve the ordinance on first reading only on consent for commercial recreation (CR) district zoning for Tract 1 and commercial-liquor sales (CS-1) district zoning for Tract 2 was approved on Council Member Renteria's motion, Council Member Flannigan's second on a 9-0 vote. Council Member Kitchen and Council Member Garza were absent.

<u>ZONING FROM:</u> Tract 1: SF-2, GR-CO	<u>TO:</u> Tract 1: CR	<u>AREA:</u> Tract 1: 61.17 acres
Tract 2: GR-CO	Tract 2: CS-1	Tract 2: 1.5188 acres
		Total Area: 62.688 acres

SUMMARY STAFF RECOMMENDATION:

The staff's recommendation is to grant CR, Community Recreation District, zoning for Tract 1 and CS-1, Commercial Liquor Sales District, zoning for Tract 2.

ZONING & PLATTING COMMISSION RECOMMENDATION:

5/16/17: Postponed to June 6, 2017 at the staff's request by consent (11-0); A. Denkler-1st, J. Duncan-2nd.

6/06/17: Approved staff's recommendation of CR zoning on Tract 1 and CS-1 zoning on Tract 2 by consent (10-0, D. Breithaupt-absent); A. Aguirre-1st, S. Lavani-2nd.

DEPARTMENT COMMENTS:

The property in question is developed with a country club that includes a pool area, restaurant, retail shop, meeting rooms, and golf course. A portion of the subject tract was rezoned in October of 1980 from SF-2 to LO and CS-1 (Zoning Case C14-80-0129 – See Case Map as Attachment A). The CS-1 building footprints were granted for the existing club building and the proposed expansion area. In February of 2000, the applicant requested GR zoning for this site. The applicant proposed to downzone the CS-1 footprint and to up zone the remaining SF-2 and LO zoned area (Zoning Case C14-00-2043 – See Case Map as Attachment B). The Planning Commission and City Council approved GR-CO zoning with conditions allowing LO uses and only GR district uses that are accessory to existing club use.

In 2010, the applicant requested a rezoning of the property from GR-CO to GR-CO to amend the conditional overlay to permit some uses that were required for the remodel and expansion of the site (Zoning Case C14-2010-0017 – See Case Map as Attachment C). Specifically, the applicant requested to permit the Community Recreation (Private) use so they could add tennis courts in place of some to the parking lot on the property. In addition, the applicant planned to expand the pool area and remodel the existing buildings to benefit current and future needs of the golf club. The Zoning and Platting Commission approved GR-CO zoning with a conditional overlay to allow the following uses as conditional uses: Community Recreation (Private), Indoor Entertainment, Outdoor Sports and Recreation, Restaurant (Limited), and Restaurant (General); permit all other 'LO' district uses. In

August of 2010, the City Council approved the Zoning and Platting Commission's recommendation with additional conditions to 1) provide a 22-foot setback from the right-of-way line on the property for any additional improvements on the site (unless an electrical manhole required reducing the size to twenty feet); 2) allow for a 10:00 p.m. closing time; 3) require a landscaped buffer on the west side and adjacent to the proposed new tennis courts that is consistent with the City's Grow Green regulations.

In this case, the applicant is requesting a rezoning of the golf course area, Tract 1 (61.17 acres), to the Commercial Recreation (CR) district to bring the Outdoor Sports and Recreation use into conformance. In addition, the applicant is asking to rezone a portion (a 1.5188 acre footprint known as Tract 2) of the existing 6.68 acres of GR-CO zoning area to Commercial-Liquor Sales (CS-1) district to allow for the development of a new club house and associated structures. The applicant is proposing to construct a new club house building that will include a pro-shop, restaurant, cocktail lounge, activity center and other accessory uses to the Community Recreation (Private) use.

The staff recommends CR zoning for Tract 1 as it will bring the existing golf course (Outdoor Sports and Recreation use) into conformance with land use regulations in the Land Development Code. The proposed CS-1 zoning for Tract 2 will permit the applicant to redevelop the county club facilities to provide additional services for the community.

The applicant agrees with the staff's recommendation.

Tract 2

Tract 1

Tract 1

STAFF RECOMMENDATION

The staff's recommendation is to grant CR, Community Recreation District, zoning for Tract 1 and CS-1, Commercial Liquor Sales District, zoning for Tract 2.

BASIS FOR RECOMMENDATION (ZONING PRINCIPLES):

1. Zoning should allow for reasonable use of the property.

The proposed rezoning will make it possible for the applicant to improve the country club facility by developing a new clubhouse building that will include a pro-shop, restaurant, cocktail lounge, activity center and other accessory uses to the Community Recreation (Private) use on the existing site.

2. The proposed zoning should satisfy a real public need and not provide special privilege to the owner.

The proposed CR zoning for Tract 1 will bring the existing golf course (Outdoor Sports and Recreation use) into conformance with land use regulations in the Land Development Code. The proposed CS-1 zoning for Tract 2 will permit the applicant to redevelop the county club facilities to provide additional services for the community.

EXISTING CONDITIONS

Site Characteristics

The site is developed with a country club that includes a pool area, restaurant, retail shop, meeting rooms, and golf course. The property is surrounded by a single-family residential neighborhood.

Comprehensive Planning

SF-2 and GR-CO to CR and CS-1

This zoning case is located on the north side of Lost Horizon Drive, on 62 acres, which is part of a larger 126 acre tract of land that makes up the Great Hills Country Club. This case is not located within the boundaries of an area that has a neighborhood plan. Surrounding land uses includes single family housing to the north, east and west, and single family housing and a tennis facility to the south. The proposal is to change the zoning designation on approximately 62 acres of this 126 acre site, so the property is rezoned to reflect the current use, which is a private golf course, which includes a club house/restaurant/cocktail lounge (including the proposed expansion of the club house), pool, and pro-shop. Approximately 1.5 acres, is proposed to have CS-1 zoning for the expanded clubhouse/restaurant/cocktail lounge, which is smaller than the existing 6.68 acres of GR-CO zoning that is now on the site.

Connectivity: There is a public sidewalk located along Lost Horizon Drive but no public transit stop located within walking distance to this property. The Walkscore for this site is 9/100, meaning almost all errands require a car.

Imagine Austin

The property is not located within the boundaries of an Activity Center or Corridor. Page 107 of the IACP states, *"While most new development will be absorbed by centers and corridors, development will happen in other areas within the city limits to serve neighborhood needs and create complete communities. Infill development can occur as redevelopment of obsolete office, retail, or residential sites or as new development on vacant land within largely developed areas. New commercial, office, larger apartments, and institutional uses such as schools and churches, may also be located in areas outside of centers and corridors. The design of new development should be sensitive to and complement its context. It should also be connected by sidewalks, bicycle lanes, and transit to the surrounding area and the rest of the city. It should also be connected by sidewalks, bicycle lanes, and transit to the surrounding area and the rest of the city."*

Based on this site: (1) not being located along an Activity Corridor or within an Activity Center; (2) the country club/golf course with a clubhouse being a pre-existing use on this site for years; and (3) the minimal changes proposed for the property (1.5 acres out of 126 acres to expand the clubhouse/restaurant/cocktail lounge) this case falls below the scope of Imagine Austin; and consequently the plan is neutral on the proposed rezoning.

Environmental

The site is located over the Edwards Aquifer Recharge Zone. The site is in the Bull Creek Watershed of the Colorado River Basin, which is classified as a Water Supply Suburban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Drinking Water Protection Zone.

Development within a Water Quality Transition Zone is limited to 18%.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Hill Country Roadway

The site is not within a Hill Country Roadway Corridor.

Impervious Cover

The maximum impervious cover allowed by the CS-1 zoning district would be 95% and the CR district would be 60%. However, because the Watershed impervious cover is more restrictive than the zoning district's allowable impervious cover, the impervious cover on this site would be limited by the watershed ordinance.

Under the current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% NSA with Transfers</i>
One or Two Family Residential	30%	40%
Multifamily Residential	40%	55%
Commercial	40%	55%

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Compatibility Standards

The site is subject to compatibility standards. Along the property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 25 feet of the property line.
- A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, height limitation is 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property line.
- An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.
- A landscape area at least 25 feet in width is required along the property line if the tract is zoned LR, GO, GR, L, CS, CS-1, or CH.

Additional design regulations will be enforced at the time a site plan is submitted.

Stormwater Detention

At the time a final subdivision plat, subdivision construction plans, or site plan is submitted, the developer must demonstrate that the proposed development will not result in additional identifiable flooding of other property. Any increase in stormwater runoff will be mitigated through on-site stormwater detention ponds, or participation in the City of Austin Regional Stormwater Management Program if available.

Transportation

Per Ordinance No. 20170302-077, off-site transportation improvements and mitigations may be required at the time of site plan application.

A Traffic Impact Analysis or Neighborhood Traffic Analysis shall be required at the time of site plan if triggered per LDC 25-6-113 and LDC 25-6-114. LDC, Sec. 25-6-113, 25-6-114.

It is recommended that when the property is redeveloped, joint access be provided for the two lots along Lost Horizon Drive.

Janae Ryan, Urban Trails, Public Works Department and Nathan Wilkes, Bicycle Program, Austin Transportation Department may provide additional comments regarding bicycle and pedestrian connectivity per the Council Resolution No. 20130620-056.

According to the Austin 2014 Bicycle Plan approved by Austin City Council in November, 2014, a shared lane is recommended for Lost Horizons Drive.

Additional right-of-way maybe required at the time of subdivision and/or site plan.

Existing Street Characteristics:

Name	ROW	Pavement	Classification	Sidewalks	Bike Route	Capital Metro (within ¼ mile)
Lost Horizons Drive	67 ft.	44 ft.	Collector	Yes, portions on one side only	Yes, wide shoulder	No

Water and Wastewater

FYI: The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, water or wastewater easements, utility relocations and or abandonments required by the proposed land use. Depending on development plans submitted, water and or wastewater service extension requests may be required. Water and wastewater utility plans must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fees once the landowner makes an application for Austin Water utility tap permits.

March 13, 2017

Mr. Greg Guernsey
Director
Planning and Zoning Department
City of Austin
PO Box 1088
Austin, Texas 78767

RE: Rezoning, 5914 Lost Horizon Drive

Dear Mr. Guernsey,

This firm represents the Owners of the property for the above referenced address, The Great Hills Golf Course and Country Club, in this rezoning request.

The 126 acre golf course located in northwest Austin was established in the 70's with the club house constructed in the early 80's. This rezoning application addresses 62.64 acres of the property.

A large portion, 55.96 acres, of the subject property is currently zoned SF-2 which does not allow for outdoor sports and recreation use (golf course). The remaining property, 6.68 acres, has GR-CO zoning that establishes conditional and prohibited uses and is the location of the club house building. The club house includes the pro-shop, restaurant and cocktail lounge for club members. The request with this application is to rezone 61.17 acres to Commercial Recreation (CR) and 1.5 acres to CS-1 zoning.

At 1.5 acres, the CS-1 footprint is smaller than the existing 6.68 acres of GR-CO. The footprint will host the location of the new club house and associated buildings. The club house building will include a pro-shop, restaurant, cocktail lounge, activity center and other customary, accessory uses to a golf course and country club (community recreation, private) use. Austin

Country Club is set up in the same manner with CR zoning and a footprint of CS-1 for the club house.

A successful rezoning to CR and CS-1 will rectify the nonconforming uses of the property and will also allow the Country Club to expand their services and amenities beyond what is currently offered to their members. With this, we respectfully request a favorable recommendation that is consistent with the Austin Country Club.

Should you have any questions or need additional information, please contact me at my office.

Sincerely,

A handwritten signature in cursive script, reading "A. Ron Thrower".

A. Ron Thrower

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

To: Sirwaitis, Sherri
Subject: Case No. C14-2017-0029

To Zoning and Platting Commission:

I'm writing in support of this rezoning application for a portion of Great Hills Country Club. Our property adjoins the said section to the north, and we are members of the club. Allowing construction of a more modern and attractive clubhouse and pool facility will benefit the area, entice more neighbors to join, and have minimal impact on surrounding streets and homes including ours after the construction is complete.

Thanks for your attention in this matter.

You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.
