

ZONING CHANGE REVIEW SHEET

CASE: C14-2017-0062 – Velocity E. 11th Street

P.C. DATE: June 27, 2017

ADDRESS: 610 E 11th Street

DISTRICT AREA: 1

OWNER/APPLICANT: Velocity (Debbie Mitchell)

AGENT: Armbrust & Brown, PLLC (Richard T. Suttle, Jr.)

ZONING FROM: CS and CS-1 **TO:** CBD

TOTAL AREA: 13.00 acres (56,619 sq. ft.)

SUMMARY STAFF RECOMMENDATION:

Staff recommends rezoning the tract locally known as 610 E 11th Street from general commercial services (CS) district and commercial-liquor sales (CS-1) to Central Business District (CBD) zoning.

PLANNING COMMISSION RECOMMENDATION:

June 27, 2017 *APPROVED CBD ZONING AS STAFF RECOMMENDED BY CONSENT [J. SCHISSLER, J. SHEIH – 2ND] (7-0) F. KAZI, A. DE HOYOS HART, P SEEGER, J. VELA III, T. WHITE, N. ZARAGOZA – OFF THE DAIS.*

ISSUES:

None on subject tract.

DEPARTMENT COMMENTS:

The subject tract is 13.00 acres (56,619 sq. ft.) and is comprised of six unplatted lots, most of the eastern portion of the block bounded by E 12th Street to the north, Sabine Street to the east, E 11th Street to the South, and Red River Street to the West. The street address is 610 E 11th Street.

The majority of the tract is zoned general commercial services (CS), and the southwest corner – approximately 3,200 square feet – is zoned commercial-liquor sales (CS-1) (See Exhibit A, zoning map, and Exhibit B, aerial). In 1967, a one-story office building was constructed onsite. In 1985, various other improvements were added to the tract including a parking structure and bank drive-through. The building currently serves as a bank. There is an office building and parking lot across Sabine Street to the west which is also proposed for rezoning (C14-2017-0061 – Velocity, E 12th St).

The subject tract is adjacent to Symphony Square to the southwest, and Waller Creek runs through the lot from northwest to southeast. The City of Austin owns this parcel and leases it to the Symphony Square group. Also to the west are a restaurant and office. The tract proposed for rezoning occupies the remainder of the block. Across the adjacent streets, other land uses are an office and restaurant to the north, a hotel and park to the south, and offices and parking to the east.

The applicant is requesting a zoning change to the central business district (CBD). The applicant has stated “The preliminary plan is to redevelop the properties to allow for a mixed use development using 100% [impervious cover], 100% [building coverage] and max 45 stories.” These are the only details available at this time concerning the proposed development.

The subject tract is located in the Waller Creek District of the Downtown Austin Plan (DAP), which was adopted in 2011. The DAP identifies the tract as a Development Opportunity Site, one which is relatively unconstrained. In addition, DAP recommends CBD zoning for the tract and others in the vicinity - the strip of land between the IH-35 and Red River Street from just north of E 12th Street to just South of E 9th Street. Some of these properties have been rezoned to CBD, such as 707 E 9th St, 703 E 9th St, and 1209 Red River St. (See Exhibit E – Excerpts from DAP).

The recommended CBD zoning classification is intended to expand entitlement rights to develop the property in a way that will encourage a mix of land uses while allowing the pursuit of district specific goals. For the Waller Creek Subdistrict, these include “Establish activities along the Creek that contribute to its safety and vitality and to the area’s economic revitalization” and “Encourage new development that promotes the area as a diverse, livable, and affordable mixed-use district with a distinctly local feel.” At minimum, the rezoning will allow for a site plan in accordance with these and other goals. At the time of site plan, the applicant will be required to coordinate with the Waller Creek District Design Review Board regarding the development of the tract. This board consists of members of the Waller Creek Conservancy and City of Austin Staff.

One constraint on the tract is its location within two Capitol View Corridors (CVCs), which traverse the site, and will limit the height of a building to approximately 75 to 100 feet above existing grade. (See Exhibits C and D). A fair notice application was filed for this site on May 18 2017, vesting to current regulations. Therefore, ordinances passed after that date, such as new Capitol View Corridors, will not apply, provided that a complete site plan application is filed within one year of the fair notice application.

In the Imagine Austin Comprehensive Plan, downtown is designated as a Regional Center, the most urban place in the region. Higher densities are encouraged in these areas, including medium to high-rise residential and office buildings. For the reasons stated above, Staff believes the request is supported by the Downtown Austin Plan and the Imagine Austin Comprehensive Plan, and recommends CBD zoning.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	CS, CS-1	Office / Parking Area
<i>North</i>	E 12 th St, then CS-1, CS, CBD	Parking, Restaurant, Office
<i>South</i>	E 11 th St, then CS, CS-1, CS-1-H	Hotel, Park
<i>East</i>	Sabine St, then CS	Bank, Office
<i>West</i>	CS-1, CS-1-H	Park / Outdoor Entertainment, Restaurant, Office

NEIGHBORHOOD PLANNING AREA: Downtown Austin Plan (Waller Creek District)

TIA: No, however a TIA may be required at the time of site plan.

WATERSHED: Waller Creek

DESIRED DEVELOPMENT ZONE: Yes

CAPITOL VIEW CORRIDOR: East Eleventh Street Threshold, East Seventh Street Bridge Over the Texas – New Orleans Railroad

HILL COUNTRY ROADWAY: No

RELATED CASES:

None on the subject tract.

SUBDIVISION: Six unplatted lots consisting of most of the eastern portion of the block bounded by E 12th Street to the north, Sabine Street to the east, E 11th Street to the South, and Red River Street to the West.

ABUTTING STREETS:

Name	ROW	Pavement	Classification	Sidewalks	Bike Route	Capital Metro (within ¼ mile)
E 11 th Street	80 ft.	38 feet	Arterial	Yes	Yes, bike lane	Yes
E 12 th Street	120 ft.	24 feet (divided)	Arterial	Yes	Yes, wide curb lane	Yes
Sabine Street	80 ft.	40 ft.	Collector	Yes	No	Yes

TR1. Additional right-of-way maybe required at the time of subdivision and/or site plan.

TR2. According to the Austin 2014 Bicycle Plan approved by Austin City Council in November, 2014, a protected bike lane is recommended for 11th Street, and a protected bike lane is recommended for 12th Street.

TR3. FYI – The proposed zoning site has less than 200 feet of frontage along 11th Street and 12th and alternative access is available from Sabine Street. At the time of Site Plan Application, per LDC 25-6-381, access shall be prohibited to 11th Street and 12th Street.

TR4. FYI – Existing non-conforming driveways are required to conform with City standards, including driveway closing and curb construction where appropriate at the time of site plan application.

BASIS FOR RECOMMENDATION

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The CBD zoning district is intended for an office, commercial, residential, or civic use located in the downtown area. This zoning district is appropriate for this site based on its location within the downtown area.

2. *The rezoning should be consistent with the policies and principles adopted by the City Council or Planning Commission.*

The CBD zoning district is appropriate for this site as it is supported by the Austin Downtown Plan that was adopted by City Council in December, 2011. The subject property is proposed for a zoning change to Central Business District-CBD zoning district (Exhibit C). While there is no specific use or project planned for the subject property at this time, the zoning change to CBD will grant entitlement rights to develop the property in a way that will implement the following district-specific goals:

- 5. Encourage new development that promotes the area as a diverse, livable, and affordable mixed-use district with a distinctly local feel.
- 6. Establish activities along the Creek that contribute to its safety and vitality and to the area's economic revitalization.

The zoning change is also congruent with the Imagine Austin Plan that encourages infill and redevelopment, specifically in those areas classified as a 'Regional Center' on the Imagine Austin's Growth Concept Map.

3. *The proposed zoning should promote consistency and orderly planning.*

The CBD zoning district would be compatible and consistent with the properties that have CBD zoning in neighboring blocks.

EXISTING CONDITIONS

Site Characteristics

The tract is currently developed with a building, parking structure, and surface parking lot. Access is taken from Sabine Street and E 12th Street. Access to the lower level of the parking garage is taken from E 11th Street. The tract has a grade change, sloping down to the south. There are no critical environmental features on the tract and it is not in a floodplain.

Impervious Cover

The tract is located in an Urban Watershed and therefore the zoning district will determine the impervious cover limits. The CBD zoning district allows up to 100% impervious cover.

Comprehensive Planning – Tonya Swartzendruber – 512-974-3462

Downtown Austin Plan - The subject property is located in the Waller Creek District of the Downtown Austin Plan. The subject property has been identified in the plan document as a 'Development Opportunity Area' (pg. 54) and as a property that is proposed for a zoning change to Central Business District-CBD zoning district (pg. 79). While there is no specific use or project planned for the subject property at this time, the zoning change to CBD will grant entitlement rights to develop the property in a way that will help to implement the following district-specific goals:

- 5. Encourage new development that promotes the area as a diverse, livable, and affordable mixed-use district with a distinctly local feel.
- 6. Establish activities along the Creek that contribute to its safety and vitality and to the area's economic revitalization.

Imagine Austin Plan - The subject property is located within the boundaries of a 'Regional Center', as identified in the Imagine Austin's Growth Concept Map, found in the Imagine Austin Plan. A Regional Center is the most urban of the three activity centers outlined in the growth concept map and are intended to be retail, cultural, recreational, and entertainment destinations for Central Texas. These are also the places where the greatest density of people and jobs and the tallest buildings in the region will be located. The densities, buildings heights, and overall character of a center will vary depending on location. Regional centers will range in size between approximately 25,000-45,000 people and 5,000- 25,000 jobs. The following IACP policies are applicable to this case:

- **LUT P3** Promote development in **compact centers**, communities or along corridors that are connected by roads and transit, are designed to encourage walking and bicycling, and reduce healthcare, housing and transportation costs.
- **LUT P7.** Encourage infill and redevelopment opportunities that place residential, work, and retail land uses in proximity to each other to maximize walking, bicycling, and transit opportunities. Based on the information above, Staff believes that the proposed zoning change is supported by both the Downtown Austin Plan and the Imagine Austin Comprehensive Plan.

Site Plan – Cindy Edmond - (512) 974-3437

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Environmental – Mike McDougal - 512-974-6380

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Waller Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Zoning district impervious cover limits apply in the Urban Watershed classification.
3. According to floodplain maps there is no floodplain within or adjacent to the project location.
4. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

5. Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on site control for the two-year storm.

Water Utility – Neil Kepple – 512-972-0077

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, water or wastewater easements, utility relocations and or abandonments required by the proposed land use. Depending on the development plans submitted, water and or wastewater service extension requests may be required. Water and wastewater utility plans must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fees once the landowner makes an application for Austin Water utility tap permits.
