## MEMORANDUM

**TO:** Chair and Members of the Planning Commission

**FROM:** Don E. Perryman, Planner Senior  
Development Services Department

**DATE:** August 17, 2017

**SUBJECT:** C8-2016-0144.0A Fiskville School Addition Resubdivision, Flag Lot variance request

The applicant for the above referenced subdivision application has requested a variance from Section 25-4-175(A)(2) of the Land Development Code to utilize a flag lot design for a resubdivision creating 3 single family residential lots, (including 1 flag lot). In reviewing the variance request, staff evaluated the request based upon the criteria below, (see criteria and staff response):

**(i)has provided accessibility for emergency responders;**

*The applicant has met with Austin Fire Department review staff and AFD staff has determined that the flag lot configuration proposed will not inhibit accessibility for emergency responders.*

**(ii) has adequate room for required utilities**

*The applicant has provided a driveway and utility plan to reviewers for the City of Austin Water and Wastewater review and Austin Energy Departments. The reviewers have determined after review of the utility/driveway plan that there is adequate room to provide utility service to both lots and utilities will not cross the proposed new lot lines.*

**(iii) enhances environmental and tree protection;**

*The applicant has provided a tree survey to arborist staff with the City of Austin and the arborist have no objections or further recommendations.*

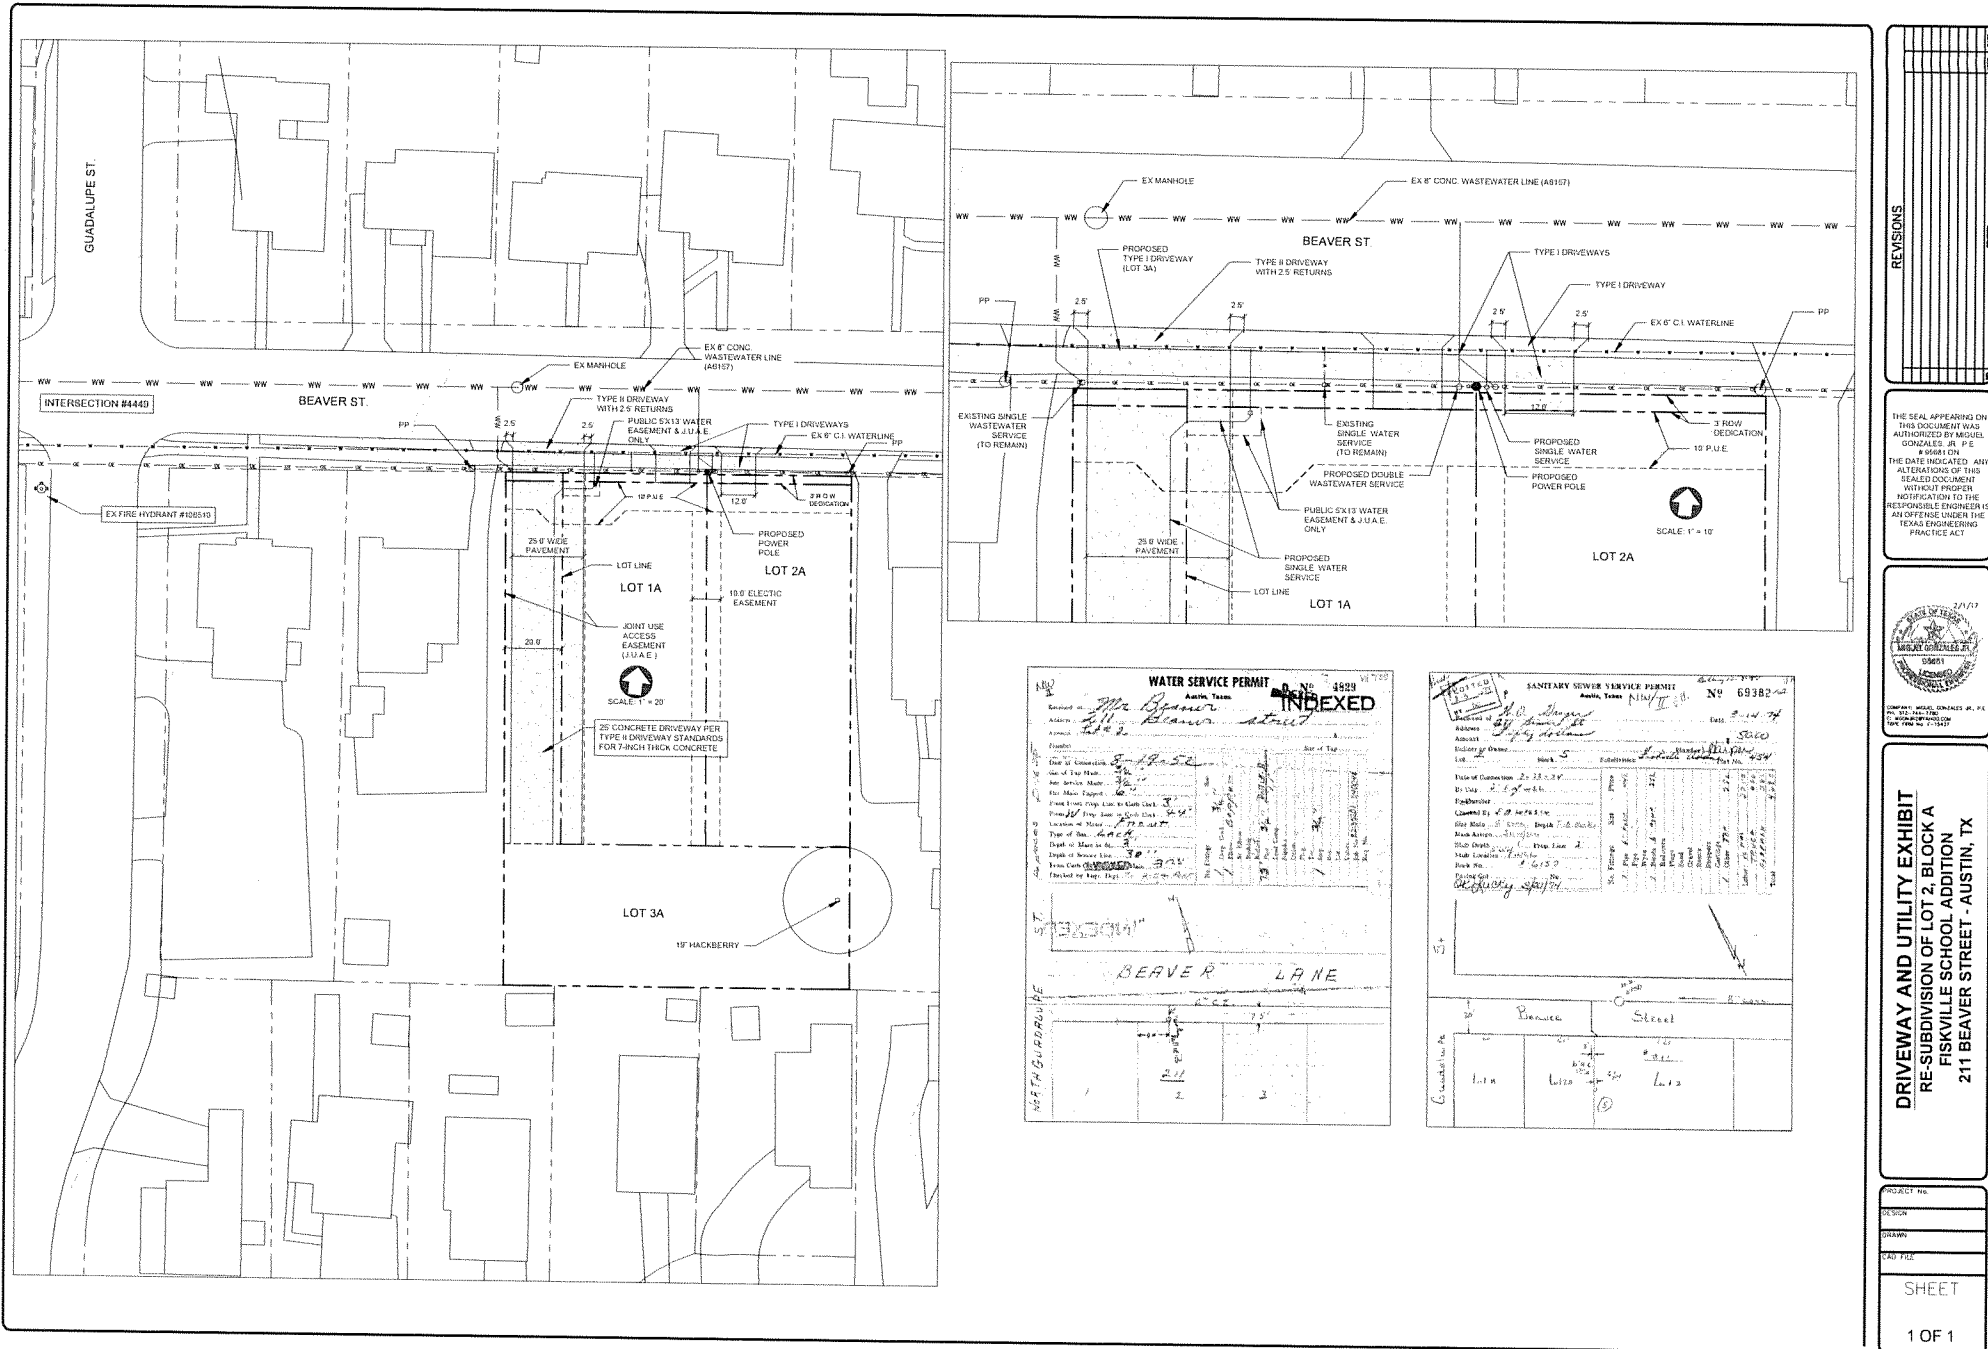

**(iv) is otherwise compatible with the surrounding neighborhood;**

*The entire area is zoned SF-3-NP which is the appropriate zoning for the proposed use. The proposed use, detached single-family residential is compatible with existing neighborhood conditions.*

**(v) the applicant provides a copy of any existing private deed restrictions;**

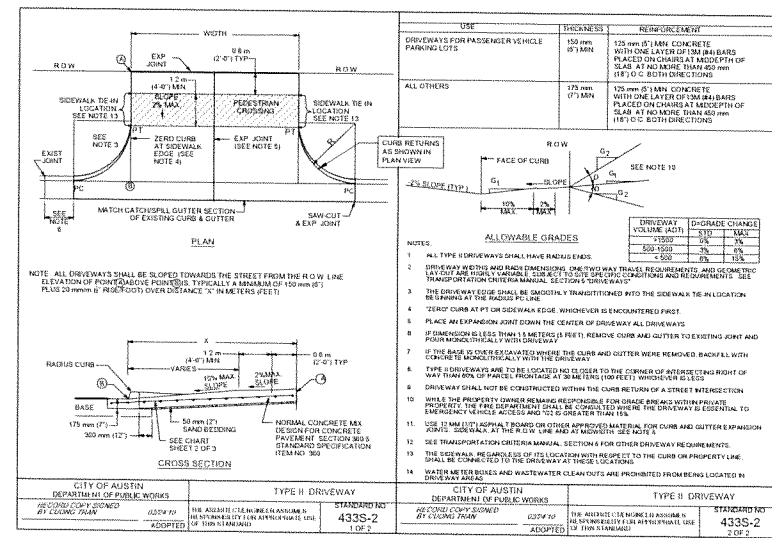

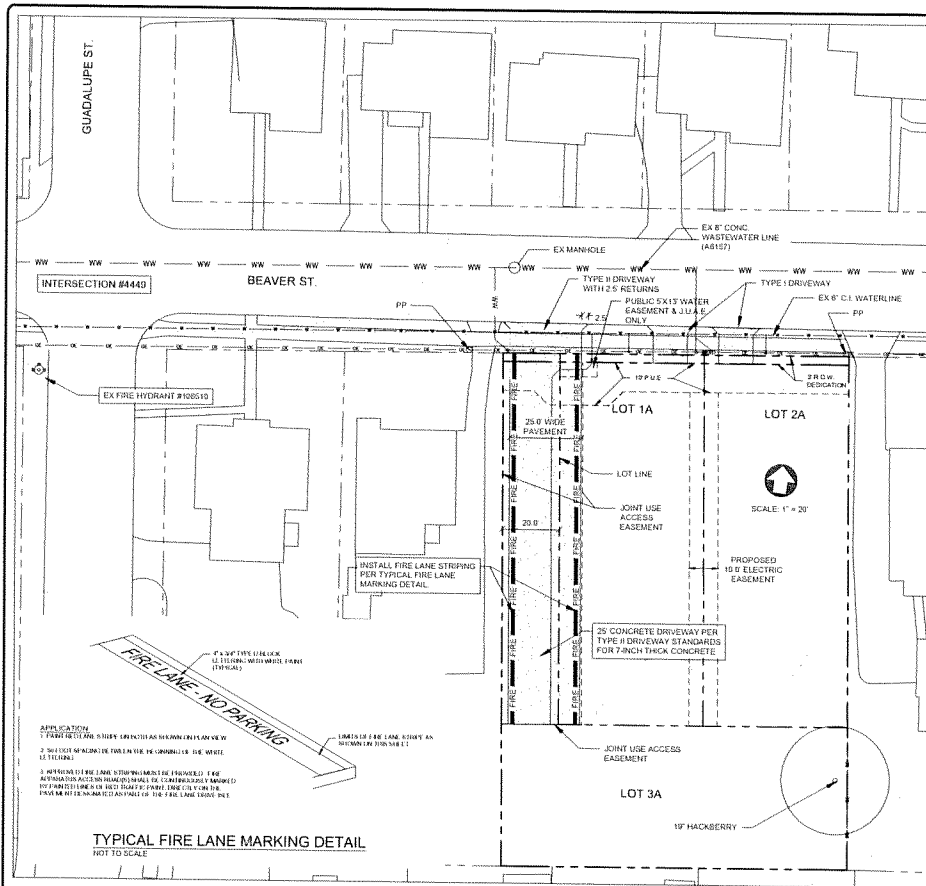

*The applicant has determined that there are no existing private deed restrictions that are applicable to this property.*

Based upon review of these criteria, staff **recommends** the variance request to develop a flag lot as a part of this resubdivision request.

Comments: I AM OPPOSED TO GRANTING A VARIANCE

I'M CONCERNED THAT THIS PROJECT WILL ADVERSELY AFFECT THE CHARACTER OF THE STREET FOR THE LONG TERM AND ADVERSELY AFFECT MY HOME'S VALUE. I SUSPECT THAT THE UNITS WILL BE RENTED BY UNRELATED RENTERS, TOO MANY FOR EACH UNIT, AND THAT WE'LL END UP WITH A PARKING LOT OF PICK UP TRUCKS FACING THE STREET. THANK YOU, N. CRONK

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

Commission is required to approve the subdivision by State law if no variances are required, and if it meets all requirements. A board or commission's decision on a subdivision may only be appealed if it involves an environmental variance. A variance may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision. A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
  - appearing and speaking for the record at the public hearing;
- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
  - is the record owner of property within 500 feet of the subject property or proposed development; or
  - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.
