## Community Services Block Grant Programmatic/Financial Report September 12, 2017

The Community Services Block Grant funds the delivery of services to low income Texas residents in all 254 counties. These funds support a variety of direct services in addition to helping maintain the core administrative elements of community action agencies.

For the City of Austin, the grant provides funding for the delivery of basic needs, case management, preventive health and employment support services through the City's six (6) Neighborhood Centers and the three (3) Outreach Sites.

- Basic Needs (food, clothing, information and referral, notary services, transportation, school supplies, car safety education and car seats, tax preparation, Blue Santa applications, fans, Thanksgiving food baskets and other seasonal activities);
- **Preventive Health** (screenings for blood pressure, blood sugar, and cholesterol; pregnancy testing; health promotion presentations, coordination and participation in health fairs, immunizations, coordination of wellness activities, linkages to medical home providers);
- Case Management (individual/family support counseling, advocacy, self-sufficiency case management, crisis intervention, linkages with employers, educational opportunities and training, and working with individuals on quality of life issues);
- **Employment Support** (intake, assessment and goal setting, job readiness training, job placement assistance, and job retention services)

| Expenditures<br>Categories | 2017 Contract<br>Budget | Cumulative<br>Expenditures as of<br>7/31/17 | % of Total |
|----------------------------|-------------------------|---|------------|
| Personnel                  | \$655,832.00            | \$308,248.73                                | 47%        |
| Fringe Benefits            | \$374,189.00            | \$180,160.11                                | 39%        |
| Contractual                | \$118,171.00            | \$ 30,766.54                                | 26%        |

| ТОР                            | Individuals who transitioned out of poverty | 45 | 23 | 51% |

- 1. <u>2017 CSBG Budget</u> TDHCA notified the City of Austin of its final 2017 allocation. This amount is \$9,990 less than the original proposed allocation. The budget originally approved by the CDC was based on the proposed allocation in the amount of \$1,158,192. Per TDHCA requirements, we must now come back to the CDC to approve the final 2017 budget with the final allocation of \$1,148,202.
- 2. <u>2018 CSBG Budget</u> The President's initial 2018 budget eliminates funding for the Community Services Block Grant. The House Appropriations Committee approved their version of the FY2018 Labor-HHS bill recently. The House bill cut CSBG from \$715 million to \$607.5 million, and the Senate's final mark up of its Labor-HHS bill is underway. CSBG currently supports 16 of the 35 staff positions at the Neighborhood Centers, along with rent and utility assistance and other direct assistance such as bus passes.
- <u>CDC By-laws</u> The CDC's recommended updates were reviewed by the City Council's Audit and Finance Committee on August 22, 2017. An update will be provided at the meeting.
- Blackland Neighborhood Center The Center Manager resigned effective August 18, 2017. The position is being posted. Jill Smith is serving as Acting Manager until the position is filled.
- 5. <u>Hurricane Harvey Response</u> The Crisis Intervention Team and several other Neighborhood Center staff have been involved in working with evacuees from Hurricane Harvey. Neighborhood Center staff, along with colleagues from Neighborhood Housing, HSEM, Travis County HHS, ATCIC, APD Victim Services, Central Health, the Red Cross, Central Texas Volunteers Organized to Assist in Disasters (VOAD) and numerous other partners have been working to provide assistance to evacuees from the Texas coast.

Staff have assisted at 4 different shelters during the response, including Delco, Burger, LBJ and the MET. A multi-agency resource center (MARC) was opened to connect evacuees with agencies such as Social Security, USPS, Vital Records, Workforce Solutions, FEMA and other resources to help them work toward recovery. Currently, we are working with individuals to determine if they can return home safely, relocate with other family and friends, or are able to stay in Austin.
