To vary from 25-8-261(B)(3)(c), limiting a hard surfaced trail located within the CWQZ to 12 feet in width unless a wider trail is designated in the Urban Trails Master Plan adopted by Council, to allow construction of a 14-foot wide multi-purpose trail in the CWQZ to connect with the Capitol Metro transit station and serve as a major pedestrian route between MLK Blvd. and East 12th Street.
DSD Staff Recommendation: Staff determines that the variance request does not meet the findings of fact and has no recommendation.
If the Commission approves the variance, staff recommends the following condition. Applicant will remove approximately 19,520 square feet of asphalt at 2801 E 12th St. The site, which in the Critical Water Quality Zone and 25-year floodplain, is currently used by the Public Works Department for construction staging and spoils. Applicant will restore with native grassland seeding and planting per City of Austin Standard Specification 609S.6, including topsoil and seed bed preparation, temporary irrigation, and weed maintenance.
